

**STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTION  
PROGRAM-SPECIFIC REQUIREMENTS  
RESILIENT FLORIDA PROGRAM**

**ATTACHMENT 6**

1. Sea Level Impact Projection Study Requirement. If a state-funded construction project is located within an area where a Sea Level Impact Protection (SLIP) study is required pursuant to the relevant Florida Statute (s. 161.551, *Florida Statutes* (F.S.), before July 1, 2024; s. 380.0937, F.S., beginning July 1, 2024, and thereafter), the Grantee is responsible for conducting such a SLIP study and submitting the resulting report to the Department. The SLIP study report must be received by the Department, approved by the Department, and published on the Department’s website for at least thirty (30) days before construction can commence. Upon submission to the Department, SLIP study reports must meet all relevant statutory requirements, as well as the then-current standards and criteria indicated in Chapter 62S-7, *Florida Administrative Code*.
2. Permits. The Grantee acknowledges that receipt of this grant does not imply nor guarantee that a federal, state, or local permit will be issued for a particular activity. The Grantee agrees to ensure that all necessary permits are obtained prior to implementation of any grant-funded activity that may fall under applicable federal, state, or local laws. Further, the Grantee shall abide by all terms and conditions of each applicable permit for any grant-funded activity. Upon request, the Grantee must provide a copy of all acquired and approved permits for the project.
3. Attachment 3, Grant Work Plan, Performance Measures. All deliverables and reports submitted to the Department should be submitted electronically and must be compliant with the Americans with Disabilities Act, also known as “508 Compliant,” in all formats provided.
4. Copyright, Patent and Trademark. The Department reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for state government purposes:
  - a. The copyright in any work developed under this Agreement; and
  - b. Any rights or copyright to which the Grantee or subcontractor purchases ownership with grant support.
5. Grant funds may not be used to support ongoing efforts to comply with certain legal requirements or actions that were unanticipated, non-existent, or unknown to the Department at the time of this Agreement’s execution, including regulatory and permit compliance requirements, non-compliance and citation fees, fees resulting from unanticipated permit conditions, settlement agreements, and compliance with formal or informal enforcement actions to resolve violations of applicable rules and statutes (including consent orders, Closed Without Official Enforcement agreements, and similar enforcement actions). Grant funds may be utilized to support ongoing efforts to comply with permit-required conditions, as approved by the Resilient Florida Program (e.g., pre-, during-, and post-construction monitoring and mitigation efforts).
6. Funding Source. With the exception of audiovisuals not intended for presentation to the general public that are produced either as research instruments or for documenting experimentation or findings (unless otherwise required under the special terms of this Agreement), Grantee agrees to include the Department’s logo (which can be found on the Department’s website at: <https://floridadep.gov> or by contacting the Grant Manager for a copy) on all publications, printed reports, maps, audiovisuals (including videos, slides, and websites), and similar materials, as well as the following language:

“This work was funded in part through a grant agreement from the Florida Department of Environmental Protection’s Office of Resilience and Coastal Protection Resilient Florida Program. The views, statements,

findings, conclusions, and recommendations expressed herein are those of the author(s) and do not necessarily reflect the views of the State of Florida or any of its subagencies.”

The next printed line must identify the month and year of the publication.

7. Final Project Report. The Grantee must submit Exhibit F, Final Project Report Form, prior to requesting final payment. The Final Project Report may be submitted in lieu of the final quarterly status report, only in instances where the next quarterly report falls after the project’s completion date.
8. Project Photos. The Grantee must submit Exhibit G, Photo Release Form, with the first submission of deliverables and reports (Exhibit A and F) that include photos.
9. Contractual Services. For all grant agreements that include Contractual Services as an expenditure category, the Grantee must submit Exhibit H, Contractual Services Certification, and all required supporting documentation for all contractors conducting work under the grant agreement, prior to requesting payment that includes contractual services.
10. Vulnerability Assessments. For all Planning grant agreements (Resilient Florida Grant Program and Regional Resilience Entities), the Grantee must submit Exhibit I, Vulnerability Assessment Compliance Checklist Certification, with the final grant deliverable(s).
11. Geographic Information System (GIS) files and associated metadata. All GIS files and associated metadata must adhere to the Resilient Florida Program’s GIS Data Standards (found on the Resilient Florida Program website: <https://floridadep.gov/rcp/resilient-florida-program/documents/resilient-florida-program-gis-data-standards>), and raw data sources shall be defined within the associated metadata.
12. State and Local Fiscal Recovery Funds. For all grant agreements funded with the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) under the American Rescue Plan Act, the Grantee must submit the SLFRF Reporting Requirements Form upon execution of the grant agreement.
