DEPARTMENT OF ENVIRONMENTAL PROTECTION
 Coastal Partnership Initiative Request for Grant Applications
 Coastal Partnership Initiative Request for Applications FY 2021-22

The Florida Coastal Management Program (FCMP) announces the availability of federal funds for innovative coastal projects under its COASTAL PARTNERSHIP INITIATIVE (CPI) for fiscal year 2021-22. Proposals will be accepted from August 1, 2020, through September 25, 2020.

Eligible applicants include Florida’s 35 coastal counties and the local governments within their boundaries that are required to include a coastal element in their comprehensive plan. Florida public colleges and universities, regional planning councils, national estuary programs and nonprofit groups may also apply for CPI funds if an eligible local government is a partner in the project.

The purpose of the Coastal Partnership Initiative is to promote the protection and effective management of Florida’s coastal resources in four priority areas: RESILIENT COMMUNITIES, COASTAL RESOURCE STEWARDSHIP, ACCESS TO COASTAL RESOURCES and WORKING WATERFRONTS.

1. Rule Sections 62S-4.004 and .007, F.A.C, describe the procedures for submitting applications and the criteria by which

applications will be evaluated. The CPI Application Form and a copy of Chapter 62S-4, F.A.C., are available on the FCMP Grants website at <https://floridadep.gov/rcp/fcmp/content/grants>.

2. Please note the following important information regarding the CPI grant process for FY 2021-22. Applications must be received by the Department no later than 4:00 p.m. (EST), September 25, 2020. Applicants must email application and all required attachments to FCMPMail@FloridaDEP.gov or mail to the address below.

Florida Coastal Management Program, ATTN: CPI Application, Department of Environmental Protection, 3900 Commonwealth Blvd., MS 235, Tallahassee, Florida 32399-30002

3. Projects are anticipated to begin July 1, 2021 and must be completed within 12 months. Selected projects will be included in the FCMP application to the National Oceanic & Atmospheric Administration (NOAA) for fiscal year 2021-22. Maximum award of \$30,000 for planning, design and coordination activities and up to \$60,000 for construction projects, habitat restoration, invasive exotic plant removal and land acquisition. Minimum CPI award is \$10,000.

4. Recipients are required to provide 100% matching contributions (cash or in-kind) in the form of goods and services that directly benefit the specific grant project. No more than 50% of match can be provided by a third party and none from federal funds.

5. There are additional requirements for applications involving construction, invasive exotic plant removal, habitat restoration and land acquisition, including:

a. To show the project is feasible and able to be completed within 12 months, applicants proposing construction, invasive exotic plant removal and habitat restoration must conduct a preliminary consultation with appropriate local, state and federal regulatory agencies to ensure there are no environmental concerns that would delay or prevent project startup. A summary of the consultation along with the 306A questionnaire must be included in the CPI application to be considered responsive.

b. Nonprofit organizations (NPOs) are not eligible to receive funds for construction, habitat restoration, invasive exotic plant removal, or land acquisition. Applications submitted by NPOs that propose these activities will be disqualified.

c. Pursuant to NOAA's direction, Section 306A funds shall not be used for beach restoration, beach nourishment or projects that are predominantly hard structure erosion control.

d. Infrastructure projects must have a clear coastal management component.

e. Construction and land acquisition activities occurring in designated Coastal Barrier Resource Act units are subject to

additional review and approval by NOAA and/or the U.S. Fish & Wildlife Service.

A webinar on the Coastal Partnership Initiative opportunity will be presented on August 20, 2020, at 2:00 PM EST. The webinar link will be available on the FCMP Grants website: <https://floridadep.gov/rcp/fcmp/content/grants>. The webinar will be recorded, and a link to the recorded presentation will be posted on the same website.

For questions or more information, please contact Mrs. Tiffany Herrin at (850)245-2953, or visit the FCMP Grants website at <https://floridadep.gov/rcp/fcmp/content/grants>.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Division of Water Resource Management Notice of Final Order to Grant Water Quality Criteria Exemption

The Department of Environmental Protection gives notice that on July 27, 2020, the department issued the Final Order to an grant exemption from the Class G-II groundwater standard for color pursuant to Rule 62-520.500, Florida Administrative Code (F.A.C.), as part of Underground Injection Control (UIC) permit number 0129560-010-UO/5W to the Florida Department of Transportation (FDOT) Interstate 75 Milepost 35 Rest Area located in Unincorporated Broward County, Florida. The exemption is for the permitted discharge of secondary treated domestic wastewater generated at the rest area wastewater treatment plant and reverse osmosis concentrate from the rest area water treatment plant to Class G-II groundwater of the Intermediate aquifer.

On March 9, 2018 the Department received an operation permit renewal application (number 0356935-001-UC/5SR) and water quality criteria exemption requests from Sunrise for a construction permit for an aquifer storage and recovery injection well system. The exemptions will be incorporated into UIC permit number 0129560-010-UO/5W, which expires five years after issuance, and is approved for the duration of said permit. A petition for any future renewal of this exemption must be submitted by FDOT in conjunction with renewal of permit number 0129560-010-UO/5W, any future application for a construction permit for additional injection wells, or an operation permit for any injection project including operation permit renewals.

This action is final and effective on the date filed with the Clerk of the Department unless a petition for an administrative hearing is timely filed under Sections 120.569 and 120.57, F.S., before the deadline for filing a petition. On the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department. Because the administrative hearing process is designed to formulate final agency action, the hearing process may result in a modification of the agency action or even denial of the application.

Petition for Administrative Hearing
