(If applicable)

Is any portion of the project or project boundary identified as a Critical Wetland by a Water Management District or included in a Water Management District Strategic Plan or Work Plan?

Yes

☐ Yes

☐ No

Does this project contain more than a de minimis interest from specified foreign principles, as defined in ss. 692.201 and 692.202, F.S.?

(Foreign principals are defined through their connections to statutorily designated foreign countries of concern. Foreign countries of concern are identified specifically as the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity of significant control of such foreign country of concern.)

No

☐ Yes ☐ No

Is there any part of a parcel or an entire parcel that you want excluded from the project boundary? If yes, include an attachment or a map indicating which parts of each parcel to *include* within the project boundary.

☐ Yes ☐ No

Additional Property Information

On separate piece(s) of paper, use the corresponding headings. Please type a response to 1-12 and check the applicable checkboxes:

1. General description of the agricultural activities. Ensure to indicate the primary agricultural operations and uses.
property is used as a cow calf operation
2. List any awards you have received for the agricultural operation in the last 10 years.

3. Description of any outparcels not part of this application.

Note: locate each outparcel on the map provided with the application.

part of the property has an old dairy barn and working facility for the cows . dairy has been shut down for 20 years . In accordance w/ DEP .

4. List of known encumbrances and encroachments, including mortgages and other debt secured by the property, or mineral reservations.

NONE of the above .

5. Agricultural or environmental assistance programs applied for or existing on property Include the following:

- Name of the program (CRP, FLEP, WHIP, WRP, ALE, RCPP, etc.)
- The program sponsor (federal, state, county)
- Type of agreement (easement conveyed, 10 yr., etc.)
- Agreement in place or applied for (if application is in process)

6. A list of all Best Management Practices that the property is enrolled in. Include the date of enrollment.

☐ Check this box if there are no programs existing or applied for on the property.

Yes

☐ I agree to enroll in and implement all applicable BMPs and understand that, if the property is acquired through this program, the property will be monitored for BMP compliance.

7. A general description of Species Habitat, including any plants or animals on the property.

Mostly grass w/ a few bayheads and wetlands .

Property has deer , quail , turkeys , caracara .

Property is bordered on the S and E by S. Fl. Water Management property . is in close proximity to an WRP easement . There is a lot of connectivity with large parcels .

8. A general description of the property's water resource values and benefits, emphasizing any aquifer recharge areas and the property's natural floodplain.

property is an important recharge area . a portion of the property is on a sand ridge that provides great recharge .

9. A general description, if any, of historical resources or structures located within the project.

As stated above there is continuing development in the Indiantown area , an industrial park that was vacant for 15 years has sold out an under development .

All od this will deplete the habitat . this property will expand the Allapatta Flats area that is owned by SFWM .

10. A description of existing or planned development on or near the property that could adversely affect:

- a. The continuation of agricultural activities; or,
- b. Natural resource values (Species Habitat, Aquifer Recharge, or Natural Floodplain).

Martin County has numerous projects occurring that are driving land values to the point that agricultural is losing its relevance. There is a project in Indiantown that will be 2,400 homes.

2025 Update - 2,400 homes in Indiantown and the Property is threatened by development, however, there is no existing or planned development that will adversely effect the continuation of agricultural activities on the property.

11. A description of why you are interested in pursuing a perpetual agricultural protection easement. Explain the benefits you hope to realize by granting the easement, including but not limited to perpetuation of agriculture, protection of natural resource values, and/or income and estate tax benefits.

One son is interested in remaining in beef production the daughter is not. This easement would allow the son to buy the daughter out. Would simplify estate planning. This land has been in the family for 60 years and 4 generations. The continuation is very important to the family.

12. A clear statement of the property rights to be acquired under the easement and those rights to be retained by the property owner.

The land owner expects to give up the development rights, they expect to be able to continue raising cattle or pursuing other agricultural activities.

Supporting Documentation to be Submitted with Application

A paper or digital copy of each of the following supporting documents must be submitted with the application:

1. Vesting deed, or deeds if the property was acquired in multiple transactions.
2. Abstract of title or title insurance policy, **if available.**
3. Boundary survey and environmental site assessment, **if available.**
4. Management or stewardship plan, **if available.**
5. Copies of county tax maps, plat maps, or Florida Department of Transportation county general highway maps, with the boundaries of the project and any outparcels clearly delineated.
6. A legible or electronic copy of the property appraiser's tax identification card(s) with the tax-assessed value and acreage of each parcel, description and approximate value of improvements, ad valorem taxes assessed, and the names and addresses of each owner identified.

Answer the Following Questions by Circling the Most Appropriate Answer or Checking the Appropriate Box.

(These questions will not be used for the ranking process but will provide beneficial information for the site visit.)

1. Do you view your livestock herd management practices to be:

Excellent

2. For livestock, what is the general condition of the herd?

Adequate

3. What is the general plant vigor or health of crops/stands for timber, plant nurseries, and produce?

Adequate

4. How closely does this operation follow a Management or Stewardship Plan?

Very Closely Followed

5. Severity of current problems with pests or pathogens?

None

6. Do you use prescribed fire as a land management tool?

Little Use

7. How intensely do you control invasive animal species (feral hogs) on your property?

Frequently (Multiple Control Methods)

8. How intensively are invasive plant species (cogon grass, smutgrass, climbing fern, etc.) controlled on your property?

Frequently (Multiple Control Methods)

9. How would you characterize the severity of soil erosion (gullies, washouts, rills, etc.) for all operations?

Moderate

10. Applicable Constraints and Threats to this Operation:

(Check all applicable Threats and Constraints)

Encroachment of Development; Market Fluctuations; Labor Cost and Availability; Surrounding Land Values

☐	Encroachment of Development	☐	Market Fluctuations	☐	Materials and Equipment Limitations	☐	Labor Cost and Availability	☐	Pests and Pathogens	☐	Extreme Weather
		☐	Financial Constraints	☐	Surrounding Land Values	☐	Disinterest from Younger Generation	☐	Market for Products		

11. Does the project contain any evident effects of natural disasters?

No

☐ Yes ☐ No

12. Are there non-family hunting or fishing leases on the property identified in this application?

No

☐ Yes ☐ No

OPTION AGREEMENT FOR SALE AND PURCHASE

THIS OPTION AGREEMENT FOR SALE AND PURCHASE ("Agreement") is made this ____ day of _____, 202__, between TURNPIKE DAIRY, INC., a Florida corporation, whose address is 3250 SW Boatramp Avenue, Palm City, Florida 34990 as ("Seller") and the BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND OF THE STATE OF FLORIDA, whose address is Florida Department of Agriculture and Consumer Services ("FDACS"), Rural and Family Lands Protection Program, 315 South Calhoun Street, Suite 500, Tallahassee, Florida 32301-1843, as "Buyer". Buyer's agent in all matters shall be the Rural and Family Lands Protection Program.

1. GRANT OF OPTION. Seller hereby grants to Buyer the exclusive option to purchase a perpetual conservation easement (the "Easement") in the entirety of the real property located in Martin County, Florida, described in Exhibit "A" (the "Property"), in accordance with the provisions of this Agreement. This Agreement becomes legally binding on execution of this Agreement, but exercise of the option is subject to approval by Buyer and is effective only if FDACS gives written notice of exercise to Seller.

2. OPTION TERMS. The consideration for the option granted by this Agreement is \$100.00 ("Option Payment"). Upon execution of this Agreement by FDACS, FDACS will apply to the Chief Financial Officer for a state warrant in the amount of the Option Payment, which will be forwarded to the escrow agent to hold for the benefit of Seller. The Option Payment is non-refundable such that Seller shall be entitled to retain the Option Payment regardless of whether Buyer exercises the Option; provided, however, the Option Payment shall be credited toward the purchase price at closing if Buyer timely exercises the option as discussed below. The option may be exercised during the period beginning with Buyer's written notice of approval of this Agreement and ending 120 days after Buyer's approval of this Agreement ("Option Expiration Date"), unless extended by written agreement or other provisions of this Agreement. If Buyer's funds in the amount of the purchase price (as hereinafter defined in paragraph 3.A.) are not available by the Option Expiration Date the period of exercise of the option may be extended until such funds become available, not to exceed 60 days after the Option Expiration Date, by written notice to Seller. If Buyer's funds are not available at the end of the extension, then this Agreement shall terminate and neither party shall have further obligations under the provisions of this Agreement. If Buyer does not exercise its option by the Option Expiration Date, as extended if applicable, then the escrow agent is directed to release and disburse the Option Payment to Seller the following day. If Buyer does timely exercise its option, then escrow agent shall credit the Option Payment toward the purchase price paid by Buyer at closing.

3.A. PURCHASE PRICE. The purchase price for the Easement is SEVEN MILLION FOUR HUNDRED EIGHTY THOUSAND AND 00/100 DOLLARS (\$7,480,000.00) ("Initial Purchase Price") which, after credit for the Option Payment, will be paid at closing. Seller hereby authorizes Buyer to issue a state warrant for the Purchase Price directly to an escrow agent who is authorized by law to receive such payment, and who is acceptable to Buyer, and to require the escrow agent to pay Seller's expenses of sale and real estate taxes. The Initial Purchase Price is subject to adjustment in accordance with paragraph 3.B. This Agreement is contingent upon approval of the Final Adjusted Purchase Price, hereinafter defined, by Buyer and upon confirmation that the Final Adjusted Purchase Price is not in excess of the maximum value of the Easement as determined in accordance with Sections 570.71-715, Florida Statutes, and Rule 5I-7.009, Florida Administrative Code, ("FDACS Approved Value"). The determination of the FDACS Approved Value and the Final Adjusted Purchase Price can only be made after the completion and FDACS approval of the survey required in paragraph 6.

3.B. ADJUSTMENT OF PURCHASE PRICE. If, prior to closing, FDACS determines that the Initial Purchase Price exceeds the FDACS Approved Value of the Easement, the Initial Purchase Price will be reduced to the FDACS Approved Value of the Easement (herein the "Final Adjusted Purchase Price"). If the Final Adjusted Purchase Price is less than 97% of the Initial Purchase Price because of the adjustment provided for in this paragraph, Seller shall, in Seller's sole discretion, have the right to terminate this Agreement and neither party shall have any further obligations under this Agreement. If Seller elects to terminate this Agreement, Seller shall provide written notice to FDACS of Seller's election to terminate this Agreement within 10 days after Seller's receipt of written notice from FDACS of the Final Adjusted Purchase Price. If Seller fails to give Buyer a written notice of termination within the aforesaid time period from receipt of FDACS written notice, then Seller shall be deemed to have waived any right to terminate this Agreement based upon a reduction in the Initial Purchase Price pursuant to the provisions of this paragraph 3.B. The Final Adjusted Purchase Price as calculated in this paragraph 3.B. is subject to further adjustment in accordance with

the provisions of this Agreement. The Initial Purchase Price and the Final Adjusted Purchase Price, whichever is applicable depending on whether or not an adjustment has occurred under the provisions of this paragraph 3.B., are hereinafter referred to as the "Purchase Price".

4. ENVIRONMENTAL SITE ASSESSMENT. Buyer, prior to the exercise of the option and at its sole cost and expense, may conduct an environmental site assessment of the Property to determine the existence and extent, if any, of any Hazardous Materials on the Property. If further investigations, testing, monitoring or environmental site assessments are required by FDACS to determine the existence or extent of Hazardous Materials on the Property, Buyer, at its sole option may elect to extend the Option Expiration Date to conduct such procedures at the Buyer's sole cost and expense. For purposes of this Agreement "Hazardous Materials" shall mean any hazardous or toxic substance, material or waste of any kind or any other substance which is regulated by any Environmental Law (as hereinafter defined in paragraph 5.)

5. HAZARDOUS MATERIALS. If the environmental site assessment provided for in paragraph 4 confirms the presence of Hazardous Materials on the Property, Buyer, at its sole option, may elect to terminate this Agreement and neither party shall have any further obligations under this Agreement. Should Buyer elect not to terminate this Agreement, Seller shall, at Seller's sole cost and expense and prior to the exercise of the option and closing, promptly commence and diligently pursue any assessment, clean up and monitoring of the Property necessary to bring the Property into full compliance with Environmental Law to FDACS' satisfaction in its sole discretion. "Environmental Law" shall mean all federal, state and local laws, including statutes, regulations, ordinances, codes, rules, judgments, orders, decrees, permits, concessions, grants, franchises, licenses, agreements and other governmental restrictions relating to the protection of the environment or human health, welfare or safety, or to the emission, discharge, seepage, release or threatened release of any contaminant, solid waste, hazardous waste, pollutant, irritant, petroleum product, waste product, radioactive material, flammable or corrosive substance, carcinogen, explosive, polychlorinated biphenyl, asbestos, hazardous or toxic substance, material or waste of any kind into the environment, including, without limitation, ambient air, surface water, ground water, or land including, but not limited to, the Federal Solid Waste Disposal Act, the Federal Clean Air Act, the Federal Clean Water Act, the Federal Resource and Conservation and Recovery Act of 1976, the Hazardous and Solid Waste Amendments of 1984, the Federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, the Federal Superfund Amendments and Reauthorization Act of 1986, Chapters 161, 253, 373, 376 and 403, Florida Statutes, Rules of the U.S. Environmental Protection Agency, Rules of the Florida Department of Environmental Protection, and the rules of the Florida water management districts now or at any time hereafter in effect. However, should the estimated cost to Seller of clean up of Hazardous Materials exceed a sum which is equal to 3% of the Initial Purchase Price as stated in paragraph 3.A. Seller may elect to terminate this Agreement and neither party shall have any further obligations under this Agreement. If Hazardous Materials on the Property prior to closing are discovered after closing, Seller shall remain obligated hereunder, with such obligation to survive the closing, delivery, and recording of the Easement described in paragraph 9 of this Agreement, to diligently pursue and accomplish the cleanup of Hazardous Materials in a manner consistent herein and with all applicable Environmental Laws to FDACS' satisfaction in its sole discretion, and at Seller's sole cost and expense.

Further, if neither party elects to terminate this Agreement as provided above, Seller shall indemnify and save harmless and defend Buyer, its officers, servants, agents, and employees from and against any and all claims, suits, actions, damages, liabilities, expenditures or causes of action of whatsoever kind arising from Hazardous Materials on the Property prior to closing. Seller shall defend, at Seller's sole cost and expense, any legal action, claim or proceeding instituted by any person against Buyer as a result of any claim, suit, or cause of action for injuries to body, life, limb or property for which Hazardous Materials on the Property are alleged to be a contributing legal cause. Seller shall save Buyer harmless from and against all judgments, orders, decrees, attorney's fees, costs, expenses, and liabilities in and about any such claim, suit, investigation, or defense thereof, which may be entered, incurred or assessed as a result of the foregoing.

The limitation herein on Seller's contractual obligation to indemnify Buyer as specified in this paragraph 5 shall not be construed to limit Seller's legal liability under any Environmental Law for Hazardous Materials located on the Property or to limit Buyer's legal and equitable remedies against Seller under any Environmental Law for Hazardous Materials located on the Property.

6. SURVEY. Buyer may have the Property surveyed at its expense. If the survey ("Survey"), certified by a professional surveyor and mapper licensed by the State of Florida, shows any reduction in acreage from the appraised acreage to the surveyed acreage, any encroachment on the Property or that improvements intended to be located on the Property encroach on the land of others, the same shall be treated as a title defect.

7. TITLE INSURANCE. Buyer may provide a marketable title insurance commitment, to be followed by an owner's marketable title insurance policy (ALTA Form "B" with Florida revisions) from a title insurance company approved by FDACS, insuring marketable title to the Easement in the amount of the Purchase Price at Buyer's expense.

8. DEFECTS IN TITLE. If the title insurance commitment or Survey furnished pursuant to this Agreement discloses any defects in title which are not acceptable to Buyer, Seller shall, within 90 days after notice from Buyer, remove said defects in title. Seller agrees to use diligent effort to correct the defects in title within the time provided therefor, including the bringing of necessary suits. Defects arising from liens against the Property shall be satisfied at closing from Seller's proceeds. If Seller is unsuccessful in removing the title defects within said time, Buyer shall have the option to either: (a) accept the title as it then is with a reduction in the Purchase Price by a mutually agreed upon amount, (b) accept the title as it then is with no reduction in the Purchase Price, (c) extend the amount of time Seller has to remove the defects in title, (d) cut out the affected portion of the Property and reduce the Purchase Price by an amount equal to the product of the Purchase Price per acre for the acres being cut out, multiplied by the acreage cut out, or (e) terminate this Agreement, thereupon releasing Buyer and Seller from all further obligations under this Agreement. If Seller fails to make a diligent effort to remove the title defects, Seller shall be in default and the provisions of paragraph 18 of this Agreement shall apply.

9. INTEREST CONVEYED. At closing, Seller shall execute and deliver to Buyer a perpetual, enforceable conservation easement in substantially the same form as attached hereto as Exhibit "B," free and clear of all liens, reservations, restrictions, easements, leases, tenancies and other encumbrances, except for those that are acceptable encumbrances in the sole discretion of Buyer and do not impair the marketability of the title to the Easement.

9.1 SUBORDINATION. If at the time of conveyance of the Easement, the Property is subject to a mortgage or other liens and encumbrances not accepted by Buyer and Seller elects to subordinate such encumbrances rather than satisfy them at closing, Seller shall obtain the agreement of the holder of such encumbrances, by separate instrument that will be recorded immediately after the Easement, to subordinate its rights in the Property to the Easement to the extent necessary to permit the Buyer to enforce the purpose of the Easement in perpetuity and to prevent any modification or extinguishment of the Easement by the exercise of any superior rights of the holder. The priority of any existing mortgage with respect to any valid claim on the part of the mortgage holder to the proceeds of any sale, condemnation proceedings, or insurance or to the leases, rents, and profits of the Property shall not be affected by the Easement, and any lien that may be created by Buyer's exercise of any of its rights under this Agreement or by Buyer's rights under the provisions of the Easement shall be junior to any such existing mortgage. Upon request, Buyer agrees to subordinate its rights under this Agreement and the Easement to the rights of any future mortgage holders or beneficiaries of deeds of trust to the proceeds, leases, rents, and profits described above and likewise to subordinate its rights under any lien and to execute any documents required with respect to such subordination, except that the priority of any lien created by Buyer's exercise of any of its rights under this Agreement or Buyer's rights under the provisions of the Easement prior to the creation of a mortgage or deed of trust shall not be affected thereby, nor shall this Agreement or the Easement be subordinated in any other respect.

10. PREPARATION OF CLOSING DOCUMENTS. Upon execution of this Agreement, Seller shall submit to Buyer a properly completed and executed beneficial interest affidavit and disclosure statement as required by Sections 286.23 and 380.08(2), Florida Statutes. Buyer shall prepare the easement described in paragraph 9 of this Agreement, Buyer's and Seller's closing statements and the title, possession and lien affidavit certified to Buyer and title insurer and an environmental affidavit on FDACS forms provided by FDACS.

