Notice of Disturbance

General Instructions: This form shall be used to comply with the requirements of Chapter 62C-16, F.A.C., for filing conceptual reclamation plans. Guidance in filling out the application may be obtained by contacting the Bureau of Mine Reclamation at the above address or by telephone at (850) 488-8217. Complete and submit this form as follows:

1. Fill in the blanks on pages two and three of this form and provide the appropriate signature.
2. Respond to each item in Part III, using additional pages as needed. Identify all responses by part and item number. Repeat the appropriate question or request and follow it with your response. All additional pages of text shall be in the standard format, include the heading ATTACHMENT in the upper right corner, and be numbered.
3. Provide the maps requested in Part IV.
4. All maps, drawings, cross sections, and additional pages of text shall comply with the application standards in section 62C-16.0036, F.A.C. In addition, the standard format shall be 8½ X 11 with a 1" margin on all sides. Single spacing is preferred for text with double spacing between paragraphs and items.
5. Submit the original and four copies of pages 2 and 3 only of this form and all attachments to the Bureau of Mine Reclamation, Mandatory Phosphate Section, as follows:
 - a. The application must be unbound, be of reproducible quality, and bear original signatures.
 - b. All maps, cross sections, or drawings that are larger than 8½ X 11 shall be submitted rolled rather than folded.
 - c. If any of the maps, cross sections, or drawings is larger than the standard format, provide at least one, good, reproducible copy at the standard format.
6. Use the Florida Land Use, Cover and Forms Classification System, Level II (DOT 1999) when identifying vegetation and land uses.
7. Provide a community assessment in accordance with the 26 Ecological Communities of Florida, Soil Conservation Service (February 1981).
