2019 Chemical Monitoring for Community Systems

System Name: Big Tree Mobile Home & RV Village

PWS-ID No. 6270009

MONITORING & REPORTS		DUE	COMMENTS
Raw Water Microbiological ("Bacteriological")		Monthly	1 Raw Water Sample per well.
Distribution Microbiological ("Bacteriological")		Monthly	1 Distribution Samples per month. Disinfectant residuals must be reported.
Nitrate and Nitrite		2019	Sample at each POE every year.*
Primary Inorganics		2021	Sample at each POE every three years.
Secondaries		2021	Sample at each POE every three years.
Radiologicals	Gross Alpha	2027	Sample at each POE every three, six or nine years.
	Uranium	2024	Sample at each POE every three, six or nine years.
	Radium-226	2027	Sample at each POE every three, six or nine years.
	Radium-228	2027	Sample at each POE every three, six or nine years.
Volatile Organic Contaminants (VOCs)		2021	Sample at each POE every three years.
Synthetic Organic Contaminants (SOCs)		2021	Sample at each POE every three years, or submit SOC reduced monitoring waiver, if applicable. Use Form 62-560.545(2), F.A.C.
Stage II Disinfection Byproducts (DBPs) <i>Total Trihalomethanes & Haloacetic Acids (5)</i>		July-Sept. 2021	Sample according to approved Stage 2 D/DBPR Monitoring Plan.
Asbestos		2021	Certification or results due every nine years. Use Form 62-555.900(10), F.A.C.
Lead & Copper		June-Sept. 2021	Sample from sites approved on the Lead and Copper Sampling Plan every three years.
Consumer Confidence Report (CCR) & CCR Certification of Delivery		July 1, 2019	CCR must be delivered by July 1, 2019. The CCR Certification of Delivery must be submitted to the Department by August 10, 2019. Use Form 62-555.900(alternate 19), F.A.C.

*POE = Point of entry to the distribution system. Sample at each POE that is representative of each source after treatment.

This is a good faith assessment of monitoring requirements for the above-referenced public water system for calendar year 2019 and may not include additional sampling required during the year due to special circumstances. If you have questions or disagree with the assessment, please contact the appropriate personnel at (813) 470-5700. Monitoring schedules are subject to change, at any time, based on results of analyses or other factors. This chart shall not relieve any person from any requirement of Florida law.

It is important for you to provide this information to your operator and/or sampler:

- **It is strongly recommended that testing be conducted early in the monitoring period to allow time for retests due to possible sampling or lab errors. Annual and triennial sampling should be completed by 9/30/2019 to provide time for revisions, re-tests, and/or corrections.**
- **Test results must be submitted to DEP within the first ten days following the end of the required monitoring period, or the first ten days following the month in which the sample results were received, whichever time is the shortest. Failure to comply may result in enforcement action.**

	Uranium	Waived	Sample at each POE every quarterly, six, nine years, or Waived use of Grandfather Data (date of sample)
	Radium-226	2025	Sample at each POE every quarterly, six, nine years, or Waived use of Grandfather Data (date of sample)
	Radium-228	2025	Sample at each POE every quarterly, six, nine years, or Waived use of Grandfather Data (date of sample)
Volatile Organic Contaminants (VOCs)		2019	Sample at each POE every three years.
Synthetic Organic Contaminants (SOCs)		2019	Sample at each POE every three years, or submit SOC reduced monitoring waiver, if applicable. Use Form 62-560.545(2), F.A.C.
Stage II Disinfection Byproducts (DBPs) <i>Total Trihalomethanes & Haloacetic Acids (5)</i>		July-Sept. 2019	Sample according to approved Stage 2 D/DBPR Monitoring Plan.
Asbestos		2022	Certification or results due every nine years. Use Form 62-555.900(10), F.A.C.
Lead & Copper		June-Sept. 2019	Sample from sites approved on the Lead and Copper Sampling Plan every three years.

*POE = Point of entry to the distribution system. Sample at each POE that is representative of each source after treatment.

This is a good faith assessment of monitoring requirements for the above-referenced public water system for calendar year 2019 and may not include additional sampling required during the year due to special circumstances. If you have questions or disagree with the assessment, please contact the appropriate personnel at (813) 470-5700. Monitoring schedules are subject to change, at any time, based on results of analyses or other factors. This chart shall not relieve any person from any requirement of Florida law.