10.1 BASELINE DOCUMENTATION. Buyer shall prepare baseline documentation adequately documenting the condition of the Property, which Baseline shall be signed by Seller at or prior to the date of closing. The cost of the baseline documentation shall be borne by Buyer. If the form of conservation easement provides for use of a management plan, the management plan shall be prepared as a part of the baseline documentation and the cost therefore absorbed in the same manner the cost of the baseline documentation is absorbed.

11. FDACS REVIEW FOR CLOSING. FDACS will approve or reject each item required for closing under this Agreement. If FDACS rejects an item for closing which was submitted by the Seller, Seller will have 30 days thereafter to remove and resubmit any rejected item. If Seller fails to timely deliver any items required of Seller, or FDACS rejects any item after delivery, the Option Expiration Date shall be extended until FDACS approves Seller's documents or until Buyer elects to terminate the Agreement.

12. EXPENSES. Seller will pay the documentary revenue stamp tax and all other taxes or costs associated with the conveyance, including the cost of recording the Easement described in paragraph 9. of this Agreement and any other recordable instruments that FDACS deems necessary to assure good and marketable title to the Easement.

13. TAXES AND ASSESSMENTS. Seller shall be responsible for paying all real estate taxes and assessments applicable to the Property that are legally due and payable.

14. CLOSING PLACE AND DATE. The closing shall be on or before 15 days after Buyer exercises the option; provided, however, that if a defect exists in the title to the Property, title commitment, Survey, environmental site assessment, or any documents required to be provided or completed and executed, the closing shall occur either on the original closing date or within 60 days after receipt of documentation removing the defects, whichever is later. Buyer shall set the date, time and place of closing.

15. RISK OF LOSS AND CONDITION OF PROPERTY. Seller assumes all risk of loss or damage to the Property and warrants that the conservation easement shall be transferred and conveyed to Buyer with the Property in the same or essentially the same condition as of the date of Seller's execution of this Agreement, ordinary wear and tear excepted. If the condition of the Property is altered, by an act of God or other natural force beyond the control of Seller, however, Buyer may elect, at its sole option, to terminate this Agreement and neither party shall have any further obligations under this Agreement. Seller represents and warrants that there are no parties other than Seller in occupancy or possession of any part of the Property. Seller warrants that there are no facts known to Seller materially affecting the value of the conservation easement or the Property that are not readily observable by Buyer or which have not been disclosed to Buyer.

Seller agrees to clean up and remove all abandoned personal property, refuse, garbage, junk, rubbish, trash, and debris (hereafter, "trash and debris") from the Property to the satisfaction of FDACS prior to the exercise of the option by Buyer. If the Seller does not remove all trash and debris from the Property prior to closing, Buyer at its sole option, may elect to: (a) deduct the expense necessary to remove trash and debris from the Seller's proceeds of sale up to but not to exceed 3% of the Initial Purchase Price and proceed to close, with the Buyer incurring any additional expenses necessary to remove all trash and debris and clean up the Property subsequent to closing, (b) extend the amount of time the Seller has to remove all trash and debris from the Property, (c) terminate this Agreement, and neither party shall have any further obligations under the Agreement.

16. RIGHT TO ENTER PROPERTY. Seller agrees that from the date this Agreement is executed by Seller through Closing, Buyer, and its agents, upon reasonable notice, shall have the right to enter the Property for all lawful purposes in connection with this Agreement.

17. ACCESS. Seller warrants that there is legal and practical ingress and egress for the Property over public roads or valid, recorded easements for the use and benefit of and as an appurtenance to the Property.

18. DEFAULT. If Seller defaults under this Agreement, Buyer may waive the default and proceed to closing, seek specific performance, or refuse to close and elect to receive the return of any money paid, each without waiving any action for damages, or any other remedy permitted by law or in equity resulting from Seller's default.

19. BROKERS. Seller warrants that no persons, firms, corporations or other entities are entitled to a real estate commission or other fees as a result of this Agreement or subsequent closing, except as accurately disclosed on the disclosure statement required in paragraph 10. Seller shall indemnify and hold Buyer harmless from any and all such claims, whether disclosed or undisclosed.

20. RECORDING. Buyer may record this Agreement, or notice of it, in the appropriate county or counties.

21. ASSIGNMENT. This Agreement may be assigned by Buyer, in which event Buyer will provide written notice of assignment to Seller. Seller may not assign this Agreement without the prior written consent of Buyer.

22. TIME. Time is of essence with regard to all dates or times set forth in this Agreement.

23. SEVERABILITY. If any of the provisions of this Agreement are deemed to be unenforceable and the unenforceability of said provisions does not adversely affect the purpose and intent of this Agreement, in Buyer's sole discretion, the enforceability of the remaining provisions of this Agreement shall not be affected.

24. SUCCESSORS IN INTEREST. This Agreement shall bind and inure to the benefit of Seller and Buyer and their respective heirs, legal representatives, and successors. Whenever used, the singular shall include the plural and one gender shall include all genders.

25. ENTIRE AGREEMENT. This Agreement contains the entire agreement between the parties pertaining to the subject matter contained in it and supersedes all prior and contemporaneous agreements, representations, and understandings of the parties. No supplement, modification or amendment to this Agreement shall be binding unless executed in writing by the parties. Notwithstanding the foregoing, the parties acknowledge that the legal description contained in Exhibit "A" was prepared based upon historic chain of title information, without the benefit of a current survey of the Property. The parties agree that if, in the opinion of FDACS, it becomes necessary to amend the legal description of the Property to correct errors, to more properly describe the Property, to cut out portions of the Property affected by title defects unacceptable to Buyer or which cannot be timely cured by the Seller, or to otherwise revise the legal description of the Property, the legal description to be used in the Survey (if any) and in the closing instruments required by this Agreement shall be revised by or at the direction of FDACS, and shall be subject to the final approval of FDACS. Anything to the contrary hereinabove notwithstanding, such a revision of the legal description of the Property shall not require a written amendment to this Agreement. In such event, the Seller's execution and delivery of the closing instruments containing the revised legal description and the Buyer's acceptance of said instruments and of the final Survey (if any) containing the revised legal description shall constitute a full and complete ratification and acceptance of the revised legal description of the Property by the parties.

26. WAIVER. Failure of Buyer to insist upon strict performance of any covenant or condition of this Agreement, or to exercise any right herein contained, shall not be construed as a waiver or relinquishment for the future of any such covenant, condition or right; but the same shall remain in full force and effect.

27. COUNTERPARTS. This Agreement may be executed in one or more counterparts, but all such counterparts, when duly executed, shall constitute one and the same Agreement.

28. ADDENDUM. Any addendum attached hereto that is signed by the parties shall be deemed a part of this Agreement.

29. NOTICE. Whenever either party desires or is required to give notice unto the other, it must be given by written notice, and either delivered personally, transmitted via facsimile transmission or email, mailed postage prepaid, or sent by overnight courier to the following address:

For Seller:
Turnpike Dairy
C/O John L. Legg, President
3250 SW Boatramp Road
Palm City, Florida 34990

For Buyer:
FDACS – Rural and Family Lands Protection Program
315 South Calhoun Street, Suite 500
Tallahassee, Florida 32301-1843
Attn: Director

30. CERTIFICATION REGARDING TERRORISM. Seller hereby certifies that to the best of Seller's knowledge, after making all appropriate inquiries, Seller is in compliance with, and shall use all funds derived from the sale of the Easement in compliance with all applicable anti-terrorism laws, regulations, rules and executive orders, including but not limited to, the USA Patriot Act of 2001, 18 U.S.C. sections 2339A-C, and U.S. Presidential Executive Orders 12947 and 13224.

31. SURVIVAL. The covenants, warranties, representations, indemnities, and undertakings of Seller set forth in this Agreement shall survive the closing, the delivery and recording of the Easement described in paragraph 9 of this Agreement.

32. LIKE-KIND EXCHANGE. Seller may desire to effectuate a like-kind exchange ("Exchange") under Section 1031 of the Internal Revenue Code in connection with this sale of the Easement. Buyer agrees to use reasonable efforts to accommodate Seller in effectuating an Exchange, subject to each of the following provisions: (1) the Exchange does not directly or indirectly increase the Final Adjusted Purchase Price; (2) the Exchange will not delay or otherwise

adversely affect the closing; (3) there is no loss, cost, damage, tax, expense, or adverse consequence incurred by Buyer resulting from, or in connection with, the Exchange; (4) all documents to be executed by Buyer in connection with the Exchange must be subject to the approval of Buyer, which approval must not be unreasonably withheld provided that Seller has otherwise fully complied with the terms of this paragraph, and must expressly state, without qualification, "Buyer is acting solely as an accommodating party to the Exchange, Buyer will have no liability with respect to it, and is making no representation or warranty that the transactions qualify as a tax-free exchange under Section 1031 of the Internal Revenue Code, or any applicable state or local laws"; and (5) other than with respect to the Easement or the Property, in no event must Buyer be obligated to acquire any property or otherwise be obligated to take title, or appear in the records of title, to any property in connection with the Exchange. Seller shall indemnify and hold harmless Buyer from and against all claims, losses, costs, damages, taxes, and expenses incurred after the date of this Agreement in connection with the Exchange or Buyer's cooperation with Seller to effectuate the Exchange. Seller acknowledges that Buyer has made no representations or warranties concerning the tax consequences or effect of the Exchange.

IF THIS AGREEMENT IS NOT EXECUTED BY THE SELLER, ON OR BEFORE JULY 31, 2026, BUYER SHALL BE UNDER NO OBLIGATION TO ACCEPT THIS AGREEMENT. THE EXERCISE OF THE OPTION PROVIDED FOR HEREIN IS SUBJECT TO: (1) CONFIRMATION THAT THE PURCHASE PRICE IS NOT IN EXCESS OF THE FDACS APPROVED VALUE OF THE EASEMENT, AND (2) FDACS APPROVAL OF ALL DOCUMENTS TO BE FURNISHED HEREUNDER. THE STATE OF FLORIDA'S PERFORMANCE AND OBLIGATION TO PAY THE FINAL PURCHASE PRICE UNDER THIS AGREEMENT IS SUBJECT TO AN APPROPRIATION BY THE LEGISLATURE AND APPROVAL BY THE BOARD OF TRUSTEES. THE FINAL PURCHASE PRICE MAY NOT EXCEED THE MAXIMUM OFFER AUTHORIZED BY LAW.

THIS IS INTENDED TO BE A LEGALLY BINDING AGREEMENT WHEN DULY EXECUTED. IF NOT FULLY UNDERSTOOD, SEEK THE ADVICE OF AN ATTORNEY PRIOR TO SIGNING.

LEGAL DESCRIPTION

The Land is described as follows:

Parcel 1:

A parcel of land lying in the East one-half of Section 19, Township 38 South, Range 38 East, Martin County, Florida. Said parcel being more particularly described as follows: Commence at the Northeast Corner of said Section 19; Thence South 00°10'53" East, along the East line of Said Section 19, a distance of 100.00 feet to a Point in the South Right-of-Way line of State Road 714 (Being a 200-foot wide Right of-Way) as shown on the State of Florida State Road Department Right-of-Way Map Section 89090-2501 Dated January 1, 1958, Said point also being the Point of Beginning of the following described parcel; Thence departing said South Right-of-Way line, Continue South 00°10'53" East, along said East line of said Section 19, a distance of 2505.95 feet to the one-quarter corner of said Section 19; Thence South 00°10'14" East, along the East line of said Section 19, a distance of 2605.89 feet to the Southeast corner of said Section 19; Thence South 89°12'19" West, along the South line of said Section 19, a distance of 175.60 feet; Thence departing said South line of said Section 19 and along the Westerly line of Temporary Work Space 1(TWS1), as shown on the Specific Purpose Survey and Descriptive Sketch of Easement by John Lee Stillwell, Project number W.O. 21039, dated 12/2013, North 00°19'07" West, a distance of 61.58 feet; North 27°06'35" East, departing said Westerly line of TWS1, a distance of 162.79 feet; Thence North 00°19'07" West, along portions of TWS1, a distance of 2281.37 feet; Thence North 19°39'26" West, departing said westerly line of TWS1, a distance of 732.98 feet; Thence North 05°45'48" West, along portions of said TWS1, a distance of 670.42 feet; Thence North 13°14'46" West, along portions of said TWS1, a distance of 743.52 feet; Thence North 00°23'02" East, along portions of said TWS1, a distance of 544.68 feet to the South Right of-Way line of said State Road 714; Thence North 89°55'39" East, along said South Right-of-Way line a distance of 579.35 feet to the Point of Beginning. Being the lessed parcel as described in Official Records Book 2742, Page 2975, of the Public Records of Martin County, Florida.

Parcel 2:

That portion of the N ½ of Section 20, Township 38 South, Range 38 East, lying Westerly of the right-of-way of Fox Brown Road as described in Official Records Book 1506, Page 2240, less and except the North 100 feet for right-of-way of Martin Highway.

Parcel 3:

The South 1/2 of Section 20, Township 38 South, Range 38 East, Martin County, Florida, less and except: That portion conveyed in Official Records Book 3030, Page 3, of the Public Records of Martin County, Florida, described as follows:

A parcel of land lying in Section 20, Township 38 South, Range 38 East, Martin County, Florida. Being more particularly described as follows; Commence at the Southeast corner of said Section 20, Thence along the East line of said Section 20 North 00°33'01" West, a distance of 1017.56 feet to the Point of Beginning; Thence departing said East line, South 77°03'19" West, a distance of 826.46 feet; Thence North 04°54'40" East, a distance of 1498.73 feet to a point of intersection with the South line of Fox brown Road, 110 feet wide Right-of Way recorded in Official Records Book 1506, Page 2240, in the Public Records of Martin County, Florida; Thence along the said South line South 55°32'39" East, a distance of 811.34 feet to a point of intersection with said South line and the East line of aforementioned Section 20; Thence along the said East line South 00°33'01" East, a distance of 849.09 feet to the Point of Beginning.

AND LESS the approximately 20-acre cutout depicted on the attached map.

DEED OF RURAL LANDS PROTECTION EASEMENT

THIS DEED OF RURAL LANDS PROTECTION EASEMENT is made this ____ day of _____ 2026, by TURNPIKE DAIRY, INC., a Florida corporation, whose address is 3250 SW Boatramp Avenue, Palm City, Florida 34990, ("Grantor"), in favor of the BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND OF THE STATE OF FLORIDA, whose address is Florida Department of Agriculture and Consumer Services, Rural and Family Lands Protection Program, 315 South Calhoun Street, Suite 500, Tallahassee, Florida 32301-1843 ("State Grantee") and MARTIN COUNTY BOARD OF COUNTY COMMISSIONERS, a political subdivision of state of Florida, whose address is 2401 SE Monterey Road, Stuart, Florida 34996, ("County Grantee"). State Grantee and County Grantee collectively shall be "Grantees."

The terms "Grantor" and "Grantee" shall include the singular and the plural, and the heirs, successors and assigns of Grantor and Grantee, and the provisions of this Easement shall be binding upon and inure to the benefit of Grantor, Grantee and their heirs, successors, and assigns.

NOTICES

All notices required to be given pursuant to this Deed of Rural Lands Protection Easement shall be sent to the parties at the following addresses.

Grantor's Address: Turnpike Dairy, Inc., John L. Legg, 3250 SW Boatramp Road, Palm City, Florida 34990

State Grantee's Address: Florida Department of Agriculture and Consumer Services, 315 South Calhoun Street, Suite 500, Tallahassee, Florida 32301-1843.
Attention: Program Director, Rural and Family Lands Protection Program.

County Grantee's Address: Martin County, 2401 SE Monterey Road, Stuart, Florida 34996.

RECITALS

A. Grantor is the sole owner in fee simple of certain real property described in Exhibit “A” attached hereto ("Property"), which is the subject of the terms of this Deed of Rural Lands Protection Easement (“Easement”).

B. This Easement is acquired under the Rural and Family Lands Protection Program administered by the Florida Department of Agriculture and Consumer Services (“FDACS”). The goal of this program is to protect the integrity, economic viability, and function of working landscapes, ensure opportunities for sustainable agricultural activities on working lands, and to promote the conservation, restoration, and enhancement of species habitat and natural areas consistent with sustainable agricultural activities and the purposes for which this Easement is acquired.

C. The fact that any use of the Property that is expressly prohibited by the terms of this Easement may become greatly more economically valuable than uses allowed by the terms of this Easement, or that neighboring properties may, in the future, be put entirely to uses that are not allowed by this Easement has been considered by Grantor in granting this Easement and by Grantees in accepting it.

D. Grantor and the Grantees mutually recognize the special character of the Property as a working landscape that has traditionally been used for agriculture, as that term is defined in Section 570.02(1), Florida Statutes, and have the common purpose of conserving certain values and character of the Property by conveyance to the Grantees of a perpetual Easement on, under, over, and across the Property, to conserve the character of the Property, continue certain land use patterns that are consistent with the purposes of this Easement, and prohibit certain further development activities on the Property.

E. The existing agricultural uses and ecological values of the Property are documented in the Baseline Documentation Report (“BDR”) for the Property signed by Grantor and State Grantee and dated _____. The BDR consists of reports, maps, photographs, and other documentation that the parties agree provide, collectively, an accurate representation of the Property at the time of this Easement and which is intended to serve as an objective information baseline for monitoring compliance with the terms of this Easement. The BDR is maintained in the offices of the FDACS and is incorporated in this Easement by this reference. A copy of the BDR is available from the FDACS upon request.

F. Significant Natural Area (“SNA”). There are certain agricultural lands with important species habitat or water resources occurring within the boundaries of the Property, more particularly identified as SNA(s) in the BDR. An SNA is defined as a particularly outstanding or sensitive area that the parties agree are desirous of protection due to the presence of the following: 1) high-quality terrestrial or aquatic habitats, which possess significant biodiversity, high-quality resources, intact community organization, or other ecologically significant qualities; 2) habitats for rare species of plants or animals; or 3) significant geological features or historic sites. Designation of an SNA accords an extra level of protection, ensuring that the natural or cultural features within the SNA will continue to be managed appropriately and, in a manner, ensuring the continued protection of the resources. While the designation of these areas as SNAs in the BDR is intended to set them aside for conservation, management activities in an SNA may include activities commensurate with the management of conservation lands to include such activities as prescribed burning, removal of invasive species and native species restoration, and maintenance of existing agricultural structures, primarily roads, fences, drainage improvements, and boundary signs. In addition, Grantor may continue livestock grazing in an SNA, as long as Grantor’s management of such grazing activity protects the quality and integrity of the SNA. Other activities that may be undertaken in SNAs are scientific research, environmental education, and activities related to ecosystem services market programs, at Grantor’s sole discretion. The SNAs are identified on the map in Exhibit “B” attached hereto.

G. State Grantee, pursuant to the terms of Section 570.71, Florida Statutes, and County Grantee, pursuant to Martin County Ordinance Number 1221, are authorized to jointly hold easements for the preservation and protection of agricultural lands threatened by conversion to other uses, as well as the promotion and improvement of wildlife habitat, protection and enhancement of water bodies, aquifer recharge areas, wetlands and watersheds, and perpetuation of open space on lands with SNAs.

