The Florida Department of Environmental Protection (DEP) has determined that The Spring Park Area, Inc's project located in Yalaha, Lake County to replace and upgrade 50-year old water mains and appurtenances is not expected to generate controversy over potential environmental effects. The total estimated construction cost is \$598,400. The project may qualify for a Drinking Water SRF loan composed of federal and state funds. DEP will consider public comments about the environmental impacts of the proposed projects that are postmarked or delivered at the address below within 30 days of this notice. A copy of the FCEN can be obtained by writing to: Cheryl Minsky, DEP, 3900 Commonwealth Blvd., MS 3505, Tallahassee, Florida 32399-3000, or calling (850)245-2985 or emailing cheryl.minsky@dep.state.fl.us.

**DEPARTMENT OF ENVIRONMENTAL PROTECTION
 Notice of availability of funds for State Agencies and Water Management Districts.**

The Florida Coastal Management Program (FCMP) announces the availability of federal funds for projects related to coastal resource protection. Priorities include water quality improvements encompassing research, monitoring, or restoration, and protection of vulnerable coastlines. The proposed projects should be able to be completed within 12 months. They should be designed to generate and provide information, plans, or meet needs for protection, coordination and response to hazards along Florida's coast. Financial assistance is available in the form of reimbursement grants ranging from \$15,000 to \$74,000, depending upon availability of federal coastal management funds received from the

National Oceanic & Atmospheric Administration (NOAA). The FCMP anticipates that grant recipients will not be required to provide non-federal matching funds or services. Rule Sections 62S-5.002(4) and .003, F.A.C, describe the procedures for submitting applications and the procedures and criteria by which applications will be evaluated, respectively. A copy of the rule may be obtained at: <https://www.flrules.org/gateway/ChapterHome.asp?Chapter=62s-5>. There is no specific application form; however, proposals must not exceed 10 pages in length (excluding the title page, project location map, and budget page).

The Questionnaire is not counted as part of the application page limit. The Questionnaire may be obtained at: <https://coast.noaa.gov/data/czm/media/questionnaire306a.docx>.
