

FLORIDA GEOLOGICAL SURVEY OPEN HOUSE 2022

FRIDAY, OCT. 14 • 10 a.m. to 3 p.m.

FOR ALL AGES: EARTH SCIENCE FOR A SUSTAINABLE WORLD

EARTH SCIENCE WEEK

INTERACT

- Walk through geologic time.
- Paint-a-Rock, color the past and make a fossil.
- Examine samples through microscopes.
- Interact with geologic data in the GIS Lab.
- Help a geologist obtain groundwater measurements.
- Bring a rock for our rock swap.

EXPLORE

- Visit the FGS Museum and the Florida specimens table.
- View demonstrations on hydrogeology and unusual rock properties.
- Explore the animals that roamed Florida in the past.
- Observe a geologist conducting geophysical logging and see the FGS drill rig.

LEARN

- Learn about the rock cycle and how rocks impact our daily lives.
- Bring your own rock, fossil or mineral and a geologist will identify it.
- Learn more at the publications table.
- Learn how geology impacts you.

Also on site:

- North Florida Wildlife Center.
- Momma P's Ice Cream Truck.
