

Southeast Florida Coral Reef Initiative (SEFCRI) Team Meeting

September 1-2, 2020
Adobe Connect

Event Registration: <https://www.eventbrite.com/o/30796875572>

Meeting Objectives:

- **Overarching Goal:** Reinvigoration of the Team through Local Action Strategy Project development and a brainstorming session of other engagement opportunities.
- Learn about Florida's Coral Reef and how we are managing and restoring the Southeast Florida Coral Reef Ecosystem Conservation Area (Coral ECA)
- Provide updates on current projects from CRCP staff and SEFCRI Team Members
- Provide an overview of the coral disease response effort and other emerging issues
- Provide an update on water quality projects in the Coral ECA and understand the suite of tools to manage land-based sources of pollution.
