READINESS AND RECREATION INITIATIVE GRANT PROGRAM LAND AND WATER CONSERVATION FUND STATE ASSISTANCE (LWCF) + READINESS AND ENVIRONMENTAL PROTECTION INTEGRATION (REPI) PARTNERSHIP CHALLENGE PROGRAM

2024-2025 LWCF + REPI STATE APPLICATION INSTRUCTIONS AND FEDERAL FORM REQUIREMENTS

GENERAL APPLICATION INFORMATION

- Applicants receiving LWCF + REPI funds will be required to have a LWCF Grants-in-Aid Manual. This manual may be downloaded from our website: <https://floridadep.gov/lands/land-and-recreation-grants/content/readiness-and-recreation-initiative>.
 - The LWCF Federal Financial Assistance Manual v.71 (2021) contains additional guidance on the federal application process. Specific guidance on the federal application process and the documentation that comprise a complete federal application for LWCF grant assistance consideration can be found in Chapter 6.B. pages 78 – 81 of the Manual. Additional citations are noted within the checklist below. All projects submitted for consideration must be self-supporting, viable recreation areas either already existing or to be acquired.
- Applicants must submit one (1 original) of the completed application and all supporting documents during the announced submission. **Please use a soft covered binder, not a HARD 3-ring binder.** To facilitate the review and scoring process, all supporting documents or attachments must be clearly tabbed according to the application instruction checklist provided for both the State and Federal portions of the grant application.
- **Before you finish your application package, ensure that all necessary support documents prepared, both State and Federal. Use this checklist to ensure that all applicable and all required documentation is included.**
- **The Readiness and Recreation Initiative Application Cycle does not provide for a deficiency period.** Each eligible application shall be evaluated on the basis of the information provided in accordance with the original application, LWCF program rule and the National Park Service's [Notice of Funding Opportunity \(NOFO\) P24AS00526](#). Applications submitted without all required State and Federal documentation will be marked as incomplete and will not be eligible to compete for funding.
- Applications must be received in office no later than close of business, 5:00 PM, on April 15, 2024, and submitted to:

Florida Department of Environmental Protection
Land and Recreations Grants Section
C/O Lauren Cruz

	<p>potential hazards, impacts to wildlife or species, environmental effects or if the property is being acquired, has just been newly acquired, and/or has NEVER previously been a park or has no previous recreational usages, then NPS is expecting an ESA/EA be provided on those projects. Also, it is our understanding that if the park is an established park or an established “LWCF park” and they, the local sponsor, are incorporating new acreage/parcel(s) into the existing boundary... then the new parcels being added need an ESA/EA completed. Further, in some case the applicant will also have to provide a ESA/EA/or Biological Survey Assessment to tell the potential effects, if any, on the flora & fauna, based on the USFWS Environmental Review report findings whether or not it’s established or new. There is an exception here: NPS compliance has informed us that if there has been significant ground disturbance from previous development (ex. an area that has nothing there now but previous buildings were raised or an area that was once used for something other than recreation, like a former industrial area, may NOT need an EA and might qualify for a CE). But this depends on information provided in the A&R Form.</p>

Applicants must acknowledge that they are aware that their projects (e.g. contracts, supplies and materials) will be subject to the “Build America/Buy America (BABA) Act” requirements and that these provision will be added to all LWCF Agreements and must be adhered to. 	<p>N5</p>