H. Conservation Purpose. The definition of “conservation purpose” contained in 26 U.S.C. 170(h)(4), includes the preservation of open space, including farmland and forest land, where such preservation is pursuant to a clearly delineated state conservation policy and will yield a significant public benefit. The Rural and Family Lands Protection Program, is a state conservation policy, delineated in Chapter 570, Florida Statutes established for the promotion and improvement of wildlife habitat, protection and enhancement of water bodies, aquifer recharge areas, wetlands, and watersheds, perpetuate open space on lands with significant natural areas, and protect agricultural lands threatened by conversion to other uses. Grantor and the Grantees have the common purpose of conserving open space by conveyance to the Grantees of this Easement and expect this Easement will yield a significant public benefit consistent with the enumerated purposes of the Rural and Family Lands Protection Program.

I. The parties agree to honor the purposes for which this Easement is acquired and to preserve and protect in perpetuity the values of the Property for the benefit of this generation and the generations to come.

NOW, THEREFORE, to achieve these purposes, and in consideration of \$10.00 and other good and valuable consideration, including the recitals above, and the mutual covenants, terms, conditions, and restrictions contained herein, the receipt and sufficiency of which is acknowledged, and pursuant to the laws of Florida, and in particular Section 570.71, Florida Statutes, but without intending the validity of this Easement to be dependent on the continuing existence of such laws, Grantor hereby voluntarily grants and conveys to Grantees this Easement in perpetuity over the Property of the nature and character hereinafter set forth, and the parties intending to be bound hereby agree as follows:

ARTICLE I. RECITALS

The Recitals set forth above are true and correct and incorporated herein by reference.

ARTICLE II. DURATION OF EASEMENT

This grant of Easement over the Property shall be perpetual. It is an easement in gross, runs with the land, and is enforceable by State Grantee against Grantor, Grantor's personal representatives, heirs, successors and assigns, lessees, agents, guests, and licensees.

ARTICLE III. PURPOSE OF EASEMENT

It is the purpose of this Easement to (i) effect the Rural and Family Lands Protection Program ("RFLPP") pursuant to Florida Statutes; (ii) assure that the Property will be retained forever in its condition as a working landscape; (iii) preserve the Property as productive agricultural land that sustains for the long term both the economic and ecological values of the Property and its environs; and (iv) provide a relatively natural habitat for fish, wildlife, plants, or similar ecosystems, through management guided by the following principles:

- Maintenance of economically viable agricultural practices that protect the landscape as a working enterprise in harmony with the open space and scenic qualities of the Property.
- Maintenance of soil productivity and control of soil erosion.
- Maintenance or improvement of the overall quality of the timber resource.
- Protection of the integrity and function of the working landscape, including any buffers to natural areas, ecological greenways and functioning ecosystems.

- Promotion of the restoration, enhancement, or management of species habitat.
- Protection, restoration, or enhancement of water bodies and aquifer recharge areas including uplands and springsheds, wetlands, or watersheds.
- Conservation and protection of unique and fragile natural areas and rare species habitats.
- Perpetuation of open space on working lands that contain SNAs.
- Allowance of appropriate uses of the Property for activities which will provide long term economic sustainability.

The above purposes (i.e., clauses (i) through (iv), inclusive of the bulleted principles) are hereinafter referred to as the “Easement Purposes.” Grantor agrees that this Easement will confine the use of the Property to such activities as are consistent with the Easement Purposes, and Grantor agrees to manage the Property in a manner consistent with the Easement Purposes.

ARTICLE IV. RIGHTS GRANTED TO THE GRANTEES

To accomplish the Easement Purposes the following rights are conveyed to the Grantees by this Easement:

A. All future residential, commercial, and industrial rights, together with all development rights incidental thereto, that are now or hereafter allocated to, implied, reserved, or inherent in the Property except as may be specifically reserved to Grantor in this Easement. The parties agree that such rights are hereby terminated and extinguished and may not be used on or transferred to other property. Neither the Property nor any portion thereof may be included as part of the gross area of other property not subject to this Easement for the purposes of determining density, lot coverage, or open space requirements, under otherwise applicable laws, regulations or ordinances controlling land use and building density. No development rights that have been encumbered or extinguished by this Easement shall be transferred to any other lands pursuant to a transferable development rights scheme or cluster development arrangement or otherwise. Nor shall any development rights or density credits be transferred onto the Property from other property.

B. The right to have the ad valorem taxes, assessments and any other charges on the Property paid by Grantor.

C. The right to prior notice of Grantor’s intent to sell or transfer title as provided in Article X, Paragraph G. This right of notice shall be triggered by sales or transfers of title by Grantor, including gifts and bequests as well as transfers to entities in which Grantor owns, directly or indirectly, a majority of the controlling interests.

D. The right to be indemnified by Grantor for any and all liability, loss, damage,

expense, judgment or claim arising out of or related to any negligent or willful act or omission of the Grantor, Grantor's agents, guests, lessees, licensees, invitees, or any others on the Property with the express or implicit permission of Grantor.

E. The right to be indemnified by Grantor for any liability for injury or property damage to persons on the Property arising out of any condition of the Property known, or should have been known, to the Grantor.

F. The right to have the Property maintained in accordance with the terms of this Easement, understanding that the Property may develop through the forces of nature hereafter, subject only to the exercise of Grantor's Reserved Rights, and the Rights Granted to the Grantees, as described in this Easement.

ARTICLE V. RIGHTS TO INSPECT, MAINTAIN, AND ENFORCE GRANTED TO THE STATE GRANTEE

To accomplish the Easement Purposes the following rights are conveyed to the State Grantee by this Easement:

A. The right to enforce protection of the Easement Purposes of the Property for which this Easement was acquired.

B. The right to enter upon the Property on an annual basis, and more often if State Grantee determines that such entry is warranted, at reasonable times in order to inspect and monitor compliance with and otherwise enforce the terms of this Easement ("Inspections"); provided that such entry shall be upon prior reasonable notice to Grantor, which, except in the event of an emergency or enforcement requiring immediate access as determined by State Grantee, is defined as seven (7) days advance notice. State Grantee shall not unreasonably interfere with Grantor's use and quiet enjoyment of the Property.

C. The right to conduct Inspections, annually or otherwise, to monitor Grantor's compliance with the terms of this Easement shall be in accordance with Rule Chapter 5I-7, F.A.C., and the Easement Monitoring Form attached hereto as Exhibit "C". The Grantee will review the completed monitoring form after each inspection and shall determine whether the uses and activities on the Property are consistent with the terms of this Easement and, where applicable, Grantee will enforce the terms through a corrective action plan, as agreed to by Grantor and State Grantee; however, nothing in this section prohibits the Grantor and the State Grantee from mutually agreeing to a reasonable opportunity to cure an identified deficiency in lieu of establishing a corrective action plan. Upon State Grantee's finding that Grantor is in compliance with the terms of this Easement, a copy of the completed monitoring form will be provided to the Grantor and a copy will be retained by the State Grantee for a minimum of five (5) years. Upon a finding of noncompliance, a corrective action plan

may be developed, which may be a notation in the comments section on the monitoring form regarding completion of certain actions or cessation of actions in order to attain compliance or the plan may be a more detailed plan developed separately to set expectations and deadlines for completion of remedial measures. In either case, the State Grantee will work with the Grantor to negotiate a reasonable schedule, but all remedial measures shall be completed at Grantor's expense.

D. The right to prevent any activity on or use of the Property that is inconsistent with the Easement Purposes or terms of this Easement and to require the restoration of or to restore, in accordance with law, such areas or features of the Property that may be damaged by any inconsistent activity or use, at Grantor's cost.

E. The right to cut and remove timber in State Grantee's sole discretion, if Grantor, within 60 days after written notice from State Grantee, fails to cut and remove said timber damaged by natural disaster, fire, infestation, or the like. Any such cutting and removal by State Grantee shall be at the expense of State Grantee and all proceeds from the sale of any such timber shall inure to the benefit of State Grantee.

F. The rights and benefits outlined in this Article are solely vested in the State Grantee, with the County Grantee deferring to the State Grantee.

ARTICLE VI. PROHIBITED USES

The Property shall be maintained to preserve the Easement Purposes. Without limiting the generality of the foregoing, Grantor agrees that the following uses and practices, though not an exhaustive recital of inconsistent uses and practices, are expressly prohibited or restricted on the Property, except for those rights and practices reserved by Grantor in this Easement:

A. Dumping of biodegradable or nonbiodegradable, toxic, unsightly, offensive or hazardous substances, trash or garbage, wastes, abandoned vehicles, appliances, machinery, toxic wastes or substances, pollutants or contaminants, or similar material including those defined by the Federal Solid Waste Disposal Act, the Federal Clean Air Act, the Federal Clean Water Act, the Federal Resource Conservation and Recovery Act of 1976, the Federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, the Federal Superfund Amendments and Reauthorization Act of 1986, the Federal Emergency Planning and Community Right-To-Know Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Toxic Substances Control Act, Chapters 161, 253, 373, 376, and 403, Florida Statutes, and the rules and regulations of the (i) United States Environmental Protection Agency, (ii) the Florida Department of Environmental Protection, and (iii) the governmental water management district applicable to or having jurisdiction over the Property ("Water Management District"), now or at any time hereafter in

effect, or any Florida Statute defining hazardous materials, wastes or substances, toxic wastes or substances, pollutants or contaminants (collectively referred to as "Contaminants") on the Property, now or at any time hereafter in effect. This prohibition shall not be construed to include reasonable amounts of waste generated in accordance with allowed uses, including agriculture or game management, conducted in accordance with the terms of this Easement, and that is disposed of in accordance with applicable local, state, and federal requirements, and Best Management Practices ("BMPs") adopted by FDACS or its successor agency, as amended from time to time.

B. Activities that affect the hydrology of the land or that detrimentally affect water conservation, erosion control, soil conservation, or fish and wildlife habitat, except those required for environmental restoration, federal, state or local regulatory programs, or BMPs, including but not limited to, mining, excavation of surface or subsurface materials, the exploration for and extraction of oil, gas, minerals, dolostone, peat, muck, marl, limestone, limerock, kaolin, fuller's earth, phosphate, common clays, gravel, shell, sand and similar substances. There shall be no activities that will be detrimental to drainage, flood control, or fish and wildlife habitat preservation either directly or indirectly by Grantor or on Grantor's behalf or with the joinder or consent of Grantor in any application for a permit so to do, by an individual or entity acting under and by virtue of the authority of a grant or reservation or other form of ownership of or interest in or control, unless otherwise provided in this Easement. There shall be no dredging of new canals, construction of new dikes, manipulation of natural water courses, or disruption, alteration, or pollution of existing surface or subsurface water flow or natural water sources, freshwater lakes, ponds and pond shores, marshes, creeks, or any other water bodies except as consistent with BMPs for the type of agricultural activities being conducted. Provided, however, Grantor may construct, operate, maintain, or replace groundwater wells, ditches, swales and other water conveyance structures, drainage structures or other water management improvements incident to allowed uses on the Property, conduct seismic or other non-invasive testing, drill for and extract oil, gas, and all other hydrocarbons under the property by slant or directional drilling from adjacent properties, subject to legally required permits and regulations. As reasonably necessary, Grantor may combat erosion or flooding or conduct other allowed activities using material from existing excavation sites identified in the BDR.

C. Planting of nuisance, exotic or non-native plants as listed by the Exotic Pest Plant Council or the University of Florida's Institute of Food and Agricultural Sciences, or their successors, except for plants approved by State Grantee and needed to support agricultural activities allowed hereunder. The Grantor shall, to the extent practical, control and prevent the spread of nuisance exotics or non-native plants on the Property. Grantor hereby grants solely to State Grantee the right, in State Grantee's sole discretion and at State Grantee's expense, to develop and implement an exotic plant removal plan for the eradication of exotics, or non-native wild plants,

on the Property. Under no circumstances shall this right conveyed to State Grantee be construed to diminish Grantor's responsibilities under this paragraph or as an obligation of the State Grantee.

D. Concentrated animal feeding operation not in compliance with applicable federal and state laws, rules, and regulations, as amended.

E. New construction or placing of temporary or permanent buildings, mobile homes, or other structures in, on or above the ground of the Property except as may be necessary by Grantor for maintenance or to serve the permitted uses of the Property that are consistent with the Easement Purposes or during emergency situations or as may otherwise be specifically provided for in this Easement. For purposes of this paragraph the term "emergency" shall mean those situations that will have an immediate and irreparable adverse impact on the Easement Purposes.

F. Construction or placing of roads, billboards or other advertising, utilities, or structures, except those structures and unpaved roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under this Easement, and except for linear facilities described in section 704.06(11), Florida Statutes. Provided, however, State Grantee (i) may erect and maintain signs designating the Property as land under the protection of State Grantee, and (ii) Grantees shall be entitled to recover from Grantor, and Grantor's personal representatives, heirs, successors, and assigns reasonable compensation based on diminution in value of Grantee's interest for the construction and operation of any public or private linear facilities and related access and appurtenances, as described in section 704.06(11), Florida Statutes.

G. Fertilizer use, including sludge or sludge products, for agriculture activities not in accordance with agricultural BMPs recommended by the United States Department of Agriculture Natural Resources Conservation Service ("NRCS") or FDACS, whichever is more stringent, as those BMPs may be amended from time to time. No agricultural activities shall occur within a 100-foot buffer around sinkholes or karst features that are connected to spring conduits, except as provided in the applicable BMPs.

H. Actions or activities that may reasonably be expected to adversely affect state or federally listed threatened or endangered species.

I. Any subdivision of the Property is prohibited.

J. Commercial water wells on the Property.

K. Harvesting of cypress trees in the SNAs.

L. Mitigation banks not authorized under and in compliance with Florida Statutes and Administrative Rules, as amended, or the rules of applicable federal mitigation bank programs.

M. Construction or improvements in any SNA or conversion of any SNA, except temporary structures (defined hereinafter) for hunting allowed in Article VII, Paragraph M. Temporary structures are defined as those structures that are able to be readily removed. Any use of the Property which would impair, adversely impact, or destroy an SNA, including a change to more intensive agricultural practices, is also prohibited.

N. Conversion of forested areas within the SNAs as shown in the BDR to non-forested areas.

ARTICLE VII. GRANTOR'S RESERVED RIGHTS

Grantor reserves to Grantor, and to Grantor's personal representatives, heirs, successors, and assigns, the following specified rights ("Reserved Rights"), which are deemed to be consistent with the Easement Purposes. The exercise of the Reserved Rights is subject to the prohibitions in Article VI and must be in full accordance with all applicable BMPs and local, state and federal law, as amended from time to time, as well as in accordance with the Easement Purposes.

A. Grantor has, and shall be deemed hereby to have retained, the underlying fee simple title in the Property, subject to this Easement. Further, Grantor retains and reserves all rights of, in, and to the Property not conveyed to Grantees under Articles IV and V or prohibited by Article VI.

B. Agricultural and Related Rights. (i) The right to continued use of the Property for agricultural purposes and uses identified in the BDR; (ii) The right to convert any property not designated an SNA (as delineated in the BDR) to other agricultural and silviculture purposes and uses; (iii) The right to engage in cattle grazing as set forth in the BDR, including the right to maintain, utilize, restore, fertilize, and mow improved pasture; (iv) The right, as part of cattle operations, to supplement the cattle using minerals and hay; (v) The right to use current technologies on the Property, including fertilizers, pesticides and herbicides commonly used on agricultural property in the State of Florida at such time; and (vi) The right to install, use, maintain, replace and repair non-commercial groundwater wells on the Property. Any and all agricultural uses shall be conducted in accordance with BMPs and in compliance with all laws, rules, and regulations.

C. The right to conduct silvicultural operations on the Property provided, however, that prior to any timbering in an SNA, Grantor shall consult with State Grantee concerning reforestation methods and methods consistent with the perpetual protection of the SNAs.

D. The right to conduct prescribed burning and mechanical brush management on the Property; provided, however Grantor shall obtain and comply with a prescribed fire authorization from the Florida Forest Service of FDACS or its successor agency.

E. The right to mortgage the Property; provided, however, that the Mortgagee's lien shall be inferior and subordinate to this Easement.

F. The right to contest tax appraisals, assessments, taxes, and other charges on the Property.

G. The right to continue to use, maintain, repair, and reconstruct existing buildings, barns, outbuildings, fences, roads, ponds, wells, utilities, drainage ditches, culverts and such other facilities on the Property as depicted in the BDR. Expanding existing cow pens as necessary to conduct normal cattle operations on the Property shall be allowed, except when located in an SNA. Grantor must obtain the advanced written approval of State Grantee to expand existing buildings, barns, outbuildings, fences, roads, ponds, wells, utilities, drainage ditches, culverts and such other facilities on the Property.

H. The right to sell, devise or otherwise transfer ownership of fee title to the Property to a third party. No easements, rights-of-way, restrictions, or less than fee simple interests in the Property shall be granted or conveyed after the date of this instrument unless such encumbrances are approved, in advance and in writing, by the State Grantee and recorded in the public records of the county(ies) in which the Property is located. The State Grantee may give such approval if it determines, in its sole discretion, that such encumbrance would be consistent with the Easement Purposes.

I. The right to exclusive use of the improvements on the Property.

J. The right to obtain and comply with all permits for management of stormwater, water wells, and consumptive uses as may be required by the Water Management District or any governmental agency having jurisdiction over those activities.

K. The right to construct buildings or other structures incident to agricultural uses carried on in accordance with sound agricultural practices. Grantor must first obtain the advanced written approval of State Grantee before constructing buildings or other structures incident to agricultural uses. Such buildings shall not be used as residences.

L. The right to establish (by survey, fencing, or marking) and maintain property lines around the perimeter of the Property to protect the Property from trespassing

and to assist Grantor in the management of the Property in accordance with this Easement.

M. The right to observe, maintain, photograph, introduce and stock native fish or wildlife on the Property, and to use the Property for hiking and horseback riding and other activities that are low impact and minimally disruptive to the natural environment, as well as to use the Property for agritourism, provided Grantor complies with Florida Statutes and Administrative Rules, as amended, for agritourism that is both related to the agricultural uses reserved in this Easement and consistent with the terms of this Easement. Grantor reserves, and shall continue to own, the hunting and fishing rights on or related to the Property, including the right to locate, construct, and maintain hunting blinds, tree stands, wildlife food plots, and feeders on the Property that are temporary and readily removable. Grantor may lease and sell privileges of such rights.

N. The right to install connections to normal utility systems, such as electric, cable, water, sewer, communication, and telephone that are consistent with the Easement Purposes and incidental to serve the allowed uses of the Property. If a connection to a sewer system is not available, this right shall include the right to install a septic system provided it is not located in an SNA. The granting of easements or rights-of-way for power lines, gas lines, sewer lines, waterlines, telecommunications towers, and wind farms are prohibited, unless approved by State Grantee pursuant to Article VII, Paragraph H. Existing utilities may be replaced or repaired at their current location.

