

Hurricane Stormwater and Wastewater Assistance Grant Program Application

This application is incorporated by reference in Rule 62ER23-1(7), F.A.C., and is effective as of January 30, 2023.

Get Started

1. Applicant Name
2. Applicant Phone Number
3. Email address of person filling out form

Eligibility Information

4. Select the type of system which sustained damage.
 - Stormwater
 - Wastewater

If wastewater: Please list the facility ID associated with this project:

5. Is the hurricane-damaged system within one of the eligible counties (i.e., Brevard, Broward, Charlotte, Collier, Duval, Flagler, Indian River, Lee, Manatee, Martin, Nassau, Palm Beach, Saint Johns, Saint Lucie, Sarasota, or Volusia County)?
 - Yes
 - No
6. Eligible County: (dropdown selection) Brevard, Broward, Charlotte, Collier, Duval, Flagler, Indian River, Lee, Manatee, Martin, Nassau, Palm Beach, Saint Johns, Saint Lucie, Sarasota, or Volusia County
7. Is the system which was damaged operated by a county, municipality, or special taxing district?
 - Yes
 - No
8. Does the damage to the system pose an immediate threat to public health or the environment if not immediately addressed?
 - Yes, there is an immediate threat to public health and/or the environment if the damage is not immediately addressed.
 - No, there is no immediate threat to public health or the environment if the damage is not immediately addressed.

Contact Information

9. Eligible Entity/Sponsor Name
10. Entity/Sponsor Contact Name
11. Entity/Sponsor Contact Phone Number
12. Entity/Sponsor Contact Email Address
13. Entity/Sponsor Contact Street Address
14. Entity/Sponsor Contact City
15. Entity/Sponsor Contact Zip Code

General Project Information

16. Project Name
17. Project Street Address
18. Project City
19. Project Zip Code

20. Project Location Map [Applicant will mark on the map the project location to provide location coordinates. If the project includes multiple locations, please list the coordinates most associated with the threat to public health or the environment.]
21. Project Estimated Start Date
22. Project Estimated Completion Date

Damages Sustained

23. Please select one of the below to identify which storm or storms caused the damage described in this application: (dropdown selection) Hurricane Ian, Hurricane Nicole, Hurricanes Ian and Nicole
24. Provide a detailed description of the damage sustained to the stormwater or wastewater management system due to Hurricanes Ian or Nicole
25. Please submit documentation of the damages proving the damages are a result of Hurricanes Ian or Nicole.

Typical examples of documentation include:

- Date/time stamped photographs showing prior conditions and the damage incurred,
- Insurance reports,
- Inspection reports

Documentation should be submitted by email at DWRAFundingPortal@FloridaDEP.gov

The following naming convention should be used in the email's "subject" line: Entity Name_Project Name.

Example: Leon County_Wastewater System Repair

By choosing YES below, I hereby acknowledge that documentation of damages is required and have provided documentation of damages by email to DWRAFundingPortal@FloridaDEP.gov

- Yes

26. What date was the documentation of damages emailed?

Immediate Threat to Public Health or the Environment

27. What kind of immediate threat does the facility pose if damage is not immediately addressed? (check all that apply)
 - Threat to public health
 - Threat to the environment
28. If a public health threat, please describe in detail. You must include the total population threatened, percent of total population at immediate risk, the health effects associated with the identified risk and justification for why such health threats are immediate. If the proposed project includes multiple locations or components, please describe how each location/component poses a threat to public health.
29. If an environmental threat, please describe in detail. You must include the name of any impacted waterbodies and the short- and long-term impacts associated with the identified risk. If the proposed project includes multiple locations or components, please describe how each location/component poses a threat to the environment.
30. Please provide a detailed description of any barriers that may hinder the ability of the applicant to address the immediate threats identified.

Grant Project Proposal and Funding Request

31. Provide a detailed description of the project proposed for funding.

Description must include:

- a. Whether this is a refurbishment, replacement with same design specifications, or installation/construction of a more resilient or increased capacity replacement for the damaged system.
- b. Whether the proposed project is a permanent or temporary measure to address the threat to public health or the environment.

32. Please provide a detailed cost estimate of the project (i.e., proposed work plan). Additionally, describe any projects that have already begun or have been completed to address the immediate threat prior to the effective date of this rule.

33. Please provide the funding amount requested by the applicant, which shall not exceed \$10 million per project.

Acknowledge and Submit

34. By choosing YES below, I hereby acknowledge that: (1) information submitted to the Department will become a public record; (2) submittal does not create an agreement, nor does it guarantee funding; (3) I understand the funding is available only to counties, municipalities, and special taxing districts within eligible counties with an eligible project; (4) eligible expenses are those incurred as of the effective date of the emergency rule and include only those expenses directly related to the repair to or replacement of the damaged stormwater or wastewater management system posing an immediate threat to public health or the environment; and (5) I am or represent an eligible entity.

Yes
