Statewide Flooding and Sea Level Rise Resilience Plan Rule 62S-8 Rule Development Workshop

May 26, 2022, 1:30 p.m.
Room 609, Bob Martinez Center and
Virtually via Microsoft Teams

The Department is creating this rule chapter to implement Section 380.093, F.S., relating to the Statewide Flooding and Sea Level Rise Resilience Plan and project scoring criteria. Entities for which this rule is relevant include counties, municipalities, water management districts, drainage districts, erosion control districts, flood control districts, regional water supply authorities, and regional resilience entities. The subject matters addressed by the rule will include sea level rise, flooding, infrastructure, planning, vulnerability, and resilience related to the development of the Statewide Flooding and Sea Level Rise Resilience Plan. A [Notice of Rule Development](#) was published in the FAR on Aug. 2, 2021. An updated [Notice of Rule Development](#) was published in the FAR on February 17, 2022, and an initial Rule Development Workshop was hosted on March 17, 2022. [Notice of Rule Development Workshop](#) was published in the FAR on May 6, 2022.