O. Intentionally deleted.

P. Intentionally deleted.

Q. The right to engage in environmental, natural resource, habitat, water restoration, and other ecosystem services projects or markets under other programs provided such action shall be in compliance with all applicable laws, statutes, rules, and ordinances, and are consistent or complementary with the purposes and the terms of this Easement. These projects include those that promote the conservation, restoration, and proper hydrological functioning of the natural environment, provided such activities are consistent with the BMPs applicable to such water resource management and restoration projects. The Grantor has the exclusive right to sell conservation credits or other form of ecosystem services rendered and retain all consideration from such sales provided such activities are consistent and complementary to the terms of the Easement. Any such ecosystem services shall not reduce the agriculture production area by more than 10% of the total agricultural production area listed in the BDR. Grantor, at its expense, shall provide to State Grantee legal descriptions and surveys for the proposed ecosystem services project prior to development.

ARTICLE VIII. STATE GRANTEE'S REMEDIES

A. If State Grantee determines that Grantor is in violation of the terms of this Easement, including any amendments, modifications, updates, or revisions thereto, or that a violation is threatened, State Grantee shall give written notice to Grantor of such violation and demand corrective action sufficient to cure the violation and, where the violation involves injury to the Property, to restore the portion of the Property so injured. If Grantor fails to cure the violation within 30 days after receipt of notice thereof from State Grantee or, under circumstances where the violation cannot reasonably be cured within a 30-day period, fails to begin curing such violation within the 30-day period, or fails to continue diligently to cure such violation until finally cured, State Grantee may bring an action at law or in equity in a court of competent jurisdiction to: (i) enforce the terms of this Easement, (ii) enjoin the violation, *ex parte* as necessary, by temporary or permanent injunction, (iii) recover any damages to which it may be entitled for violation of the terms of this Easement or injury to any values or Easement Purposes protected by this Easement, including damages for the loss of scenic, aesthetic, or environmental values, and (iv) require the restoration of the Property to the condition that existed prior to any such violation or injury.

B. Without limiting Grantor's liability therefor, State Grantee, in its sole discretion, may apply any damages recovered to the cost of undertaking any corrective action on the Property. If State Grantee, in its sole discretion, determines that circumstances require immediate action to prevent or mitigate significant damage to the values of the Property, State Grantee may pursue its remedies under this Article without prior notice to Grantor or without waiting for the period provided for cure to expire.

C. State Grantee's rights under this Article apply equally in the event of either actual or threatened violations of the terms of this Easement, and Grantor agrees that State Grantee's remedies at law for any violation of the terms of this Easement are inadequate and that State Grantee shall be entitled to the injunctive relief described in this Article, both prohibitive and mandatory, in addition to such other relief to which State Grantee may be entitled, including specific performance of the terms of this Easement, without the necessity of proving either actual damages or the inadequacy of otherwise available legal remedies. State Grantee's remedies described in this Easement shall be cumulative and shall be in addition to all remedies now or hereafter existing at law or in equity.

D. Enforcement of the terms of this Easement shall be at the discretion of State Grantee, and any forbearance by State Grantee to exercise its rights under this Easement in the event of any breach of any term of this Easement by Grantor shall not be deemed or construed to be a waiver by State Grantee of such term or of any

subsequent breach of the same or any other term of this Easement or of any of Grantee's rights under this Easement. No delay or omission by State Grantee in the exercise of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver.

E. Grantor hereby waives any defense of estoppel, adverse possession, or prescription.

F. Nothing contained in this Easement shall be construed to entitle State Grantee to bring any action against Grantor for any injury to or change in the Property resulting from causes beyond Grantor's control, including fire, flood, storm, and earth movement, or from any prudent action taken by Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Property resulting from such causes.

G. Grantor shall hold harmless, indemnify, and defend State Grantee and County Grantee and their respective directors, officers, employees, agents, and contractors and the personal representatives, successors, and assigns of each of them (collectively "Indemnified Parties") from and against all liabilities, penalties, costs, losses, damages, expenses, causes of action, claims, demands, or judgments arising from or in any way connected with: (1) injury to or the death of any person, or physical damage to any property, resulting from any act, omission, condition, or other matter related to or occurring on or about the Property, regardless of cause, except to the extent due to the negligence of any of the Indemnified Parties; (2) the obligations specified in Article X, Paragraphs A and B; or (3) the enforcement of this Easement.

H. With the exception of the indemnification provisions set forth in subsection G. above, the rights and remedies outlined in this Article are solely vested in the State Grantee, with the County Grantee deferring to the State Grantee.

ARTICLE IX. PUBLIC ACCESS

A. **No General Public Access.** The granting of this Easement does not convey to the public the right to enter the Property for any purpose whatsoever, and Grantee will cooperate with Grantor in the enforcement of this prohibition.

B. **Scientific, Environmental, Conservation, Educational Organizations.** Notwithstanding the foregoing, Grantor, in its sole discretion, may grant to scientific, environmental, conservation and educational organizations the right to enter upon the Property or adjoining property of Grantor to conduct scientific or educational investigations or studies consistent with the Easement Purposes, on such terms as Grantor, in its sole discretion, may determine.

ARTICLE X. MISCELLANEOUS

A. **Costs and Liabilities.** Grantor retains all responsibilities and shall bear all costs and liabilities of any kind related to the ownership, operation, upkeep, and maintenance of the Property, including the maintenance of adequate comprehensive general liability coverage. Grantor shall keep the Property free of any liens arising out of any work performed for, materials furnished to, or obligations incurred by Grantor.

B. **Taxes.** Grantor shall pay before delinquency all taxes, assessments, fees, and charges of whatever description levied on or assessed against the Property by competent authority (collectively "taxes"), including any taxes imposed upon or incurred as a result of this Easement, and shall furnish State Grantee with satisfactory evidence of payment upon request. State Grantee is authorized but in no event obligated to make or advance any payment of taxes, upon 3 days prior written notice to Grantor, in accordance with any bill, statement, or estimate procured from the appropriate authority, without inquiry into the validity of the taxes or the accuracy of the bill, statement, or estimate, and the obligation created by such payment shall bear interest until paid by Grantor at the maximum rate allowed by law.

C. **Extinguishment.** If unexpected circumstances arise in the future that render the Easement Purposes impossible or unfeasible to accomplish, this Easement can only be terminated or extinguished, whether in whole or in part, by judicial proceedings in a court of competent jurisdiction, and the amount of the proceeds to which Grantees shall be entitled, after the satisfaction of prior claims and costs of sale, from any sale, exchange, or involuntary conversion of all or any portion of the Property subsequent to such termination or extinguishment, shall be determined, unless otherwise provided by Florida law at the time, in accordance with Article IX, Paragraph D. Grantees shall use all such proceeds in a manner consistent with the Easement Purposes or the purposes of the bond or statutory program under which Grantees obtained the purchase money for this Easement. If Grantor believes that any changes in the use of neighboring properties will increase the benefit to the public of the continuation of this Easement, and Grantor and Grantees intend that any such changes shall not be deemed to be circumstances justifying the termination or extinguishment of this Easement. In addition, the inability of Grantor to conduct or implement any or all the uses allowed under the terms of this Easement, or the unprofitability of doing so, shall not impair the validity of this Easement or be considered grounds for its termination or extinguishment.

D. **Proceeds.** This Easement constitutes a real property interest immediately vested in Grantees, which, for the purposes of Article X, Paragraphs C and E, the parties stipulate to have a fair market value determined by multiplying the fair market value of the Property unencumbered by the Easement (minus any increase in

value after the date of this grant of Easement attributable to improvements) by the ratio of the value of the Easement at the time of this grant to the value of the Property, without deduction for the value of the Easement, at the time of this grant (Grantee's percentage interest is referred to herein as Grantee's "Proportionate Share"). The allocation of the Proportionate Share between State Grantee and County Grantee will be based on the sum of each Grantees' financial contribution toward the acquisition of the Easement. For the purposes of this paragraph, the ratio of the value of the Easement to the value of the Property unencumbered by the Easement shall remain constant.

E. **Condemnation.** If the Easement is taken, in whole or in part, by exercise of the power of eminent domain or otherwise acquired by any authority with power of eminent domain through a purchase in lieu of a taking, Grantees shall be entitled to its Proportionate Share from the recovered proceeds in conformity with the terms of Article X, Paragraph D. The respective rights of Grantor and Grantees set forth in this paragraph shall be in addition to, and not in limitation of, any rights of Grantees under applicable law.

F. **Assignment.** This Easement is transferable by State Grantee, but State Grantee may assign its rights and obligations under this Easement only to a governmental entity in accordance with Florida law. As a condition of the transfer, the terms and conditions of the Easement shall continue.

G. **Property Interest Transfers.** In addition to State Grantee's approval rights set forth in Article VII, Paragraph H, Grantor further agrees to give written notice to Grantees of the transfer of any interest in the Property. The failure of Grantor or Grantees to perform any act required by this paragraph shall not impair the validity or priority of this Easement or limit its enforceability in any way.

1. Right of Grantees to Negotiate in Advance of Sale.

a. The terms of this right are such that if Grantor intends to publicly offer the Property for sale, or any interest or portion thereof, Grantor shall deliver to Grantees notice of such intent (including the date, time, and location of the intended offering) at least 45 days prior to offering the Property for sale.

b. In addition, if Grantor receives an unsolicited, but acceptable, offer from a prospective buyer to purchase the Property, or any interest therein or portion thereof, Grantor shall deliver to Grantees notice of Grantor's intent to accept the offer, including the names and addresses of any party to whom the Property is to be transferred, a description of the land to be transferred, and all relevant terms of the offer received, such that Grantees receive the notice at least 45 days prior to execution of a contract for such sale (Grantor agrees that any such contract for sale shall be made expressly subject to Grantee's right to negotiate for the purchase of the Property provided in Paragraph 1.c. below).

c. Under notice provided pursuant to Paragraphs 1.a. and 1.b. above, Grantor shall, in good faith, afford Grantees an opportunity to negotiate the acquisition of the Property, or such portion thereof or interest therein that Grantor intends to sell. If Grantees desire to negotiate the acquisition of the Property (or such portion thereof or interest therein as applicable), Grantees shall so notify Grantor within 30 days after receipt of Grantor's notice of intent. If Grantor and Grantees are unable, in good faith, to agree to terms of an acquisition of the Property (or such interest therein or portion thereof as applicable) within 45 days after Grantee's notice to Grantor under this paragraph, Grantor may sell the Property free of the right granted in this Article IX, Paragraph G.1.

d. This right of notice shall not be triggered by sales or transfers between Grantor and (a) John L. Legg, Scott Legg, or entities in which John L. Legg or Scott Legg own a majority of the controlling interests, (b) any lineal descendant of John L. Legg or Scott Legg: Leslie Ann Clifton, John Norman Legg, Amy Jo Slone Legg, Erin Lee Wolf, or Jana Lynn Legg, or (c) entities in which Leslie Ann Clifton, John Norman Legg, Amy Jo Slone Legg, Erin Lee Wolf, or Jana Lynn Legg own a majority of the controlling interests. The right or notice granted herein applies to the original Grantor and to said original Grantor's heirs, successors, and assigns.

2. Subsequent Transfers. Grantor agrees to notify State Grantee of the names and addresses of any party to whom the Property, is to be transferred at least 45 days prior to the date of such transfer.

3. Continuation of Agricultural Production. As a condition of any Property transfer, Grantor shall deliver certified notice in writing to the prospective transferee that the Property must continue to be used for bona fide agricultural production purposes in accordance with this Easement. In addition, Grantor will incorporate the terms of this Easement in any deed or other legal instrument by which Grantor divests or conveys any interest in the Property, including a lease or other legal instrument by which any interest in the Property is conveyed.

4. Statement of Compliance. Grantor may request in writing at least 45 days prior to sale, mortgage, transfer or long term (five years or longer) lease of the Property, or any portion thereof, a written statement from Grantees stating that, to Grantee's actual knowledge, Grantor is in compliance with the terms of this Easement, or if Grantor is not in compliance with the terms of this Easement, stating what violations of this Easement exist according to Grantee's actual knowledge. Grantees agree in such cases to acknowledge, execute, and deliver to Grantor or to any mortgagee, transferee, purchaser, or lessee such a written statement concerning compliance within 45 days from receipt by Grantees of a

written request therefor. Nothing contained in this Easement shall relieve the Grantor from the responsibility to comply with applicable federal, state, and local laws and regulations.

5. **Grantor's Liability after Transfer.** In the event of a sale or the transfer of title of the Property to an individual or entity other than the current legal owner, Grantor will immediately notify Grantees. Thereafter, Grantees will confer with the new owner within 30 days and explain, discuss, and plan the transfer of the responsibility of carrying out the terms of this Easement, such that the long-term benefits to everyone concerned and the terms of this Easement will not be impaired by default or otherwise. Grantor and each subsequent owner of the Property shall have no personal liability for the observance or performance of the obligations of the Grantor hereunder, with respect to any interest in the Property conveyed, after the Grantor or subsequent owner has conveyed their interest in the Property as permitted by and pursuant to the terms of this Easement.

H. **Notices.** Any notice, demand, request, consent, approval, or communication that either party desires or is required to give to the other party under this Easement shall be in writing and either served personally or sent by first class mail, postage prepaid, or by overnight mail service, addressed to the parties as set forth in this Easement, or to such other addresses such party may establish in writing to the other. If time is of the essence, initial notice by electronic mail is acceptable, but shall be followed by written notice as provided in this paragraph as soon as possible.

I. **Recordation.** State Grantee shall record this instrument and any amendments in timely fashion in the official records of the county(ies) in which the Property is located and may re-record it at any time as may be required to preserve its rights in this Easement.

J. **Non-Homestead Certification.** Grantor hereby certifies that if a Grantor who is married signs this Easement without the joinder of his or her spouse, the Property is neither the homestead of Grantor/Grantor's spouse nor the primary physical residence of Grantor/Grantor's spouse, nor is the Property contiguous to the homestead or primary physical residence of Grantor/Grantor's spouse.

K. **Amendments.** The terms of this Easement may be amended by the mutual consent of the parties hereto. No amendment shall be effective until executed with the formality of a deed and recorded in the public records of the county(ies) in which the Property is located.

L. **Controlling Law.** The laws of the State of Florida shall govern the interpretation and performance of this Easement.

M. **Liberal Construction.** Any general rule of construction to the contrary notwithstanding, this Easement shall be liberally construed in favor of the Grantees to affect the Easement Purposes and the policy and purpose of Section 570.71, Florida Statutes. If any provision in this instrument is found to be ambiguous, an interpretation consistent with the Easement Purposes that would render the provision valid shall be favored over any interpretation that would render it invalid.

N. **Severability.** If any provision of this Easement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Easement, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby.

O. **Joint Obligation.** The obligations imposed by this Easement upon Grantor shall be joint and several.

P. **Successors.** The covenants, terms, conditions, and restrictions of this Easement shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors, and assigns and shall continue as a servitude running in perpetuity with the Property.

Q. **Termination of Rights and Obligations.** A party's rights and obligations under this Easement terminate upon transfer of the party's entire interest in the Easement or Property as permitted by and pursuant to the terms hereof, except that liability for acts or omissions occurring prior to transfer shall survive transfer.

R. **Captions.** The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.

S. **References.** References to statutes or rules in this Easement shall be to the text of such statute or rule on the date of execution of this Easement unless stated otherwise.

TO HAVE AND TO HOLD unto Grantees, their successors, and assigns forever.

LANDOWNER(S)/REPRESENTATIVE(S): _____

MONITOR: _____ MONITORING DATE: _____

MONITORING ASSISTANCE (IF ANY) /NAME: _____ AGENCY: _____

MONITORING ASSISTANCE (IF ANY) /NAME: _____ AGENCY: _____

PURPOSE OF MONITORING SITE INSPECTION:

- DOCUMENT COMPLIANCE WITH THE TERMS OF THE CONSERVATION EASEMENT
- ASSURE PROPERTY IS ENROLLED IN AND GRANTOR IS IMPLEMENTING ALL APPLICABLE BEST MANAGEMENT PRACTICES (BMPs)
- OUTLINE THE ACTIVITIES ON THE PROPERTY DURING PRECEDING YEAR(S)
- REVIEW ANY PROPOSED ACTIVITIES TO ASSURE COMPLIANCE WITH THE TERMS OF THE CONSERVATION EASEMENT

Please document below responses to each question explaining any activities/changes on the property during the past year as they relate to the Recitals, Prohibited Uses, and Grantor's Reserved Rights established in the Deed of Conservation Easement or Deed of Rural Lands Protection Easement. The conservation easement should be reviewed prior to the monitoring inspection to ensure all provisions and restrictions considered during the site inspection are properly documented in this report.

A.	Has there been any timber harvesting on the property? If so, on how many acres? _____ Using what harvest type? _____ Was the harvesting in a Significant Natural Area (SNA)? If so, was the grantor contacted? Was cypress harvested?
B.	Has there been any use of the property which would impair or destroy SNAs?
C.	Has there been any construction in SNAs? Has there been any improvements to SNA? Has there been any conversion of SNAs?
D.	Has there been any conversion of forested areas, to non-forested areas?
E.	Has there been any conversion of areas not in improved pasture, to improved pasture?
F.	Has there been any dumping of trash, solid or liquid waste, or toxic or hazardous substances on the property?

G.	Has there been any exploration, excavation, extraction, mining, or drilling on the Property for any of the restricted substances identified in the Conservation Easement (CE)?
H.	Has there been any hydrological modifications to, or dredging, on the property? Have there been any water wells or water bodies constructed? If so, what permits, if any, were obtained? Has there been any construction, repair, or improvements to any water control structures? Are there any commercial water wells on the property? Are any activities occurring on the property that affect soil conservation or are detrimental to fish and wildlife habitat?
I.	Has there been any use of fertilizer on the property? If so, at what application rate?
J.	Has there been any use of pesticides or herbicides on the property? (list chemicals used) If so, did process application follow instructions on the label?
K.	List all the BMPs that are applicable to the property: Agricultural BMPs Silvicultural BMPs Wildlife BMPs Is the property enrolled in all the applicable BMP's indicated above? Are all those BMPs being implemented and complied with?
L.	Are there any exotic, nuisance, non-native or invasive species present? Is the Grantor, to the extent possible, attempting to control or prevent their spread? If so, list actions taken or response needed:
M.	Have there been any new roads or trails constructed on the property? Any existing roads, culverts, or road ditches repaired? Have any motorized vehicles been driven off roads and/or trails for purposes other than performing agricultural operations?

N.	Has there been any new interior or boundary fencing constructed? If required by the CE, has the Grantee approved any/all new or replacement fencing? Are the fences wildlife/game friendly?
O.	Have any new structures or buildings been constructed on the property to support the agricultural operation? If so, what is the structure's Square Footage? _____ Have any of the agricultural support buildings been enlarged? If so, what is the structure's Square Footage? _____ Does the total square footage exceed the maximum area allowed in the CE? Was construction within an SNA?
P.	Has there been any construction of any new residential structures? If so, what is the structure's Square Footage? _____ Have any of the existing residential structures been enlarged? If so, what is the structure's Square Footage? _____ Does the total square footage exceed the maximum allowed in the CE? Is the location within the approved building envelope?
Q.	Have other silvicultural activities been performed on the property? If so, on how many acres? Site preparation _____ acres Tree planting _____ acres Mechanical treatments _____ acres Herbicide treatments _____ acres Has there been any harvest of palm trees or other potential landscape and/or ornamental plants? Has there been any prescribed burning on the property? If so, on how many acres _____ Did firelines comply with all applicable BMPs? Was a burn authorization obtained? If required by the CE, were firelines approved and/or maintained according to CE?

