The Aquatic Preserve Society operates on a July 1 to June 30 fiscal year. During the FY 2016-2017 fiscal year the Society accomplished the following:

Meetings:

Ten teleconferences and one face to face meeting were conducted.

The Living Waters fine art exhibit was gifted by renowned photographer Clyde Butcher to the Society. The Society loaned the exhibit to the Estero Bay Aquatic Preserve for its 50th year anniversary celebration. Originally the Society had thought to liquidate the exhibit to raise funds for the aquatic preserves. The Society has reconsidered that idea and instead will loan it to support aquatic preserve related education and fund raising efforts. The exhibit has been next reserved for use by Friends of the GTMNERR. The Society is now developing a formal use agreement for use of the exhibit.

Several board members attended the Estero Bay Anniversary Celebration and contributed a gift for their fund raising auction.

The Society was invited to join the Florida Estuary Alliance however, the Alliance will not be a formally incorporated group.

Larry Nall reported on attending the Apalachicola NERR CSO meeting. It looks like they will join the society. Society board members will be attending meetings of other aquatic preserve related CSOs.

Larry Nall represented the Society at Oceans Day which was held March 15 & 16 in the capitol. Three photographs from the Living Waters Exhibit were shown.

The annual public meeting was held March 11 at the Charlotte Harbor Aquatic Preserve offices.

The President submitting his budget for FY 2018 with included elimination of the Research Reserves and the Coastal Zone grant funds which support the aquatic preserves. It also eliminated funding for the National Estuary and Sea Grant programs which are also critical to managing the aquatic preserves. The Society sent letters of support for these programs to all members of Florida’s Congressional Delegation.

The web site and Facebook page were reviewed and it was decided to only continue supporting the Facebook page. The Society has revised its goals for 2017, they are attached.

Aquatic Preserve Support Projects:

A public interest project for $1820 has been processed for the Lemon Bay Aquatic Preserve.

A public interest project for $2500 is being processed for the Pinellas County Aquatic Preserve which will be used for revegetation.
A public interest project in the amount of $15,000 is being processed for the Nassau – St. Johns Aquatic Preserve.

The Society will hold funds received for eco-tours provided by Big Bend Aquatic Preserve.

The Society is holding funds for the Coastal Office to help support coastal management meetings.

The Society will hold the funds received for these projects until requested for use by the aquatic preserve manager or other responsible party.

Required Actions:

Florida Corporations Report was submitted to Coastal Office, for transmittal to the Division of Corporations.