It is important for you to provide this information to your operator and/or sampler:

- **It is strongly recommended that testing be conducted early in the monitoring period to allow time for retests due to possible sampling or lab errors. Annual and triennial sampling should be completed by 9/30/2019 to provide time for revisions, retests, and/or corrections.**
- **Test results must be submitted to DEP within the first ten days following the end of the required monitoring period, or the first ten days following the month in which the sample results were received, whichever time is the shortest. Failure to comply may result in enforcement action.**

Monitoring schedules are subject to change, at any time, based on results of analyses or other factors. This chart shall not relieve any person from any requirement of Florida law.

It is important for you to provide this information to your operator and/or sampler:

- It is strongly recommended that testing be conducted early in the monitoring period to allow time for retests due to possible sampling or lab errors. Annual and triennial sampling should be completed by 9/30/2019 to provide time for revisions, re-tests, and/or corrections.
- Test results must be submitted to DEP within the first ten days following the end of the required monitoring period, or the first ten days following the month in which the sample results were received, whichever time is the shortest. Failure to comply may result in enforcement action.

2019 Chemical Monitoring for NTNC

Water Systems Cemex South Bagging

PWS-ID No. 6272431

MONITORING & REPORTS		DUE	COMMENTS
Raw Water Microbiological ("Bacteriological")		Quarterly	1 Raw Water Sample per well.
Distribution Microbiological ("Bacteriological")		Quarterly	1 Distribution Sample per quarter. Disinfectant residuals must be reported.
Nitrate and Nitrite		2019	Sample at each POE every year.*
Primary Inorganics		2019	Sample at each POE every three years.
Radiologicals	Gross Alpha	2022	Sample at each POE every quarterly, six, nine years, or Waived use of Grandfather Data (date of sample)
	Uranium	2022	Sample at each POE every quarterly, six, nine years, or Waived use of Grandfather Data (date of sample)
	Radium-226	2025	Sample at each POE every quarterly, six, nine years, or Waived use of Grandfather Data (date of sample)
	Radium-228	2025	Sample at each POE every quarterly, six, nine years, or Waived use of Grandfather Data (date of sample)
Volatile Organic Contaminants (VOCs)		2019	Sample at each POE every three years.
Synthetic Organic Contaminants (SOCs)		2019	Sample at each POE every three years, or submit SOC reduced monitoring waiver, if applicable. Use Form 62-560.545(2), F.A.C.
Di(2-ethylhexyl)phthalate (2039)		2019	Sample at each POE annually.
Stage II Disinfection Byproducts (DBPs) <i>Total Trihalomethanes & Haloacetic Acids (5)</i>		July-Sept. 2019	Sample according to approved Stage 2 D/DBPR Monitoring Plan.
Asbestos		2022	Certification or results due every nine years. Use Form 62-555.900(10), F.A.C.
Lead & Copper		June-Sept. 2019	Sample from sites approved on the Lead and Copper Sampling Plan every three years.

*POE = Point of entry to the distribution system. Sample at each POE that is representative of each source after treatment.

This is a good faith assessment of monitoring requirements for the above-referenced public water system for calendar year 2019 and may not include additional sampling required during the year due to special circumstances. If you have questions or disagree with the assessment, please contact the appropriate personnel at (813) 470-5700. Monitoring schedules are subject to change, at any time, based on results of analyses or other factors. This chart shall not relieve any person from any requirement of Florida law.

It is important for you to provide this information to your operator and/or sampler:

Volatile Organic Contaminants (VOCs)		2019	Sample at each POE every three years.
Synthetic Organic Contaminants (SOCs)		2019	Sample at each POE every three years, or submit SOC reduced monitoring waiver, if applicable. Use Form 62-560.545(2), F.A.C.
Stage II Disinfection Byproducts (DBPs) <i>Total Trihalomethanes & Haloacetic Acids (5)</i>		July-Sept. 2019	Sample according to approved Stage 2 D/DBPR Monitoring Plan.
Asbestos		2020	Certification or results due every nine years. Use Form 62-555.900(10), F.A.C.
Lead & Copper		June--Sept. 2019	Sample from sites approved on the Lead and Copper Sampling Plan every three years.

*POE = Point of entry to the distribution system. Sample at each POE that is representative of each source after treatment.

This is a good faith assessment of monitoring requirements for the above-referenced public water system for calendar year 2019 and may not include additional sampling required during the year due to special circumstances. If you have questions or disagree with the assessment, please contact the appropriate personnel at (813) 470-5700. Monitoring schedules are subject to change, at any time, based on results of analyses or other factors. This chart shall not relieve any person from any requirement of Florida law.

