ORDERS, MADE NECESSARY BY
SUBTROPICAL STORM ALBERTO**

OGC NO. 18-1016

ORDER TERMINATING EMERGENCY FINAL ORDERS

Pursuant to Sections 120.569(2)(n), 252.36 and 252.46, Florida Statutes, and upon consideration of the State of Florida Executive Order No. 18-157 and the following findings of fact, the State of Florida Department of Environmental Protection (Department) enters this Order Terminating Emergency Final Orders (Order), including Findings of Fact and Conclusions of Law due to the abatement of the imminent or immediate danger to the public health, safety, and welfare of the citizens of the State of Florida caused by Subtropical Storm Alberto (hereinafter "the Storm").

FINDINGS OF FACT

1. On May 25, 2018, the National Hurricane Center announced that an area of low pressure in the Northwest Caribbean Sea developed into Subtropical Storm Alberto with maximum sustained winds of 40 miles per hour and was forecasted to impact the State of Florida.

2. By State of Florida Executive Order No. 18-150, the Governor declared that a state of emergency exists throughout the State of Florida based upon the serious threat to the public health, safety and welfare posed by the Storm.

3. On May 26, the Department issued Emergency Final Orders OGC No. 18-1016 and 18-1017 in response to the imminent or immediate danger to the public health, safety, and welfare of the citizens of the State of Florida caused by Storm.

4. The Storm made landfall in the Florida Panhandle on May 28, 2018, with maximum sustained winds of 45 miles per hour causing minor damage and flooding.

5. On June 8, 2018, the Governor ended the state of emergency and terminated Executive Order No. 18-150.

6. The Department finds that a state of emergency no longer exists statewide due to the effects of the Storm.

CONCLUSIONS OF LAW

1. Based on the findings recited above, it is hereby concluded that the statewide emergency caused by the Storm no longer exists.

2. Under State of Florida Executive Order No. 18-157, and Sections 120.569(2)(n), 252.36 and 252.46, Florida Statutes, the Secretary or designee of the Department is authorized to issue this Order.

THEREFORE, the Emergency Final Orders OGC No. 18-1016 and 18-1017 for Subtropical Storm Alberto are hereby terminated and are no longer in effect.

DONE AND ORDERED on this 8th day of June 2018, in Tallahassee, Florida.
