

# MANAGEMENT OF STORM GENERATED HAZARDOUS WASTE

The Florida Department of Environmental Protection (DEP) provides the following contact information and guidance to assist with management of hazardous waste generated from a hurricane event. DEP's Tallahassee program office and the district offices will be available to coordinate assistance to local governments and regulated facilities in the affected counties.

## DEP CONTACTS FOR HAZARDOUS WASTE

## HOUSEHOLD/ SMALL BUSINESS HAZARDOUS WASTE COLLECTION CENTERS

Florida has an established network of local household and small business hazardous waste collection centers that can provide a secure location for temporary storage of household hazardous wastes and emergency storage of spilled or abandoned hazardous substances that pose a threat to the public or the environment.

- Attachment A is a list of county household/small business hazardous waste collection program contacts.
- Attachment B is a list of the county hazardous waste compliance program contacts.

## TEMPORARY STAGING AREAS

In the event that the local household hazardous waste collection center is not available, or there is a large amount of waste, secure locations should be identified and registered using the following steps.

- Identify a suitable and secure location. Disaster debris staging areas, parking lots, stadiums and parks may need to be utilized for temporary storage of large amounts of waste.
- Contact the FDEP representative in your area or in Tallahassee.
- Obtain a temporary Hazardous Waste Emergency EPA Identification number.

### **A suitable Temporary Staging Area should be:**

- On an impermeable surface
- Located in a secure area with limited access
- Of sufficient size to allow for separation of incompatible materials and adequate aisle space to allow for inspections and emergency access
- Have adequate spill control and fire protection equipment
- Managed only by persons with appropriate HAZWOPER and HAZMAT training

### **The waste in the temporary staging area should be:**

- Separated from incompatible materials
- Maintained in closed containers that are in good condition and appropriate to the nature of the waste. Protected from the elements.

### **Obtain temporary Hazardous Waste Emergency EPA Identification Number:**

Pursuant to 62-730.161 Florida Administrative Code, emergency identification numbers should be issued during emergency events to track shipments of hazardous waste. If you need an emergency EPA/DEP I.D. number for an emergency response situation, contact the DEP district or Tallahassee hazardous waste point of contact listed above with the information requested on the attached form (Attachment C) **“APPLICATION FOR A HAZARDOUS WASTE EMERGENCY EPA/ DEP IDENTIFICATION NUMBER”**

**APPLICATION FOR A HAZARDOUS WASTE EMERGENCY EPA/DEP IDENTIFICATION NUMBER**

Complete the following information, make sure the form is signed by the generator, and send the original form to the Hazardous Waste Compliance/Enforcement Section at the appropriate Florida Department of Environmental Protection (FDEP) district office. Type or legibly write the information in ink.

Emergency I.D. numbers are generally issued only in the following circumstances, pursuant to Rule 62-730.161, Florida Administrative Code (F.A.C.):

1. Emergency situations (e.g. spills);
2. Cleanup of an abandoned site;
3. One-time cleanup of a site that does not normally generate hazardous waste and will not foreseeably generate hazardous waste in the future.

If the Department issues an emergency EPA/DEP I.D. number, **you must submit legible copies of all signed and returned manifests** to the Hazardous Waste Compliance Section of the FDEP District office that issued the number within 45 days of the last shipment of hazardous waste. If you generate more than 1000 kilograms of hazardous waste in a calendar month, you must submit a biennial report as described in Rule 62-730.160(5), F.A.C.

If you need an emergency EPA/DEP I.D. number for an emergency response situation, call the FDEP district office with the information requested on this form and a number will be issued as quickly as possible

**IMPORTANT: THE EMERGENCY EPA/DEP I.D. NUMBER IS NOT VALID BEYOND 60 DAYS OF THE ISSUE DATE. [62-730.161(4)(d), F.A.C.]**
