On the statements, a note (e.g. Note 3) is placed next to the category. This allows for ease in referencing. Also, Note 1 & 2 are not entered on to a Statement, start with Note 3. The examples are for cash or modified cash reporting.

The below disclosures or notes represent the type of reporting the Division is requesting. Required notes, for each CSO regardless of income or expenses, are indicated. Also, presented, are notes that will be included, if the item is applicable to your financial reporting. For instance, Related Party Transactions. (2) Summary of Significant Accounting Policies (Required)

(A) Basis of Accounting

The accompanying financial statements have been prepared on the (cash, modified cash or accrual) basis.

The use of the cash or modified cash basis requires elaboration because there are many variables or combinations when using these methods. Specifically, all CSOs will be reporting in a modified cash basis because they are reporting the Value of Contributed Services from Florida Park Service employees, see handbook page3-5. Additionally, there is an expectation for a summary of how receipts, disbursements, investments, investments, investments, etc...are reported if other than cash.

For instance:

The Friends prepares its financial statements using the modified cash -basis of accounting. Under this method, revenues are recognized when collected rather than when earned, and, expenses, generally, are recognized when paid rather when incurred. This basic approach is modified to include inventory, value of contributed services, fixed assets and related depreciation, liabilities for sales tax, employee payroll and pledges receivable from donors.

The CSO policy, summarized, for each item listed in the basis of accounting will need to be elaborated, individually under Note 2,C.

(B) Basis of Presentation

Net Assets and revenues and expenses (include gains & losses if reporting) are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Friends and changes therein are classified and reported as follows:

Refer to Handbook page 3-4. Permanently Restricted Net Assets - Define based on CSO financial guidelines. Refer to Handbook page 3-4.

(C) Present CSO financial polices, below, are some suggestions but not an exhaustive list:

Directions for notes 3, 4, 5, & 8 are given for accrual and cash methods. As a reminder, a modified cash basis can use a combination of accrual and cash methods. The presentation depends on the CSOs financial policies. Utilize both quantitative and qualitative explanations.
