FY2027-2028 Application Information for Florida Recreation Development Assistance Program

FACTS ABOUT FRDAP

WHAT IS FRDAP AND HOW IS IT ADMINISTERED?

The Florida Recreation Development Assistance Program (FRDAP) is a competitive program which provides grants to local governmental entities for acquisition and development of land for public outdoor recreation use or to construct recreational trails. The Florida Department of Environmental Protection (DEP), Land and Recreation Grants Section administers FRDAP. The FRDAP Administrative Rule can be downloaded at <https://floridadep.gov/lands/land-and-recreation-grants/content/florida-recreation-development-assistance-program>.

WHO MAY APPLY FOR FRDAP FUNDS?

Municipal and county governments or other legally constituted entities with the legal responsibility to provide public outdoor recreation.

WHAT IS ELIGIBLE SITE CONTROL VERIFICATION?

1) For land owned by the applicant, submit a copy of the recorded warranty deed that conveyed title to the property, including any attachments. If the property was dedicated via plat, submit a copy of the recorded plat. If there are multiple parcels, submit the deed for each parcel, a map of the parcels, and connect the deeds and the map with reference numbers linking the deed to the relevant parcel. If the property or a portion of it was conveyed by quit claim deed, you will also need to submit an attorney's opinion of title with a title search covering a minimum of 30 years.

2) For land leased by the applicant, submit a copy of the lease or management agreement. The lease must have a minimum of 30 years remaining on the lease, allow the applicant to dedicate the property, and not be revocable at will.

WHAT IS THE GENERAL APPLICATION INFORMATION?

A proposed FRDAP project must be for one of the three following categories: acquisition of land for public outdoor recreational purposes, development and/or renovation of land for public outdoor recreational purposes, or construction and/or renovation of a public recreational trail. If an **acquisition** project receives a FRDAP grant, the applicant must develop the acquired site for public outdoor recreation use within three years.

HOW DO I APPLY?

FRDAP Grant Applications must be submitted through DEP's Grantee Portal (Portal) at <https://fdep.my.site.com/grants/s/frdap-home>, during the announced submission period, **September 1-30, 2026**. The Portal will not accept any applications submitted after **5 p.m. on September 30, 2026**.

Applicants may submit up to two applications during the submission period. Each applicant may only have a total of three active projects, including any applications being submitted. Applications must involve only one project site except for acquisition or development of saltwater beach access. DEP evaluates applications based on the information provided by the applicants, except where such data is superseded by official DEP information. Failure by an applicant to present all required application information and documentation may result in the application being declared ineligible for funding consideration or may result in a loss of points from the applicant's competitive score.

GRANT MATCH RATIOS: (Based on the grant cap of \$200,000)

Project Cost	State Share	Grantee Share

\$50,001 to \$150,000	75%	25%

Refer to Rule Chapter 62D-5.055(4), F.A.C., for complete information on match requirements and match types.

HOW ARE FRDAP GRANTS AWARDED?

Each application is reviewed to determine eligibility. The Land and Recreation Grants Section evaluates each eligible application according to the program rule and assigns a final score. Based on the scores, DEP prepares and submits a recommended priority list to the Florida Legislature for funding consideration. **DEP's performance and obligation to award program grants is contingent upon an annual appropriation by the Florida Legislature. Should the project receive funding, the grantee will have up to three years from the start of the state's fiscal year in which funds are appropriated to complete the project.**
