SCarr304@aol.com

Sam was born and raised in Headland, AL and moved to San Mateo, FL in 1964.

He lives on the St. Johns River one mile downstream from Dunns Creek in the home he helped his father build. He graduated from Palatka South High School in 1970 and Florida Institute of Technology in 1974.

Sam had a 32 year career with Ford Motor Company, becoming a District Manager for Ford Customer Service Division in their Orlando Regional Office. Currently retired, he serves on the boards of the Bartram Trail Conference (VP), Putnam Blueways and Trails Citizen Support Organization, Palatka Water Works Environmental Education Center and Putnam County Historical Society. He is the president of the Friends of Dunn Creek State Park CSO. He is a Greenway

User Governor's appointee to the Florida Greenways and Trails Council.

Sam worked for the establishment of the Bartram Trails in Putnam County by chairing the committee that is part of the Putnam County St. Johns River Waterways Committee. A paddling adventure down the entire St. Johns River started his interest in John and William Bartram's 18th century travels in the region. The Bartram Trail in Putnam County has been designated as a National Recreation Trail.

He enjoys kayaking, golf and fishing and has been married to his wife Lorraine for 30 years. He has two children – Sam and Kelly Carr and 2 grandchildren.

The KC Ingram Show - WSTU AM 1450

560 SW Bay Pointe Circle

Palm City, FL 34990

(772) 888-5828

Oceanblue09@hotmail.com

KC Ingram Traylor is the host of The KC Ingram Show that airs every Tuesday night on WSTU AM 1450 at 5:00 p.m. The focus of the show is to help keep listeners informed on issues that matter to our community.

KC grew up in Michigan and has always had a love for the outdoors. She spent many years horseback riding on the trails in her community. Since moving to Florida without horses, KC now enjoys biking and walking the trails of beautiful South Florida. KC advocates to preserve the beauty of the environment while incorporating the benefit of growth and industry. Both are vitally important to a healthy and sustainable Florida. She focuses on making each one a positive attribute in her community. Furthermore, KC is active with advocating for solutions to problems that stem from the Lake Okeechobee discharges and pollute our waters