R.	Have the following Agricultural Operations occurred on the property? Improved pasture: _____ acres. Any increase in acres? Y / N Row crops: _____ acres. Any increase in acres? Y / N Sod: _____ acres. Any increase in acres? Y / N Citrus groves: _____ acres. Any increase in acres? Y / N Food plots: _____ acres. Any increase in acres? Y / N Ponds: _____ acres. Any increase in number or acres? Y / N Are Agricultural Operations occurring outside of SNA's or other areas, as required by the CE? If cattle are present on the property, the cattle stocking rate 1 cow/calf per _____ acre(s)
S.	Have any activities occurred that may reasonably be expected to adversely affect threatened or endangered species? If so, what activities?
T.	Has the property been leased by any private parties (non-family) for the purposes of hunting or fishing? Have any animals been introduced or stocked? If so, list the species: Have any fish been introduced or stocked? If so, list the species: Is there any other visitation, recreation, or other public use occurring on the property? If so, what kind?
U.	Are there any changes in land use on nearby properties that the grantor of monitor anticipates will impact the subject property? If so, what type?
V.	Describe any new management or agricultural activities planned for next 12-18 months: 1. 2. Is the activity(s) consistent with the terms and conditions of the CE?

PHOTOGRAPHIC DOCUMENTATION: (Provide photos representative of major agricultural land uses and/or physical changes since last monitoring inspection. The Photo Location Map and other pictures (pics) must be printed and attached to final Monitoring Report.)

MONITOR REMARKS

A.	General observations:
B.	Describe response taken by landowner to actions requested during last site inspection: 1. 2. 3.
C.	Is the Grantor or their representative charged with any follow-up or corrective action, based on the current site inspection? 1. 2. 3.
D.	Is the Baseline Documentation Report adequate for future monitoring? Y / N If not, why?

REPORT REVIEW AND ACCEPTANCE

Purpose of Monitoring Report Review:

To assure the site inspection complies with all monitoring requirements.

To affirm the property is enrolled in, and land managers are implementing, all applicable BMPs.

To affirm all land management activities are consistent with the terms and conditions of the CE.

To review landowners' response to any requested follow-up or corrective action from **previous site inspection(s)**.

To affirm review any newly requested actions or activities proposed **current site inspection** to comply with the CE requirements.

To review any suggested updates to the property's baseline inventory, for purposes of the Baseline Documentation Report.

A.	Has a site inspection been performed? Were all pertinent monitoring specifications completed?
B.	Were all conditions/activities/management strategies observed during the site inspection consistent with the terms of the CE? If not, complete section "D" below.
C.	Did the landowner or their representative remedy the activities or conditions identified during the previous site inspection? Has their response been acceptable? If not, why?
D.	Is the follow-up/corrective action charged to the landowner reasonable and consistent with the terms and conditions of the CE?
E.	If the site monitor suggested updates to the property's Baseline Documentation Report, are those suggestions reasonable and consistent with the terms and conditions of the CE?

By signing below, the preparer and the RFLPP Director acknowledges receipt of monitoring report and accepts its findings, including any corrective actions documented in this report.

ADDENDUM
BENEFICIAL INTEREST AND DISCLOSURE AFFIDAVIT
(CORPORATION/PARTNERSHIP/LLC)

Before me, the undersigned authority, personally appeared John L. Legg ("affiant"), this _____ day of July, 2026, who, first being duly sworn, deposes and says:

1) That affiant is the President of TURNPIKE DAIRY, INC., a Florida corporation, as "Seller", whose address is 3250 SW Boatramp Avenue, Palm City, Florida 34990, and in such capacity has personal knowledge of the matters set forth herein and has been duly authorized by Seller to make this affidavit on Seller's behalf. That Seller is the record owner of the Property. As required by Section 286.23, Florida Statutes, and subject to the penalties prescribed for perjury, the following is a list of every "person" (as defined in Section 1.01(3), Florida Statutes) holding 5% or more of the beneficial interest in the disclosing entity: (if more space is needed, attach separate sheet)

<u>Name</u>	<u>Address</u>	<u>Interest</u>
John L. Legg and Lucinda L. Legg Intervivos Declaration of Trust	3250 SW Boatramp Avenue Palm City, Florida 34990	53.73%
John L. Legg		100%
Scott L. Legg and Sheryl Jo Legg Intervivos Declaration of Trust	P.O. Box 137 Palm City, Florida 34990	46.27%
Scott L. Legg		100%

2) That to the best of the affiant's knowledge, all persons who have a financial interest in this real estate transaction or who have received or will receive real estate commissions, attorney's or consultant's fees or any other fees or other benefits incident to the sale of the Property are: **(if non-applicable, please indicate "None" or "Non-Applicable")**

<u>Name</u>	<u>Address</u>	<u>Reason for Payment</u>	<u>Amount</u>
Hartman Real Estate, Inc.	3500 SW Corporate Pkwy. Suite 202 Palm City, FL 34990	Real Estate commission	TBD
Keith Fountain Law, PLLC	PO Box 845 DeLand, FL 32721	Attorney fees	TBD

3) That, to the best of the affiant's knowledge, the following is a true history of all financial transactions (including any existing option or purchase agreement in favor of affiant) concerning the Property which have taken place or will take place during the last five years prior to the conveyance of title to the State of Florida: (if non-applicable, please indicate "None" or "Non-Applicable")

<u>Name and Address of Parties Involved</u>	<u>Date</u>	<u>Type of Transaction</u>	<u>Amount of Transaction</u>
None			

This affidavit is given in compliance with the provisions of Sections 286.23, 375.031(1), and 380.08(2), Florida Statutes.

AND FURTHER AFFIANT SAYETH NOT.

ADDENDUM 2
(CORPORATE/FLORIDA)

A. At the same time that Seller submits the closing documents required by paragraph 9. of this Agreement, Seller shall also submit the following to Buyer:

1. Corporate resolution that authorizes the sale of the Property interest to Buyer in accordance with the provisions of this Agreement and a certificate of incumbency, and
2. Certificate of good standing from the Secretary of State of the State of Florida.
3. Copy of proposed opinion of counsel as required by paragraph B. below.

B. As a material inducement to Buyer entering into this Agreement and to consummate the transaction contemplated herein, Seller covenants, represents and warrants to Buyer as follows:

1. The execution of this Agreement and the performance by Seller of the various terms and conditions hereof, including, without limitation, the execution of all agreements, notices, and other documents hereunder, have been duly authorized by the requisite corporate authority of Seller.
2. Seller is a corporation duly organized, validly existing and in good standing under the laws of the State of Florida and is duly qualified to own real property in the State of Florida.
3. This Agreement, when executed and delivered, will be valid and legally binding upon Seller and enforceable in accordance with its terms and neither the execution of this Agreement and the other instruments to be executed hereunder by Seller, nor the performance by Seller of the various terms and conditions hereto will violate the Articles of Incorporation or By-Laws of Seller, nor will they constitute a breach or default under any agreement, indenture or other instrument to which Seller is a party or by which Seller is bound.

At the closing, Seller shall deliver to Buyer an opinion of counsel from an attorney licensed to practice law in the State of Florida and an active member in good standing with the Florida Bar, to the effect that the covenants, representations and warranties contained above in this paragraph B. are true and correct as of the closing date. In rendering the foregoing opinion, such counsel may rely as to factual matters upon such other documents as counsel may deem necessary and advisable.

**Re: Review of Appraisals of 498.79 AC @ 3902 S Fox Brown Rd, Indiantown, Florida;
Turnpike Dairy, Inc. Property; Martin County, Florida**

Dear Ms. Kennedy:

In compliance with your request, I have conducted an appraisal review of the reports referenced above and have prepared this written report pursuant thereto. This particular review assignment does not include the provision of an independent opinion of market value. Rather, the technical review includes a focus upon the adequacy, accuracy and overall reliableness of the valuation as well as the appraiser's adherence to not only USPAP but also the Supplemental Appraisal Standards for the Board of Trustees, Division of State Lands, Bureau of Appraisal, Florida Department of Environmental Protection, March 2, 2016. Furthermore, I accompanied the appraisers on the inspection of the subject property on June 1, 2026. In that regard, the following narrative summarizes the findings of the review.

This review and the analyses, opinions and conclusions of this report were prepared in conformance with my interpretation of generally accepted appraisal review practices and the requirements of the Code of Professional Ethics and Standards of Professional Practice of the Appraisal Institute as well as the Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Standards Board of the Appraisal Foundation and, to the extent applicable, the Supplemental Appraisal Standards for the Board of Trustees, Division of State Lands, Bureau of Appraisal, Florida Department of Environmental Protection, March 2, 2016 (SASBOT). This reader is advised of the following:

Intended Use:	to evaluate compliance with the applicable standards (USPAP and SASBOT) and the client's instructions and whether the appraisals under review are appropriate for their intended use
Intended Users:	ICF Incorporated, LLC, Florida Department of Agriculture and Consumer Services, Martin County and the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida

The reviewed appraisals included an effective date of valuation of June 1, 2026. One of the reports

ALBRIGHT & ASSOCIATES of Ocala, Inc.

was prepared by Philip M. Holden, MAI & Timothy S. Holden, MAI of S.F. Holden, Inc. and the other was report was prepared by Robert D. Miller, ASA of The Urban Group. The following summarizes the value of each report.

	<u>Before Value</u>	<u>After Value</u>	<u>Easement Value</u>
Holden Appraisal	\$9,975,000	\$2,495,000	\$7,480,000
Miller Appraisal	\$9,975,000	\$2,495,000	\$7,480,000

After review of the reports and some revisions performed by the appraisers, I have determined that the reports are acceptable as submitted and have been completed substantially in conformance with USPAP and SASBOT. More specific analysis supporting this assertion is presented within the narrative of this report.

Respectfully submitted,

ALBRIGHT & ASSOCIATES of Ocala, Inc.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

Intended Use of Appraisal Review

The specifically designed and intended use of this appraisal review is to evaluate compliance with the applicable standards (USPAP and SASBOT) and the client's instructions and whether the appraisals under review are appropriate for their intended use. Use of this appraisal review is prohibited as it relates to any function other than that identified herein.

Intended User of Appraisal Review

The intended users of this appraisal review are ICF Incorporated, LLC, the Florida Department of Agriculture and Consumer Services, Martin County and the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida. The specific client of the assignment includes ICF Incorporated, LLC c/o Valerie Kennedy.

Purpose and Objective of Appraisal Review

The purpose of the appraisal review is to form an opinion about the quality of the work under review encompassing completeness, adequacy, relevance, appropriateness, and reasonableness. It was also necessary to check that the reports comply with applicable standards and specific assignment instructions. The purpose does not include the development of an independent opinion of value.

Identification of Reviewed Appraisal Report

One of the reviewed reports was prepared by Philip M. Holden, MAI (State-Certified General Real Estate Appraiser RZ1666) and Timothy S. Holden, MAI (State-Certified General Real Estate Appraiser RZ3683) with a date of report of July 8, 2026 and file number identified as Job No. 3681. This report included a letter of transmittal, main body of 84 numbered pages and an addenda section.

The other reviewed report was prepared by Robert D. Miller, ASA (State-Certified General Real Estate Appraiser RZ1270) of The Urban Group with a date of report of July 10, 2026. This report included a letter of transmittal, main body of 119 numbered pages and an exhibits & addenda section

A copy of each report has been retained in my files.

Subject of Reviewed Appraisal

The reviewed reports identify the subject property as 498.79 gross acres located at the corner of Fox Brown Rd and SW Martin Hwy in Martin County, Florida (identified as the Turnpike Dairy, Inc. Property). A legal description of the subject property was provided in both reviewed reports.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

Objective and Use of Reviewed Appraisal

The indicated purpose of Holden appraisal is “to estimate the market value of the subject property before the “Deed of Rural Lands Protection Easement” is implemented and the market value of the subject property after the “Deed of Rural Lands Protection Easement” is implemented, the mathematical difference being attributable to the impact that the “Deed of Rural Lands Protection Easement” has on market value subject to the encumbrances listed in the title policy provided and the terms of the proposed easement.” Similarly, the Miller appraisal includes a purpose to “estimate the “As Is” current market value of the subject and the value subject to a proposed conservation easement.”

The appraisers referenced the definition of market value from the “Supplemental Standards, DEP March 2016.” The intended use of the Holden appraisal is “to assist the client and intended users with acquisition decisions regarding the potential conservation easement.” Similarly, the intended use of the Miller appraisal is for “consideration in determining the market value of the conservation easement lands entering the Rural Family Lands Protection Program.” The intended users of the reports were indicated to be ICF Incorporated, LLC (also the client), the Florida Department of Agricultural and Consumer Services, Martin County and the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida.

Property Ownership Interest of Reviewed Report

The reviewed reports indicate that the property rights appraised consist of the fee simple interest subject to exceptions from the title policy in the “before” valuation and the fee simple interest subject to exceptions from the title policy and the proposed conservation easement in the “after” valuation. The difference in these two valuations represents the impact (or rights acquired) from the proposed conservation easement.

Relevant Dates of Reviewed Report

Date of Report:	Holden (July 8, 2026); Miller (July 10, 2026)
Effective Valuation Date:	June 1, 2026 (both reports)
Inspection Date:	June 1, 2026; in addition to the referenced appraisers (Phil Holden inspected the subject later on June 12, 2026), Stephen Albright (review appraiser), Miles Albright (review appraiser assistant), Valerie Kennedy (client), Keith Fountain (property owner representative), Amy Phillips (FDACS representative), Rick Hartman (property owner representative) and John & Scott Legg (property owners) were present

ALBRIGHT & ASSOCIATES of Ocala, Inc.

Extraordinary Assumptions and/or Hypothetical Conditions of the Reviewed Report

The reviewed reports includes a hypothetical condition that the proposed conservation easement has been implemented for the “after” valuation. Also, both reports include an extraordinary assumption that the same exact terms and conditions of the proposed conservation easement will be implemented if negotiations for the acquisition are successful. The Miller report includes an additional extraordinary assumption that the subject gross site size as provided by the client is accurate. The appraisal reports both indicate that the use of the extraordinary assumption and hypothetical condition might have affected the assignment results.

Identify Appraiser of Reviewed Report

Again, one of the reviewed appraisal reports was prepared and signed by Philip M. Holden, MAI (State-Certified General Real Estate Appraiser RZ1666) and Timothy S. Holden, MAI (State-Certified General Real Estate Appraiser RZ3683) while the other reviewed report was prepared by Robert D. Miller, ASA (State-Certified General Real Estate Appraiser RZ1270) of The Urban Group.

While the Holden report indicates that “no one provided significant professional assistance to the persons signing this report,” the Miller report indicates that “Benjamin Manburg provided significant professional assistance to the person signing this report.”

ALBRIGHT & ASSOCIATES of Ocala, Inc.

Scope of Work

USPAP specifically indicates that for each appraisal and appraisal review assignment, an appraiser must:

1. Identify the problem to be solved;
2. Determine and perform the scope of work necessary to develop credible assignment results;
3. Disclose the scope of work in the report.

To that end, Valerie Kennedy of ICF Incorporated, LLC, requested a technical review of the appraisals of the property identified herein for the intended use described earlier. As such, the problem to be solved for this assignment is to form an opinion about the quality of the work under review encompassing completeness, adequacy, relevance, appropriateness, and reasonableness. It was also necessary to check that the reports comply with applicable standards and specific assignment instructions. The purpose does not include the development of an independent opinion of value. To that end, the necessary scope of work to develop a credible result includes the following.

- Review the provided copies of the identified appraisal reports.
- The date of my review was July 6, 2026 through July 7, 2026. The date of my review report is July 11, 2026.
- Form opinions regarding the credibility and appropriateness of the reviewed reports consistent with requirements of USPAP and SASBOT. Again, the specific scope of work of this particular assignment does not include forming an independent opinion of value. It is also noted that the reviewer has not researched the marketplace to confirm reported data or to reveal data which may have been more appropriate to include in the appraisal reports nor has the reviewer inspected the comparable sales properties presented in the reviewed reports.
- Prepare a narrative report consistent with the requirements of USPAP and SASBOT.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

Appraiser's Descriptive Analysis

The following summarizes the descriptive analysis of the reviewed report.

The reports includes thorough and adequate descriptions of both the subject's general area (Martin County) and neighborhood. The neighborhood is positioned in northwesterly Martin County (north of the Indiantown area) which includes a predominance of larger agricultural tracts. Per the Holden report, "The long-term forecast for the western portion of the county is for rural residential uses at one dwelling per 20 acres, with more intense development focused only in the Indiantown CRA Overlay District, located several miles southeast of the subject, which encompasses an area of about 5,000 acres and contains a wide variety of envisioned land uses, including commercial, industrial and residential." The main access to the area includes SW Martin Hwy that provides connection to the I-95 corridor. Finally, the area is influenced by the coastal markets of the Treasure Coast and Palm Beaches.

The subject property is within the reported ownership of Turnpike Dairy, Inc. There have been no sales or transfers of the subject for more than the past five years. Further, the subject property was not formally listed for sale as of the date of valuation. The property is presently used for cattle grazing and recreation (hunting). The subject consists of the majority of the following parcels of record (from the Holden report along with the 2025 assessment):

<i>Turnpike Dairy, Inc.</i>						
2025 Assessment and Taxes						
<i>PCN</i>	<i>Acreage</i>	<i>Land Value</i>	<i>Impvt Value</i>	<i>Market Value</i>	<i>Assessed/Taxable Value</i>	<i>Taxes</i>
19-38-38-000-000-00020-6	31.26	\$ 825,980	\$ -	\$ 825,980	\$ 6,480	\$ 102.08
20-38-38-000-000-00010-6	207.51	\$ 2,395,977	\$ 220,410	\$ 2,616,387	\$ 265,320	\$ 4,180.09
20-38-38-000-000-00030-0	286.45	\$ 3,222,517	\$ -	\$ 3,222,517	\$ 75,910	\$ 1,195.96
TOTAL	525.22	\$ 6,444,474	\$ 220,410	\$ 6,664,884	\$ 347,710	\$ 5,478.13

The site includes 498.79 AC (gross size) and, based on information supplied by the client, includes 53.01 AC (or 11%) of wetlands. There are 15.78 AC of Special Natural Areas (SNAs) as part of the native wetlands. The site includes generally level terrain with no elevations within the 100-year flood plain. The subject is slightly irregular in shape acknowledging that there is an improved "out-parcel" along SW Fox Brown Rd within the subject ownership but not proposed for easement encumbrance and, as such, not included in the valuation. The site includes a predominance of improved pasture along with forested native lands with good drainage and appealing landscape. Access to the subject property is via direct frontage along SW Fox Brown Rd and SW Martin Hwy, both including two-lane, paved public rights of way. Electricity is provided to the subject property. Central water and sewer are not presently in the area.

