Environmental Performance Data Reporting Form

BASELINE ENVIRONMENTAL PERFORMANCE DATA

To improve environmental performance, a facility must first measure its current impact. This information helps the facility set goals and measure improvements that can be shared with guests and employees. Additionally, it helps the Florida *Green Lodging* Program promote designated facilities.

Please report solid waste, water consumption and energy usage information from invoices for the previous 12 months. Enter reporting period from: to:

mm/yyyy mm/yyyy

If an item is not applicable, select N/A.

SOLID WASTE			
If solid waste information is not available, provide an estimate. An estimate can be calculated by weighing or measuring consumption/materials for one week. Average the weekly figure, making sure to correct for seasonal variations in your business. Multiply the weekly average by 52 to get an estimated total for the year.
