**SIXTH AMENDED EMERGENCY PROCUREMENT ORDER**

I HEREBY adopt the findings of fact and conclusions of law of the Eighth Amended and Restated Emergency Final Order, OGC# 17-0989, issued on February 27, 2018, in this Order and find that the Department of Environmental Protection's timely performance of disaster response functions related to Hurricane Irma in Clay, Collier, Duval, Hendry, Lee, Monroe and Putnam counties (Emergency Area) as assigned by the State Coordinating Officer are hindered by the application of procurement, and travel procedures imposed by statute, rule, or order.

NOW THEREFORE, pursuant to the authority granted by Executive Order No. 17-235, 17-287, 17-330, and 18-51:

A. I hereby suspend, to the extent necessary to ensure said emergency response functions in the Emergency Area, the effect of any statute, rule, or order, to the extent needed to procure any and all necessary supplies, commodities, services, temporary premises, and other resources, to include, without limiting the generality of the foregoing, any and all statutes, rules and orders which affect budgeting, leasing, printing, purchasing, travel, the conditions of employment and the compensation of employees, as set forth in an established Tracker item at the Florida Emergency Operations Center or as prescribed in the State Comprehensive Emergency Management Plan or directed by the State Coordinating Officer.

B. This Sixth Amended Order shall expire on March 29, 2018, unless extended (in increments of no more than thirty days) by the Department.

Executed this 27th day of February 2018, in Tallahassee, Leon County, Florida.