The appraisers cite no adverse exceptions from the referenced title commitment prepared by

ALBRIGHT & ASSOCIATES of Ocala, Inc.

Investors Title Insurance Company, Title Commitment No. 26-40251CF and dated March 5, 2026. In that regard, the document indicates (16) exceptions. Items 1 through 7 and Items 13-16 are standard exceptions or releases of no impact. Item 8 is associated with outstanding OGM rights. However, the claim does not reference right of entry and, as noted from a OGM memo provided by the client, there is low potential for any viable sub-surface hydrocarbons. In the final analysis, these outstanding reservations were deemed to have minimal impact on the subject by both appraisers. Items 9, 10 and 11 are associated with various utility and/or access easement which were also deemed on no significant adverse impact. Finally, Item 12 is associated with a wetlands easement which are reportedly not associated with the subject property.

The subject is only nominally improved with fencing, gates, watering holes and wells. The only structure includes an older hunting cabin in poor (unusable) condition.

The subject has a future land use designation of Agricultural with a maximum density of development of one dwelling unit per 20 AC. The corresponding zoning designation is A-2, Agricultural. These designations permit a blend of residential and agriculture uses.

The following map was provided by the client and included in both reports.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

Appraiser's Valuation and Conclusions

In the “before” valuation, the appraisers concluded similar highest and best use for continued agricultural/recreational use with potential for future rural residential. In support of that conclusion, the appraisers cite the subject’s physical attributes as conducive towards these uses. The subject’s extensive road frontage is particularly conducive towards rural residential subdivision development (potential density of up to one unit per 20 AC). The subject also benefits from influence from the affluent coastal populations of Martin and Palm Beach Counties. With respect to the “after” valuation, the appraisers concluded similar highest and best use limited to rural recreation and agricultural as the easement allows no residences and no division. As such, development to maximum density has been eliminated. To that end, the appraisers included a comparison grid/chart of rights before and after placement of the easement which eliminates these potential uses available before placement of the easement. In summary, the appraisers have adequately and convincingly addressed the issue of highest and best use for the subject property.

The valuation of the subject property includes reliance upon the Sales Comparison Approach which was explained as the only applicable approach to value for the subject property type in the subject market. Not surprisingly, there was a significant overlap of data between the two reports. The Holden appraisal included the following comparable lands sales for the “before” and “after” valuations:

[Holden “Before” Comparable Sales]

Element of Comparison	Sale 1	Sale 2	Sale 3
Location	Martin Co	Martin Co	Martin Co
Sale Date	April of 2025	June of 2023	May of 2026
Size (Gross AC)	112.29	257.76	1,222.13
Percentage Uplands	99%	94%	82%
Sale Price (\$/Gross AC)	\$24,935	\$19,786	\$17,594
Overall Rating	Superior	Similar	Inferior

Each of the sales are current and include similar entitlements with the conveyance of the fee simple interest. All three sales are located in rural areas of Martin County. The appraiser included a map, detailed data sheet, aerial photo and deed for each comparable property. The appraiser utilized a qualitative adjustment process for comparison of the sales with the subject property which is widely accepted and appropriate for this type of valuation. As described in the prior chart, Sale 1 is superior, Sale 2 is similar and Sale 3 is inferior. The appraiser reconciles a final opinion of market value toward the central tendency or \$20,000/AC or \$9,975,000.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

[Holden "After" Comparable Sales]

Element of Comparison	Sale 1	Sale 2	Sale 3	Sale 4
Location	Okeechobee Co	Okeechobee Co	Manatee Co	Polk Co
Sale Date	Oct of 2024	Sept of 2025	Oct of 2023	Nov of 2024
Size (Gross AC)	1,471.24	758.05	1,044.88	1,112.73
Percentage Uplands	89%	75%	68%	82%
Sale Price (\$/Gross AC)	\$5,451	\$5,013	\$3,828	\$3,497
Overall Rating	Superior	Similar	Inferior	Very Inferior

Each of the sales are current or fairly current and include similar entitlements including encumbrance by conservation easement. The appraiser included a map, detailed data sheet, aerial photo and deed for each comparable property. The appraiser utilized a qualitative adjustment process for comparison of the sales with the subject property which is widely accepted and appropriate for this type of valuation. As described in the prior chart, Sale 1 is superior, Sale 2 is similar and Sales 3 and 4 are inferior to some degree. The appraiser reconciles a final opinion of market value toward the upper-central tendency or \$5,000/AC which equates to a value of \$2,495,000, rounded.

The two Holden valuations result in a residual to the easement interest value of \$7,480,000 or about \$15,000/AC.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

The Miller appraisal included the following comparable lands sales for the “before” and “after” valuations:

[Miller “Before” Comparable Sales]

Element of Comparison	Sale 1	Sale 2	Sale 3	Sale 4
Location	Martin Co	Martin Co	Martin Co	Martin Co
Sale Date	April of 2025	Jan of 2024	May of 2026	June of 2023
Size (Gross AC)	112.29	3,772.17	1,222.13	257.75
Percentage Uplands	98%	90%	82%	94%
Sale Price (\$/Gross AC)	\$24,935	\$17,404	\$17,594	\$19,786
Overall Rating	Superior	Inferior	Inferior	Similar

Each of the sales are current and include similar entitlements with the conveyance of the fee simple interest. All sales are located in rural areas of Martin County. The appraiser included a map, detailed data sheet, aerial photo and deed for each comparable property. The appraiser utilized a qualitative adjustment process for comparison of the sales with the subject property which is widely accepted and appropriate for this type of valuation. As described in the prior chart, Sale 1 is superior, Sales 2 and 3 are inferior and Sale 4 is similar. The appraiser reconciles a final opinion of market value toward the central tendency or \$20,000/AC or \$9,975,000.

[Miller “After” Comparable Sales]

Element of Comparison	Sale 5	Sale 6	Sale 7	Sale 8
Location	Nassau Co	Alachua Co	Okeechobee Co	Polk Co
Sale Date	Nov of 2023	May of 2022	Sept of 2025	Apr of 2024
Size (Gross AC)	70.00	73.70	758.05	666.67
Percentage Uplands	35%	80%	75%	54%
Sale Price (\$/Gross AC)	\$5,179	\$4,885	\$5,013	\$9,439
Overall Rating	Similar	Similar	Similar	Superior

Each of the sales are fairly current and include similar entitlements including encumbrance by conservation easement. The appraiser included a map, detailed data sheet, aerial photo and deed for each comparable property. The appraiser utilized a qualitative adjustment process for comparison of the sales with the subject property which is widely accepted and appropriate for this type of valuation. As described in the prior chart, Sales 5 through 7 are all rated similar overall while Sale 8 is superior. The appraiser reconciles a final opinion of market value toward the lower tendency or \$5,000/AC which equates to a value of \$2,495,000, rounded.

The two Miller valuations result in a residual to the easement interest value of \$7,480,000 or about \$15,000/AC.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

The appraisers also provided opinions of reasonable marketing time and reasonable exposure time for the valuations. More specifically, the marketing time/exposure time in the Holden report was estimated at 6 to 12 months for exposure/marketing time in both valuations while the Miller report includes an estimate of 6 to 12 months for exposure/marketing in both valuations. Finally, both reports include a completed Bureau of Appraisal - Appraisal Checklist in the Addenda of the report.

The appraisals include the same opinion of market value.

Final Review Analysis and Comments

The reviewed reports were found to be well presented, comprehensive and informative in terms of the description of the subject's physical and locational attributes as well as the valuation process. Further, the reports were prepared in substantial conformance with requirement of USPAP and SASBOT, acknowledging some revisions completed by the appraisers.

The highest and best use analysis of the reports included specific consideration to each of the four tests and results in a convincing conclusion. The appraisers appropriately relied upon the Sales Comparison Approach for the valuation. In that regard, the approach benefits from current and relevant sales for the "before" and "after" valuations which are from the subject market area and include similar highest and best use. The adjustment procedure was effectively employed in the report and resulted in convincing conclusions of market value. This review assignment requires no additional extraordinary assumptions or hypothetical conditions.

In summary, the appraisal reports referenced herein are considered acceptable and approvable by the signed reviewer.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

Certification

The undersigned certifies that, to the best of my knowledge and belief:

1. The facts and data reported by the review appraiser and used in the review process are true and correct.
2. The analyses, opinions, and conclusions in this review report are limited only by the assumptions and hypothetical conditions stated in this review report and are my personal, impartial and unbiased professional analyses, opinions and conclusions.
3. I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of this report or to the parties involved in this assignment.
5. My engagement in this assignment was not contingent upon developing or reported predetermined results.
6. My compensation is not contingent on an action or event resulting from the analyses, opinions, or conclusions in this review or from its use. Further, my compensation for completing this assignment is not contingent upon the development or reporting of predetermined assignment results or assignment results that favors the cause of the client, the attainment of stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal review.
7. To the best of my knowledge and belief, the reported analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the *Code of Professional Ethics* and the *Standards of Professional Practice* of the Appraisal Institute, the *Uniform Standards of Professional Appraisal Practice* and the *Supplemental Appraisal Standards for the Board of Trustees Division of State Lands, Bureau of Appraisal, Florida Department of Environmental Protection, March 2016*.
8. The appraisal reviewed is in substantial compliance with the *Uniform Standards of Professional Appraisal Practice*, the *Supplemental Appraisal Standards for the Board of Trustees*, as well as *Rule 18-1.006, Florida Administrative Code (FAC)*.
9. The use of this review report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
10. I have made a personal inspection of the property that is the subject of the reviewed report.

ALBRIGHT & ASSOCIATES of Ocala, Inc.

11. No person added significant real property appraisal or appraisal review assistance except as specified.

12. *Uniform Standards of Professional Appraisal Practice* require appraisers, prior to accepting assignments, to possess experience and skill necessary for completion, or:

- A. Disclose lack of knowledge and/or experience before assignment acceptance.
- B. Take necessary and appropriate steps to complete assignment competently.
- C. Describe lack of knowledge and/or experience in appraisal report.
- D. Describe steps taken to complete assignment competently in appraisal report.

I have performed appraisals and/or review of properties similar to the subject (including a wide variety of conservation easements and in Martin County) for various private- and public-sector clients for more than 32 years.

13. At the date of this report, I, Stephen J. Albright, Jr., have completed the continuing education program for Designated Members of the Appraisal Institute.

14. As of the date of publication of this review report, I have completed no professional services (appraisal or otherwise) associated with the subject property of the reviewed report within the three years preceding this assignment.

MEMORANDUM OF AGREEMENT
BETWEEN
FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES,
RURAL AND FAMILY LANDS PROTECTION PROGRAM
AND
MARTIN COUNTY BOARD OF COUNTY COMMISSIONERS

THIS MEMORANDUM OF AGREEMENT is entered into this 28th day of July, 2026, by and between the **FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES, RURAL AND FAMILY LANDS PROTECTION PROGRAM**, (RFLPP), which acts as agent for acquisitions by the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida (Trustees), and **MARTIN COUNTY BOARD OF COUNTY COMMISSIONERS**, a political subdivision of the State of Florida, whose mailing address is 2401 SE Monterey Road, Stuart, Florida 34996 (County). RFLPP and County may be collectively referred to herein as the "Parties". Wherever used herein the terms "RFLPP" and "County" shall include their legal representatives, assigns, and successors.

RECITALS

A. The RFLPP and the County are authorized to enter into acquisition agreements to cooperatively and efficiently use their various powers to provide a mutually beneficial public purpose that will advance the health, education, safety, and general welfare of the citizens of the state of Florida.

B. The RFLPP and the County, in recognition of their mutual conservation efforts and responsibilities to the public, desire to enter into this Memorandum of Agreement (Agreement) to facilitate the acquisition of certain rights over the parcel(s) of real property located in Martin County, Florida, legally described on Exhibit B attached hereto. Collectively, the parcels are known as "Turnpike Dairy" and shall be referred to herein as the "Property".

C. The County has determined the Property is eligible, pursuant to Martin County Ordinance No. 1221, for funding under the County's land acquisition program for purchase of easements over environmentally or agriculturally significant lands within Martin County.

D. The RFLPP has determined the Property is eligible for funding as a perpetual rural lands protection easement, under which the RFLPP and the County shall be co-grantees (Easement) as a project approved by the Board of Trustees of the Internal Improvement Trust Fund due to its significant agricultural attributes. The Parties agree that the Easement shall be substantially in the form attached hereto as Exhibit C.

E. The Parties have agreed to each pay a share of the purchase price for the rights acquired in the Property, as set forth herein.

F. The Property is environmentally significant, provides for ongoing agricultural operations, and will further the conservation goals of the County and the RFLPP.

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants and conditions contained herein, and for other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties agree as follows:

1. The foregoing Recitals and the Exhibits attached hereto are true and correct and are incorporated herein by reference for all purposes and expressly made a part of this Agreement.

2. The Parties shall cooperatively negotiate the acquisition of the Easement over the Property as illustrated in Exhibit A attached hereto. The Parties may agree to amend Exhibit A or Exhibit B to this Agreement, as necessary, to change the boundaries of the parcel(s). Working cooperatively with County staff, the RFLPP will be the lead agency in pursuing the acquisition of the Easement over the Property, including but not limited to negotiations, obtaining appraisals, title work and reports, and preparation of closing documents and post-closing matters.

3. Pre-acquisition. The RFLPP shall be responsible for providing an appraisal map or survey suitable for use in preparing appraisals in compliance with the procedures and requirements set forth in Section 570.715, Florida Statutes and Rule Chapter 5I-7, Florida Administrative Code (F.A.C.). The RFLPP shall provide a copy of all appraisals and due diligence documents to the County during the negotiation process. The RFLPP will be responsible for up to 100% of all pre-acquisition costs.

4. The Parties agree that RFLPP will take the lead in negotiating for the acquisition of the Easement. The Parties agree to provide any documentation requested by the other party. The contract to acquire the Property will be on RFLPP forms with any changes mutually agreed to by County and the RFLPP. The contract will name the Trustees as purchaser.

5. The purchase price to be paid will be based on appraisals per Section 570.715, Florida Statutes and rules 5I-7.009 and 5I-7.013, F.A.C., based on an estimated acreage and shall be apportioned as follows, where the maximum is:

County – An amount not to exceed 50 percent (50%) of the Easement purchase price*

RFLPP – The remainder of the purchase price of the Easement*

*The final amounts may be adjusted based on the final certified acreage as shown on the applicable surveys or the easement(s) purchase price if less than the appraised value.

6. The County's share shall be up to 50 percent (50%) of the purchase price of the Easement. The Trustees' share shall be the remainder of the purchase price of the Easement plus the closing costs. For purposes of this Agreement, "closing costs" shall be limited to the cost of the survey, environmental audit, title insurance, recording costs, and any other costs as agreed upon by the Parties, provided that in no case shall the County be responsible for the payment of real estate brokerage fees. The purchase price agreed to be paid to the landowners shall not exceed the maximum value of an easement as determined in accordance with rule 5I-7.009, F.A.C. In the

event County's share of the purchase price as described above exceeds County's available funds, it is understood and agreed that this Agreement shall terminate, and the RFLPP may elect to acquire the Easement on behalf of the Trustees without the participation of County. The County may acquire the Easement without the participation of the RFLPP if the RFLPP has insufficient funds to complete the purchase of the Easement. The Parties agree that RFLPP will obtain title and closing services for the closing of the Easement covered under this Agreement.

7. The RFLPP's and the County's obligations to fund their specified portions of the purchase price for the Easement are contingent upon the approval of these purchases by the Trustees and the County; the RFLPP's and the County's review and approval of the proforma title insurance policy to be provided by the RFLPP, environmental site assessment, survey, and closing documents; and any other matters affecting closing, at the reasonable discretion of the RFLPP's and the County's legal counsel, and is further contingent upon the availability of funding from sources acceptable to the RFLPP and the County. Payment by each party of its share of funds to the closing agent for closing shall evidence approval of all such matters prior to closing. Any duty of the Parties to perform under the provisions of this Agreement is contingent on an annual appropriation therefor by the Florida Legislature or the County as applicable.

8. In accordance with the provisions of Section 570.715(5), Florida Statutes and Rules 5I-7.009 and 5I-7.013, F.A.C., the County, on its behalf and on behalf of its employees and agents, shall maintain the confidentiality of all appraisal reports and information, and must obtain the consent of the Department prior to disclosing the information to any other person, until such time as they become a public record. The Parties understand that all documents, letters, maps, and all other materials, including appraisal reports and information (Records) specifically related to the acquisition of the Easement will become a public record as defined in Chapter 119, Florida Statutes and in accordance with Section 570.715(5), Florida Statutes. The Parties agree to share any and all negotiation files, after negotiations with the owner have terminated.

9. Landowners will assume primary management responsibility for the Property in accordance with the terms of the Easement. The RFLPP will assume the primary monitoring and enforcement responsibilities under the terms of the Easement.

10. Title to the Easement shall be held jointly in the name of the Board of Trustees of the Internal Improvement Trust Fund and Martin County.

11. This Agreement constitutes the entire agreement of the Parties. There are no understandings dealing with the subject matter of this Agreement other than those contained herein. This Agreement may not be modified, changed, or amended, except by a writing signed by the Parties hereto.

12. Nothing contained in this Agreement or in any instruments executed pursuant to the terms of this Agreement shall be construed or interpreted as a waiver of any right, privilege, or immunity, whether in contract or tort, that the RFLPP or the County may enjoy under the doctrine of sovereign immunity, or the limitations of liability set forth in Section 768.28, Florida Statutes, and any amendments thereto.

13. This Agreement shall be construed and interpreted according to the laws of the state of Florida.

14. For all purposes of this Agreement, the Effective Date hereof shall mean the date when the last of the County or the RFLPP has executed the same, and that date shall be inserted at the top of the first page hereof.

15. This Agreement will expire one year from the date of execution or upon closing of the purchase transaction contemplated herein, whichever is sooner.

[SIGNATURES APPEAR OF FOLLOWING PAGES]

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement to become effective as of the date the last party executes the Agreement, and that date shall be entered above.

DEED OF RURAL LANDS PROTECTION EASEMENT

THIS DEED OF RURAL LANDS PROTECTION EASEMENT is made this ____ day of _____ 202_, by TURNPIKE DAIRY, INC., a Florida corporation, whose address is 3250 SW Boatramp Avenue, Palm City, Florida 34990, ("Grantor"), in favor of the BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND OF THE STATE OF FLORIDA, whose address is Florida Department of Agriculture and Consumer Services, Rural and Family Lands Protection Program, 315 South Calhoun Street, Suite 500, Tallahassee, Florida 32301-1843 ("State Grantee") and MARTIN COUNTY BOARD OF COUNTY COMMISSIONERS, a political subdivision of state of Florida, whose address is 2401 SE Monterey Road, Stuart, Florida 34996, ("County Grantee"). State Grantee and County Grantee collectively shall be "Grantees."

The terms "Grantor" and "Grantee" shall include the singular and the plural, and the heirs, successors and assigns of Grantor and Grantee, and the provisions of this Easement shall be binding upon and inure to the benefit of Grantor, Grantee and their heirs, successors, and assigns.

