## I. Cooperative Agreement Overview

The Florida Department of Environmental Protection (FDEP) Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) Site Screening Section (CSSS) conducts site assessments of contaminated and suspected contaminated sites for the U.S. Environmental Protection Agency (EPA) Superfund program. The EPA provides funding for this work through Cooperative Agreement (CA) V-02D04723, which allows FDEP to continue to perform site assessments, including prescreening evaluations, abbreviated, preliminary and expanded assessments with sampling, and site inspections.

On August 14, 2023, FDEP was awarded a total of \$569,900 for a two-year period from October 1, 2023 to September 30, 2025 via CA V-02D04723 (also referred to as CER25). The CA budgeted \$284,950 for FY 2024 and \$284,950 for FY 2025. A portion of the FY 2024 funds (\$142,368 or 50%) was released in August 2023.