It is important for you to provide this information to your operator and/or sampler:

- **It is strongly recommended that testing be conducted early in the monitoring period to allow time for retests due to possible sampling or lab errors. Annual and triennial sampling should be completed by 9/30/2019 to provide time for revisions, retests, and/or corrections.**
- **Test results must be submitted to DEP within the first ten days following the end of the required monitoring period, or the first ten days following the month in which the sample results were received, whichever time is the shortest. Failure to comply may result in enforcement action.**

Nitrate and Nitrite		2019	Sample at each POE every year.*
Primary Inorganics		2019	Sample at each POE every three years.
Radiologicals	Gross Alpha	Waived	Waived – historical data relieves system of future testing (use of Grandfather Data)
	Uranium	Waived	Waived use of Grandfather Data
	Radium-226	Waived	Waived use of Grandfather Data
	Radium-228	Waived	Waived use of Grandfather Data
Volatile Organic Contaminants (VOCs)		2019	Sample at each POE every three years.
Synthetic Organic Contaminants (SOCs)		2019	Sample at each POE every three years, or submit SOC reduced monitoring waiver, if applicable. Use Form 62-560.545(2), F.A.C.
Stage II Disinfection Byproducts (DBPs) <i>Total Trihalomethanes & Haloacetic Acids (5)</i>		July-Sept. 2019	Sample according to approved Stage 2 D/DBPR Monitoring Plan.
Asbestos		2020	Certification or results due every nine years. Use Form 62-555.900(10), F.A.C.
Lead & Copper		June-Sept. 2019	Sample from sites approved on the Lead and Copper Sampling Plan every three years.

*POE = Point of entry to the distribution system. Sample at each POE that is representative of each source after treatment.

This is a good faith assessment of monitoring requirements for the above-referenced public water system for calendar year 2019 and may not include additional sampling required during the year due to special circumstances. If you have questions or disagree with the assessment, please contact the appropriate personnel at (813) 470-5700. Monitoring schedules are subject to change, at any time, based on results of analyses or other factors. This chart shall not relieve any person from any requirement of Florida law.

It is important for you to provide this information to your operator and/or sampler:

- **It is strongly recommended that testing be conducted early in the monitoring period to allow time for retests due to possible sampling or lab errors. Annual and triennial sampling should be completed by 9/30/2019 to provide time for revisions, retests, and/or corrections.**
- **Test results must be submitted to DEP within the first ten days following the end of the required monitoring period, or the first ten days following the month in which the sample results were received, whichever time is the shortest. Failure to comply may result in enforcement action.**

2019 Chemical Monitoring for Community Systems

Hernando County Utilities – Seville

PWS-ID No. 6277064

MONITORING & REPORTS		DUE	COMMENTS
Raw Water Microbiological ("Bacteriological")		Monthly	1 Raw Water Sample per well.
Distribution Microbiological ("Bacteriological")		Monthly	1 Distribution Samples per month. Disinfectant residuals must be reported.
Nitrate and Nitrite		2019	Sample at each POE every year. *
Primary Inorganics		2021	Sample at each POE every three years.
Secondaries		2021	Sample at each POE every three years.
Radiologicals	Gross Alpha	2024	Sample at each POE every three, six or nine years.
	Uranium	2024	Sample at each POE every three, six or nine years.
	Radium-226	2024	Sample at each POE every three, six or nine years.
	Radium-228	2024	Sample at each POE every three, six or nine years.
Volatile Organic Contaminants (VOCs)		2021	Sample at each POE every three years.
Synthetic Organic Contaminants (SOCs)		2021	Sample at each POE every three years, or submit SOC reduced monitoring waiver, if applicable. Use Form 62-560.545(2), F.A.C.
Stage II Disinfection Byproducts (DBPs) <i>Total Trihalomethanes & Haloacetic Acids (5)</i>		July - Sept 2021	Sample according to approved Stage 2 D/DBPR Monitoring Plan.
Asbestos		2021	Certification or results due every nine years. Use Form 62-555.900(10), F.A.C.
Lead & Copper		June - Sept 2021	Sample from sites approved on the Lead and Copper Sampling Plan every three years.
Consumer Confidence Report (CCR) & CCR Certification of Delivery		July 1, 2019	CCR must be delivered by July 1, 2019. The CCR Certification of Delivery must be submitted to the Department by August 10, 2019. Use Form 62-555.900(alternate 19), F.A.C.

*POE = Point of entry to the distribution system. Sample at each POE that is representative of each source after treatment.