NOTICES

All notices required to be given pursuant to this Deed of Rural Lands Protection Easement shall be sent to the parties at the following addresses.

Grantor's Address: Turnpike Dairy, Inc., John L. Legg, 3250 SW Boatramp Road, Palm City, Florida 34990

State Grantee's Address: Florida Department of Agriculture and Consumer Services, 315 South Calhoun Street, Suite 500, Tallahassee, Florida 32301-1843.
Attention: Program Director, Rural and Family Lands Protection Program.

County Grantee's Address: Martin County, 2401 SE Monterey Road, Stuart, Florida 34996.

RECITALS

A. Grantor is the sole owner in fee simple of certain real property described in Exhibit "A" attached hereto ("Property"), which is the subject of the terms of this Deed of Rural Lands Protection Easement ("Easement").

B. This Easement is acquired under the Rural and Family Lands Protection Program administered by the Florida Department of Agriculture and Consumer Services ("FDACS"). The goal of this program is to protect the integrity, economic viability, and function of working landscapes, ensure opportunities for sustainable agricultural activities on working lands, and to promote the conservation, restoration, and enhancement of species habitat and natural areas consistent with sustainable agricultural activities and the purposes for which this Easement is acquired.

C. The fact that any use of the Property that is expressly prohibited by the terms of this Easement may become greatly more economically valuable than uses allowed by the terms of this Easement, or that neighboring properties may, in the future, be put entirely to uses that are not allowed by this Easement has been considered by Grantor in granting this Easement and by Grantees in accepting it.

D. Grantor and the Grantees mutually recognize the special character of the Property as a working landscape that has traditionally been used for agriculture, as that term is defined in Section 570.02(1), Florida Statutes, and have the common purpose of conserving certain values and character of the Property by conveyance to the Grantees of a perpetual Easement on, under, over, and across the Property, to conserve the character of the Property, continue certain land use patterns that are consistent with the purposes of this Easement, and prohibit certain further development activities on the Property.

E. The existing agricultural uses and ecological values of the Property are documented in the Baseline Documentation Report ("BDR") for the Property signed by Grantor and State Grantee and dated _____. The BDR consists of reports, maps, photographs, and other documentation that the parties agree provide, collectively, an accurate representation of the Property at the time of this Easement and which is intended to serve as an objective information baseline for monitoring compliance with the terms of this Easement. The BDR is maintained in the offices of the FDACS and is incorporated in this Easement by this reference. A copy of the BDR is available from the FDACS upon request.

F. Significant Natural Area ("SNA"). There are certain agricultural lands with important species habitat or water resources occurring within the boundaries of the Property, more particularly identified as SNA(s) in the BDR. An SNA is defined as a particularly outstanding or sensitive area that the parties agree are desirous of protection due to the presence of the following: 1) high-quality terrestrial or aquatic habitats, which possess significant biodiversity, high-quality resources, intact community organization, or other ecologically significant qualities; 2) habitats for rare species of plants or animals; or 3) significant geological features or historic sites. Designation of an SNA accords an extra level of protection, ensuring that the natural or cultural features within the SNA will continue to be managed appropriately and, in a manner, ensuring the continued protection of the resources. While the designation of these areas as SNAs in the BDR is intended to set them aside for conservation, management activities in an SNA may include activities commensurate with the management of conservation lands to include such activities as prescribed burning, removal of invasive species and native species restoration, and maintenance of existing agricultural structures, primarily roads, fences, drainage improvements, and boundary signs. In addition, Grantor may continue livestock grazing in an SNA, as long as Grantor's management of such grazing activity protects the quality and integrity of the SNA. Other activities that may be undertaken in SNAs are scientific research, environmental education, and activities related to ecosystem services market programs, at Grantor's sole discretion. The SNAs are identified on the map in Exhibit "B" attached hereto.

G. State Grantee, under the terms of Section 570.71, Florida Statutes, and County Grantee, a political subdivision of the state, are authorized to jointly hold easements for the preservation and protection of agricultural lands threatened by conversion to other uses, as well as the promotion and improvement of wildlife habitat, protection and enhancement of water bodies, aquifer recharge areas, wetlands and watersheds, and perpetuation of open space on lands with SNAs.

H. Conservation Purpose. The definition of "conservation purpose" contained in 26 U.S.C. 170(h)(4), includes the preservation of open space, including farmland and forest land, where such preservation is pursuant to a clearly delineated state conservation policy and will yield a significant public benefit. The Rural and Family Lands Protection Program, is a state conservation policy, delineated in Chapter 570, Florida Statutes established for the promotion and improvement of wildlife habitat, protection and enhancement of water bodies, aquifer recharge areas, wetlands, and watersheds, perpetuate open space on lands with significant natural areas, and protect agricultural lands threatened by conversion to other uses. Grantor and the Grantees have the common purpose of conserving open space by conveyance to the Grantees of this Easement and expect this Easement will yield a significant public benefit consistent with the enumerated purposes of the Rural and Family Lands Protection Program.

I. The parties agree to honor the purposes for which this Easement is acquired and to preserve and protect in perpetuity the values of the Property for the benefit of this generation and the generations to come.

NOW, THEREFORE, to achieve these purposes, and in consideration of \$10.00 and other good and valuable consideration, including the recitals above, and the mutual covenants, terms, conditions, and restrictions contained herein, the receipt and sufficiency of which is acknowledged, and pursuant to the laws of Florida, and in particular Section 570.71, Florida Statutes, but without intending the validity of this Easement to be dependent on the continuing existence of such laws, Grantor hereby voluntarily grants and conveys to Grantees this Easement in perpetuity over the Property of the nature and character hereinafter set forth, and the parties intending to be bound hereby agree as follows:

ARTICLE I. RECITALS

The Recitals set forth above are true and correct and incorporated herein by reference.

ARTICLE II. DURATION OF EASEMENT

This grant of Easement over the Property shall be perpetual. It is an easement in gross, runs with the land, and is enforceable by State Grantee against Grantor, Grantor's personal representatives, heirs, successors and assigns, lessees, agents, guests, and licensees.

ARTICLE III. PURPOSE OF EASEMENT

It is the purpose of this Easement to (i) effect the Rural and Family Lands Protection Program ("RFLPP") pursuant to Florida Statutes; (ii) assure that the Property will be retained forever in its condition as a working landscape; (iii) preserve the Property as productive agricultural land that sustains for the long term both the economic and ecological values of the Property and its environs; and (iv) provide a relatively natural habitat for fish, wildlife, plants, or similar ecosystems, through management guided by the following principles:

- Maintenance of economically viable agricultural practices that protect the landscape as a working enterprise in harmony with the open space and scenic qualities of the Property.
- Maintenance of soil productivity and control of soil erosion.
- Maintenance or improvement of the overall quality of the timber resource.
- Protection of the integrity and function of the working landscape, including any buffers to natural areas, ecological greenways and functioning ecosystems.

- Promotion of the restoration, enhancement, or management of species habitat.
- Protection, restoration, or enhancement of water bodies and aquifer recharge areas including uplands and springsheds, wetlands, or watersheds.
- Conservation and protection of unique and fragile natural areas and rare species habitats.
- Perpetuation of open space on working lands that contain SNAs.
- Allowance of appropriate uses of the Property for activities which will provide long term economic sustainability.

The above purposes (i.e., clauses (i) through (iv), inclusive of the bulleted principles) are hereinafter referred to as the “Easement Purposes.” Grantor agrees that this Easement will confine the use of the Property to such activities as are consistent with the Easement Purposes, and Grantor agrees to manage the Property in a manner consistent with the Easement Purposes.

ARTICLE IV. RIGHTS GRANTED TO THE GRANTEES

To accomplish the Easement Purposes the following rights are conveyed to the Grantees by this Easement:

- A. All future residential, commercial, and industrial rights, together with all development rights incidental thereto, that are now or hereafter allocated to, implied, reserved, or inherent in the Property except as may be specifically reserved to Grantor in this Easement. The parties agree that such rights are hereby terminated and extinguished and may not be used on or transferred to other property. Neither the Property nor any portion thereof may be included as part of the gross area of other property not subject to this Easement for the purposes of determining density, lot coverage, or open space requirements, under otherwise applicable laws, regulations or ordinances controlling land use and building density. No development rights that have been encumbered or extinguished by this Easement shall be transferred to any other lands pursuant to a transferable development rights scheme or cluster development arrangement or otherwise. Nor shall any development rights or density credits be transferred onto the Property from other property.
- B. The right to have the ad valorem taxes, assessments and any other charges on the Property paid by Grantor.
- C. The right to prior notice of Grantor’s intent to sell or transfer title as provided in Article X, Paragraph G. This right of notice shall be triggered by sales or transfers of title by Grantor, including gifts and bequests as well as transfers to entities in which Grantor owns, directly or indirectly, a majority of the controlling interests.
- D. The right to be indemnified by Grantor for any and all liability, loss, damage,

expense, judgment or claim arising out of or related to any negligent or willful act or omission of the Grantor, Grantor's agents, guests, lessees, licensees, invitees, or any others on the Property with the express or implicit permission of Grantor.

E. The right to be indemnified by Grantor for any liability for injury or property damage to persons on the Property arising out of any condition of the Property known, or should have been known, to the Grantor.

F. The right to have the Property maintained in accordance with the terms of this Easement, understanding that the Property may develop through the forces of nature hereafter, subject only to the exercise of Grantor's Reserved Rights, and the Rights Granted to the Grantees, as described in this Easement.

ARTICLE V. RIGHTS TO INSPECT, MAINTAIN, AND ENFORCE GRANTED TO THE STATE GRANTEE

To accomplish the Easement Purposes the following rights are conveyed to the State Grantee by this Easement:

A. The right to enforce protection of the Easement Purposes of the Property for which this Easement was acquired.

B. The right to enter upon the Property on an annual basis, and more often if State Grantee determines that such entry is warranted, at reasonable times in order to inspect and monitor compliance with and otherwise enforce the terms of this Easement ("Inspections"); provided that such entry shall be upon prior reasonable notice to Grantor, which, except in the event of an emergency or enforcement requiring immediate access as determined by State Grantee, is defined as seven (7) days advance notice. State Grantee shall not unreasonably interfere with Grantor's use and quiet enjoyment of the Property.

C. The right to conduct Inspections, annually or otherwise, to monitor Grantor's compliance with the terms of this Easement shall be in accordance with Rule Chapter 5I-7, F.A.C., and the Easement Monitoring Form attached hereto as Exhibit "C". The Grantee will review the completed monitoring form after each inspection and shall determine whether the uses and activities on the Property are consistent with the terms of this Easement and, where applicable, Grantee will enforce the terms through a corrective action plan, as agreed to by Grantor and State Grantee; however, nothing in this section prohibits the Grantor and the State Grantee from mutually agreeing to a reasonable opportunity to cure an identified deficiency in lieu of establishing a corrective action plan. Upon State Grantee's finding that Grantor is in compliance with the terms of this Easement, a copy of the completed monitoring form will be provided to the Grantor and a copy will be retained by the State Grantee for a minimum of five (5) years. Upon a finding of noncompliance, a corrective action plan

may be developed, which may be a notation in the comments section on the monitoring form regarding completion of certain actions or cessation of actions in order to attain compliance or the plan may be a more detailed plan developed separately to set expectations and deadlines for completion of remedial measures. In either case, the State Grantee will work with the Grantor to negotiate a reasonable schedule, but all remedial measures shall be completed at Grantor's expense.

D. The right to prevent any activity on or use of the Property that is inconsistent with the Easement Purposes or terms of this Easement and to require the restoration of or to restore, in accordance with law, such areas or features of the Property that may be damaged by any inconsistent activity or use, at Grantor's cost.

E. The right to cut and remove timber in State Grantee's sole discretion, if Grantor, within 60 days after written notice from State Grantee, fails to cut and remove said timber damaged by natural disaster, fire, infestation, or the like. Any such cutting and removal by State Grantee shall be at the expense of State Grantee and all proceeds from the sale of any such timber shall inure to the benefit of State Grantee.

F. The rights and benefits outlined in this Article are solely vested in the State Grantee, with the County Grantee deferring to the State Grantee.

ARTICLE VI. PROHIBITED USES

The Property shall be maintained to preserve the Easement Purposes. Without limiting the generality of the foregoing, Grantor agrees that the following uses and practices, though not an exhaustive recital of inconsistent uses and practices, are expressly prohibited or restricted on the Property, except for those rights and practices reserved by Grantor in this Easement:

A. Dumping of biodegradable or nonbiodegradable, toxic, unsightly, offensive or hazardous substances, trash or garbage, wastes, abandoned vehicles, appliances, machinery, toxic wastes or substances, pollutants or contaminants, or similar material including those defined by the Federal Solid Waste Disposal Act, the Federal Clean Air Act, the Federal Clean Water Act, the Federal Resource Conservation and Recovery Act of 1976, the Federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, the Federal Superfund Amendments and Reauthorization Act of 1986, the Federal Emergency Planning and Community Right-To-Know Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Toxic Substances Control Act, Chapters 161, 253, 373, 376, and 403, Florida Statutes, and the rules and regulations of the (i) United States Environmental Protection Agency, (ii) the Florida Department of Environmental Protection, and (iii) the governmental water management district applicable to or having jurisdiction over the Property ("Water Management District"), now or at any time hereafter in

effect, or any Florida Statute defining hazardous materials, wastes or substances, toxic wastes or substances, pollutants or contaminants (collectively referred to as "Contaminants") on the Property, now or at any time hereafter in effect. This prohibition shall not be construed to include reasonable amounts of waste generated in accordance with allowed uses, including agriculture or game management, conducted in accordance with the terms of this Easement, and that is disposed of in accordance with applicable local, state, and federal requirements, and Best Management Practices ("BMPs") adopted by FDACS or its successor agency, as amended from time to time.

B. Activities that affect the hydrology of the land or that detrimentally affect water conservation, erosion control, soil conservation, or fish and wildlife habitat, except those required for environmental restoration, federal, state or local regulatory programs, or BMPs, including but not limited to, mining, excavation of surface or subsurface materials, the exploration for and extraction of oil, gas, minerals, dolostone, peat, muck, marl, limestone, limerock, kaolin, fuller's earth, phosphate, common clays, gravel, shell, sand and similar substances. There shall be no activities that will be detrimental to drainage, flood control, or fish and wildlife habitat preservation either directly or indirectly by Grantor or on Grantor's behalf or with the joinder or consent of Grantor in any application for a permit so to do, by an individual or entity acting under and by virtue of the authority of a grant or reservation or other form of ownership of or interest in or control, unless otherwise provided in this Easement. There shall be no dredging of new canals, construction of new dikes, manipulation of natural water courses, or disruption, alteration, or pollution of existing surface or subsurface water flow or natural water sources, freshwater lakes, ponds and pond shores, marshes, creeks, or any other water bodies except as consistent with BMPs for the type of agricultural activities being conducted. Provided, however, Grantor may construct, operate, maintain, or replace groundwater wells, ditches, swales and other water conveyance structures, drainage structures or other water management improvements incident to allowed uses on the Property, conduct seismic or other non-invasive testing, drill for and extract oil, gas, and all other hydrocarbons under the property by slant or directional drilling from adjacent properties, subject to legally required permits and regulations. As reasonably necessary, Grantor may combat erosion or flooding or conduct other allowed activities using material from existing excavation sites identified in the BDR.

C. Planting of nuisance, exotic or non-native plants as listed by the Exotic Pest Plant Council or the University of Florida's Institute of Food and Agricultural Sciences, or their successors, except for plants approved by State Grantee and needed to support agricultural activities allowed hereunder. The Grantor shall, to the extent practical, control and prevent the spread of nuisance exotics or non-native plants on the Property. Grantor hereby grants solely to State Grantee the right, in State Grantee's sole discretion and at State Grantee's expense, to develop and implement an exotic plant removal plan for the eradication of exotics, or non-native wild plants,

on the Property. Under no circumstances shall this right conveyed to State Grantee be construed to diminish Grantor's responsibilities under this paragraph or as an obligation of the State Grantee.

D. Concentrated animal feeding operation not in compliance with applicable federal and state laws, rules, and regulations, as amended.

E. New construction or placing of temporary or permanent buildings, mobile homes, or other structures in, on or above the ground of the Property except as may be necessary by Grantor for maintenance or to serve the permitted uses of the Property that are consistent with the Easement Purposes or during emergency situations or as may otherwise be specifically provided for in this Easement. For purposes of this paragraph the term "emergency" shall mean those situations that will have an immediate and irreparable adverse impact on the Easement Purposes.

F. Construction or placing of roads, billboards or other advertising, utilities, or structures, except those structures and unpaved roads necessary for the agricultural operations on the land or structures necessary for other activities allowed under this Easement, and except for linear facilities described in section 704.06(11), Florida Statutes. Provided, however, State Grantee (i) may erect and maintain signs designating the Property as land under the protection of State Grantee, and (ii) Grantees shall be entitled to recover from Grantor, and Grantor's personal representatives, heirs, successors, and assigns reasonable compensation based on diminution in value of Grantee's interest for the construction and operation of any public or private linear facilities and related access and appurtenances, as described in section 704.06(11), Florida Statutes.

G. Fertilizer use, including sludge or sludge products, for agriculture activities not in accordance with agricultural BMPs recommended by the United States Department of Agriculture Natural Resources Conservation Service ("NRCS") or FDACS, whichever is more stringent, as those BMPs may be amended from time to time. No agricultural activities shall occur within a 100-foot buffer around sinkholes or karst features that are connected to spring conduits, except as provided in the applicable BMPs.

H. Actions or activities that may reasonably be expected to adversely affect state or federally listed threatened or endangered species.

I. Any subdivision of the Property is prohibited.

J. Commercial water wells on the Property.

K. Harvesting of cypress trees in the SNAs.

L. Mitigation banks not authorized under and in compliance with Florida Statutes and Administrative Rules, as amended, or the rules of applicable federal mitigation bank programs.

M. Construction or improvements in any SNA or conversion of any SNA, except temporary structures (defined hereinafter) for hunting allowed in Article VII, Paragraph M. Temporary structures are defined as those structures that are able to be readily removed. Any use of the Property which would impair, adversely impact, or destroy an SNA, including a change to more intensive agricultural practices, is also prohibited.

N. Conversion of forested areas within the SNAs as shown in the BDR to non-forested areas.

ARTICLE VII. GRANTOR'S RESERVED RIGHTS

Grantor reserves to Grantor, and to Grantor's personal representatives, heirs, successors, and assigns, the following specified rights ("Reserved Rights"), which are deemed to be consistent with the Easement Purposes. The exercise of the Reserved Rights is subject to the prohibitions in Article VI and must be in full accordance with all applicable BMPs and local, state and federal law, as amended from time to time, as well as in accordance with the Easement Purposes.

A. Grantor has, and shall be deemed hereby to have retained, the underlying fee simple title in the Property, subject to this Easement. Further, Grantor retains and reserves all rights of, in, and to the Property not conveyed to Grantees under Articles IV and V or prohibited by Article VI.

