

MICKEY THOMASON

Manager
Cross Florida Greenway

Mickey Thomason graduated with a B.S. degree in Parks and Recreation from the University of Florida in 1990 and has been a parks and recreation professional since 1994, first with the DEP's Office of Greenways and Trails and now the Florida Park Service. Mickey has also attended graduate level courses in fisheries management, limnology, and aquatic plant sciences at UF. Mickey was one of the first employees hired on the Cross Florida Greenway when it was created out of the former Cross Florida Barge Canal project in 1994 and has worked in numerous positions during his career from an OPS Ranger to his current position as a Park Manager IV over the 75,000+ acre Cross Florida Greenway. Mickey has a diverse range of experience that he has accrued over the 30+ years of managing numerous greenways and trails corridors and properties throughout the state. He has been married to his lovely wife Michelle for more than 22 years and their wonderful daughter Elizabeth is currently attending the University of Florida. They all live in Gainesville.