B. Agricultural and Related Rights. (i) The right to continued use of the Property for agricultural purposes and uses identified in the BDR; (ii) The right to convert any property not designated an SNA (as delineated in the BDR) to other agricultural and silviculture purposes and uses; (iii) The right to engage in cattle grazing as set forth in the BDR, including the right to maintain, utilize, restore, fertilize, and mow improved pasture; (iv) The right, as part of cattle operations, to supplement the cattle using minerals and hay; (v) The right to use current technologies on the Property, including fertilizers, pesticides and herbicides commonly used on agricultural property in the State of Florida at such time; and (vi) The right to install, use, maintain, replace and repair non-commercial groundwater wells on the Property. Any and all agricultural uses shall be conducted in accordance with BMPs and in compliance with all laws, rules, and regulations.

C. The right to conduct silvicultural operations on the Property provided, however, that prior to any timbering in an SNA, Grantor shall consult with State Grantee concerning reforestation methods and methods consistent with the perpetual protection of the SNAs.

D. The right to conduct prescribed burning and mechanical brush management on the Property; provided, however Grantor shall obtain and comply with a prescribed fire authorization from the Florida Forest Service of FDACS or its successor agency.

E. The right to mortgage the Property; provided, however, that the Mortgagee's lien shall be inferior and subordinate to this Easement.

F. The right to contest tax appraisals, assessments, taxes, and other charges on the Property.

G. The right to continue to use, maintain, repair, and reconstruct existing buildings, barns, outbuildings, fences, roads, ponds, wells, utilities, drainage ditches, culverts and such other facilities on the Property as depicted in the BDR. Expanding existing cow pens as necessary to conduct normal cattle operations on the Property shall be allowed, except when located in an SNA. Grantor must obtain the advanced written approval of grantee to expand existing buildings, barns, outbuildings, fences, roads, ponds, wells, utilities, drainage ditches, culverts and such other facilities on the Property.

H. The right to sell, devise or otherwise transfer ownership of fee title to the Property to a third party. No easements, rights-of-way, restrictions, or less than fee simple interests in the Property shall be granted or conveyed after the date of this instrument unless such encumbrances are approved, in advance and in writing, by the State Grantee and recorded in the public records of the county(ies) in which the Property is located. The State Grantee may give such approval if it determines, in its sole discretion, that such encumbrance would be consistent with the Easement Purposes.

I. The right to exclusive use of the improvements on the Property.

J. The right to obtain and comply with all permits for management of stormwater, water wells, and consumptive uses as may be required by the Water Management District or any governmental agency having jurisdiction over those activities.

K. The right to construct buildings or other structures incident to agricultural uses carried on in accordance with sound agricultural practices. Grantor must first obtain the advanced written approval of State Grantee before constructing buildings or other structures incident to agricultural uses. Such buildings shall not be used as residences.

L. The right to establish (by survey, fencing, or marking) and maintain property lines around the perimeter of the Property to protect the Property from trespassing

and to assist Grantor in the management of the Property in accordance with this Easement.

M. The right to observe, maintain, photograph, introduce and stock native fish or wildlife on the Property, and to use the Property for hiking and horseback riding and other activities that are low impact and minimally disruptive to the natural environment, as well as to use the Property for agritourism, provided Grantor complies with Florida Statutes and Administrative Rules, as amended, for agritourism that is both related to the agricultural uses reserved in this Easement and consistent with the terms of this Easement. Grantor reserves, and shall continue to own, the hunting and fishing rights on or related to the Property, including the right to locate, construct, and maintain hunting blinds, tree stands, wildlife food plots, and feeders on the Property that are temporary and readily removable. Grantor may lease and sell privileges of such rights.

N. The right to install connections to normal utility systems, such as electric, cable, water, sewer, communication, and telephone that are consistent with the Easement Purposes and incidental to serve the allowed uses of the Property. If a connection to a sewer system is not available, this right shall include the right to install a septic system provided it is not located in an SNA. The granting of easements or rights-of-way for power lines, gas lines, sewer lines, waterlines, telecommunications towers, and wind farms are prohibited, unless approved by State Grantee pursuant to Article VII, Paragraph H. Existing utilities may be replaced or repaired at their current location.

O. Intentionally deleted.

P. Intentionally deleted.

Q. The right to engage in environmental, natural resource, habitat, water restoration, and other ecosystem services projects or markets under other programs provided such action shall be in compliance with all applicable laws, statutes, rules, and ordinances, and are consistent or complementary with the purposes and the terms of this Easement. These projects include those that promote the conservation, restoration, and proper hydrological functioning of the natural environment, provided such activities are consistent with the BMPs applicable to such water resource management and restoration projects. The Grantor has the exclusive right to sell conservation credits or other form of ecosystem services rendered and retain all consideration from such sales provided such activities are consistent and complementary to the terms of the Easement. Any such ecosystem services shall not reduce the agriculture production area by more than 10% of the total agricultural production area listed in the BDR. Grantor, at its expense, shall provide to State Grantee legal descriptions and surveys for the proposed ecosystem services project prior to development.

ARTICLE VIII. STATE GRANTEE'S REMEDIES

A. If State Grantee determines that Grantor is in violation of the terms of this Easement, including any amendments, modifications, updates, or revisions thereto, or that a violation is threatened, State Grantee shall give written notice to Grantor of such violation and demand corrective action sufficient to cure the violation and, where the violation involves injury to the Property, to restore the portion of the Property so injured. If Grantor fails to cure the violation within 30 days after receipt of notice thereof from State Grantee or, under circumstances where the violation cannot reasonably be cured within a 30-day period, fails to begin curing such violation within the 30-day period, or fails to continue diligently to cure such violation until finally cured, State Grantee may bring an action at law or in equity in a court of competent jurisdiction to: (i) enforce the terms of this Easement, (ii) enjoin the violation, *ex parte* as necessary, by temporary or permanent injunction, (iii) recover any damages to which it may be entitled for violation of the terms of this Easement or injury to any values or Easement Purposes protected by this Easement, including damages for the loss of scenic, aesthetic, or environmental values, and (iv) require the restoration of the Property to the condition that existed prior to any such violation or injury.

B. Without limiting Grantor's liability therefor, State Grantee, in its sole discretion, may apply any damages recovered to the cost of undertaking any corrective action on the Property. If State Grantee, in its sole discretion, determines that circumstances require immediate action to prevent or mitigate significant damage to the values of the Property, State Grantee may pursue its remedies under this Article without prior notice to Grantor or without waiting for the period provided for cure to expire.

C. State Grantee's rights under this Article apply equally in the event of either actual or threatened violations of the terms of this Easement, and Grantor agrees that State Grantee's remedies at law for any violation of the terms of this Easement are inadequate and that State Grantee shall be entitled to the injunctive relief described in this Article, both prohibitive and mandatory, in addition to such other relief to which State Grantee may be entitled, including specific performance of the terms of this Easement, without the necessity of proving either actual damages or the inadequacy of otherwise available legal remedies. State Grantee's remedies described in this Easement shall be cumulative and shall be in addition to all remedies now or hereafter existing at law or in equity.

D. Enforcement of the terms of this Easement shall be at the discretion of State Grantee, and any forbearance by State Grantee to exercise its rights under this Easement in the event of any breach of any term of this Easement by Grantor shall

not be deemed or construed to be a waiver by State Grantee of such term or of any subsequent breach of the same or any other term of this Easement or of any of Grantee's rights under this Easement. No delay or omission by State Grantee in the exercise of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver.

E. Grantor hereby waives any defense of estoppel, adverse possession, or prescription.

F. Nothing contained in this Easement shall be construed to entitle State Grantee to bring any action against Grantor for any injury to or change in the Property resulting from causes beyond Grantor's control, including fire, flood, storm, and earth movement, or from any prudent action taken by Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Property resulting from such causes.

G. Grantor shall hold harmless, indemnify, and defend State Grantee and County Grantee and their respective directors, officers, employees, agents, and contractors and the personal representatives, successors, and assigns of each of them (collectively "Indemnified Parties") from and against all liabilities, penalties, costs, losses, damages, expenses, causes of action, claims, demands, or judgments arising from or in any way connected with: (1) injury to or the death of any person, or physical damage to any property, resulting from any act, omission, condition, or other matter related to or occurring on or about the Property, regardless of cause, except to the extent due to the negligence of any of the Indemnified Parties; (2) the obligations specified in Article X, Paragraphs A and B; or (3) the enforcement of this Easement.

H. With the exception of the indemnification provisions set forth in subsection G. above, the rights and remedies outlined in this Article are solely vested in the State Grantee, with the County Grantee deferring to the State Grantee.

ARTICLE IX. PUBLIC ACCESS

A. **No General Public Access.** The granting of this Easement does not convey to the public the right to enter the Property for any purpose whatsoever, and Grantee will cooperate with Grantor in the enforcement of this prohibition.

B. **Scientific, Environmental, Conservation, Educational Organizations.** Notwithstanding the foregoing, Grantor, in its sole discretion, may grant to scientific, environmental, conservation and educational organizations the right to enter upon the Property or adjoining property of Grantor to conduct scientific or educational investigations or studies consistent with the Easement Purposes, on such terms as Grantor, in its sole discretion, may determine.

ARTICLE X. MISCELLANEOUS

A. **Costs and Liabilities.** Grantor retains all responsibilities and shall bear all costs and liabilities of any kind related to the ownership, operation, upkeep, and maintenance of the Property, including the maintenance of adequate comprehensive general liability coverage. Grantor shall keep the Property free of any liens arising out of any work performed for, materials furnished to, or obligations incurred by Grantor.

B. **Taxes.** Grantor shall pay before delinquency all taxes, assessments, fees, and charges of whatever description levied on or assessed against the Property by competent authority (collectively "taxes"), including any taxes imposed upon or incurred as a result of this Easement, and shall furnish State Grantee with satisfactory evidence of payment upon request. State Grantee is authorized but in no event obligated to make or advance any payment of taxes, upon 3 days prior written notice to Grantor, in accordance with any bill, statement, or estimate procured from the appropriate authority, without inquiry into the validity of the taxes or the accuracy of the bill, statement, or estimate, and the obligation created by such payment shall bear interest until paid by Grantor at the maximum rate allowed by law.

C. **Extinguishment.** If unexpected circumstances arise in the future that render the Easement Purposes impossible or unfeasible to accomplish, this Easement can only be terminated or extinguished, whether in whole or in part, by judicial proceedings in a court of competent jurisdiction, and the amount of the proceeds to which Grantees shall be entitled, after the satisfaction of prior claims and costs of sale, from any sale, exchange, or involuntary conversion of all or any portion of the Property subsequent to such termination or extinguishment, shall be determined, unless otherwise provided by Florida law at the time, in accordance with Article IX, Paragraph D. Grantees shall use all such proceeds in a manner consistent with the Easement Purposes or the purposes of the bond or statutory program under which Grantees obtained the purchase money for this Easement. If Grantor believes that any changes in the use of neighboring properties will increase the benefit to the public of the continuation of this Easement, and Grantor and Grantees intend that any such changes shall not be deemed to be circumstances justifying the termination or extinguishment of this Easement. In addition, the inability of Grantor to conduct or implement any or all the uses allowed under the terms of this Easement, or the unprofitability of doing so, shall not impair the validity of this Easement or be considered grounds for its termination or extinguishment.

D. **Proceeds.** This Easement constitutes a real property interest immediately vested in Grantees, which, for the purposes of Article X, Paragraphs C and E, the parties stipulate to have a fair market value determined by multiplying the fair market value of the Property unencumbered by the Easement (minus any increase in value after the date of this grant of Easement attributable to improvements) by the

ratio of the value of the Easement at the time of this grant to the value of the Property, without deduction for the value of the Easement, at the time of this grant (Grantee's percentage interest is referred to herein as Grantee's "Proportionate Share"). The allocation of the Proportionate Share between State Grantee and County Grantee will be based on the sum of each Grantees' financial contribution toward the acquisition of the Easement. For the purposes of this paragraph, the ratio of the value of the Easement to the value of the Property unencumbered by the Easement shall remain constant.

E. **Condemnation.** If the Easement is taken, in whole or in part, by exercise of the power of eminent domain or otherwise acquired by any authority with power of eminent domain through a purchase in lieu of a taking, Grantees shall be entitled to its Proportionate Share from the recovered proceeds in conformity with the terms of Article X, Paragraph D. The respective rights of Grantor and State and Grantees set forth in this paragraph shall be in addition to, and not in limitation of, any rights of Grantees under applicable law.

F. **Assignment.** This Easement is transferable by State Grantee, but State Grantee may assign its rights and obligations under this Easement only to a governmental entity in accordance with Florida law. As a condition of the transfer, the terms and conditions of the Easement shall continue.

G. **Property Interest Transfers.** In addition to State Grantee's approval rights set forth in Article VII, Paragraph H, Grantor further agrees to give written notice to Grantees of the transfer of any interest in the Property. The failure of Grantor or Grantees to perform any act required by this paragraph shall not impair the validity or priority of this Easement or limit its enforceability in any way.

1. Right of Grantees to Negotiate in Advance of Sale.

a. The terms of this right are such that if Grantor intends to publicly offer the Property for sale, or any interest or portion thereof, Grantor shall deliver to Grantees notice of such intent (including the date, time, and location of the intended offering) at least 45 days prior to offering the Property for sale.

b. In addition, if Grantor receives an unsolicited, but acceptable, offer from a prospective buyer to purchase the Property, or any interest therein or portion thereof, Grantor shall deliver to Grantees notice of Grantor's intent to accept the offer, including the names and addresses of any party to whom the Property is to be transferred, a description of the land to be transferred, and all relevant terms of the offer received, such that Grantees receive the notice at least 45 days prior to execution of a contract for such sale (Grantor agrees that any such contract for sale shall be made expressly subject to Grantee's right to negotiate for the purchase of the Property provided in Paragraph 1.c. below).

c. Under notice provided pursuant to Paragraphs 1.a. and 1.b. above, Grantor shall, in good faith, afford Grantees an opportunity to negotiate the acquisition of the Property, or such portion thereof or interest therein that Grantor intends to sell. If Grantees desire to negotiate the acquisition of the Property (or such portion thereof or interest therein as applicable), Grantees shall so notify Grantor within 30 days after receipt of Grantor's notice of intent. If Grantor and Grantees are unable, in good faith, to agree to terms of an acquisition of the Property (or such interest therein or portion thereof as applicable) within 45 days after Grantee's notice to Grantor under this paragraph, Grantor may sell the Property free of the right granted in this Article IX, Paragraph G.1.

d. This right of notice shall not be triggered by sales or transfers between Grantor and lineal descendants of Grantor or entities in which Grantor owns a majority of the controlling interests. The right or notice granted herein applies to the original Grantor and to said original Grantor's heirs, successors, and assigns.

2. Subsequent Transfers. Grantor agrees to notify State Grantee of the names and addresses of any party to whom the Property, is to be transferred at least 45 days prior to the date of such transfer.

3. Continuation of Agricultural Production. As a condition of any Property transfer, Grantor shall deliver certified notice in writing to the prospective transferee that the Property must continue to be used for bona fide agricultural production purposes in accordance with this Easement. In addition, Grantor will incorporate the terms of this Easement in any deed or other legal instrument by which Grantor divests or conveys any interest in the Property, including a lease or other legal instrument by which any interest in the Property is conveyed.

4. Statement of Compliance. Grantor may request in writing at least 45 days prior to sale, mortgage, transfer or long term (five years or longer) lease of the Property, or any portion thereof, a written statement from Grantees stating that, to Grantee's actual knowledge, Grantor is in compliance with the terms of this Easement, or if Grantor is not in compliance with the terms of this Easement, stating what violations of this Easement exist according to Grantee's actual knowledge. Grantees agree in such cases to acknowledge, execute, and deliver to Grantor or to any mortgagee, transferee, purchaser, or lessee such a written statement concerning compliance within 45 days from receipt by Grantees of a written request therefor. Nothing contained in this Easement shall relieve the Grantor from the responsibility to comply with applicable federal, state, and local laws and regulations.

5. **Grantor's Liability after Transfer.** In the event of a sale or the transfer of title of the Property to an individual or entity other than the current legal owner, Grantor will immediately notify Grantees. Thereafter, Grantees will confer with the new owner within 30 days and explain, discuss, and plan the transfer of the responsibility of carrying out the terms of this Easement, such that the long-term benefits to everyone concerned and the terms of this Easement will not be impaired by default or otherwise. Grantor and each subsequent owner of the Property shall have no personal liability for the observance or performance of the obligations of the Grantor hereunder, with respect to any interest in the Property conveyed, after the Grantor or subsequent owner has conveyed their interest in the Property as permitted by and pursuant to the terms of this Easement.

H. **Notices.** Any notice, demand, request, consent, approval, or communication that either party desires or is required to give to the other party under this Easement shall be in writing and either served personally or sent by first class mail, postage prepaid, or by overnight mail service, addressed to the parties as set forth in this Easement, or to such other addresses such party may establish in writing to the other. If time is of the essence, initial notice by electronic mail is acceptable, but shall be followed by written notice as provided in this paragraph as soon as possible.

I. **Recordation.** State Grantee shall record this instrument and any amendments in timely fashion in the official records of the county(ies) in which the Property is located and may re-record it at any time as may be required to preserve its rights in this Easement.

J. **Non-Homestead Certification.** Grantor hereby certifies that if a Grantor who is married signs this Easement without the joinder of his or her spouse, the Property is neither the homestead of Grantor/Grantor's spouse nor the primary physical residence of Grantor/Grantor's spouse, nor is the Property contiguous to the homestead or primary physical residence of Grantor/Grantor's spouse.

K. **Amendments.** The terms of this Easement may be amended by the mutual consent of the parties hereto. No amendment shall be effective until executed with the formality of a deed and recorded in the public records of the county(ies) in which the Property is located.

L. **Controlling Law.** The laws of the State of Florida shall govern the interpretation and performance of this Easement.

M. **Liberal Construction.** Any general rule of construction to the contrary notwithstanding, this Easement shall be liberally construed in favor of the Grantees to affect the Easement Purposes and the policy and purpose of Section 570.71, Florida Statutes. If any provision in this instrument is found to be ambiguous, an

interpretation consistent with the Easement Purposes that would render the provision valid shall be favored over any interpretation that would render it invalid.

N. **Severability.** If any provision of this Easement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Easement, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby.

O. **Joint Obligation.** The obligations imposed by this Easement upon Grantor shall be joint and several.

P. **Successors.** The covenants, terms, conditions, and restrictions of this Easement shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors, and assigns and shall continue as a servitude running in perpetuity with the Property.

Q. **Termination of Rights and Obligations.** A party's rights and obligations under this Easement terminate upon transfer of the party's entire interest in the Easement or Property as permitted by and pursuant to the terms hereof, except that liability for acts or omissions occurring prior to transfer shall survive transfer.

R. **Captions.** The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.

S. **References.** References to statutes or rules in this Easement shall be to the text of such statute or rule on the date of execution of this Easement unless stated otherwise.

TO HAVE AND TO HOLD unto Grantees, their successors, and assigns forever.
