### **Division of Recreation and Parks Office of Greenways and Trails Application for Designation of Private Lands or Waterways as Part of the Florida Greenways and Trails System**

---

#### **PROJECT ELIGIBILITY**

Private lands and waterways located within the state may be designated by the Department as components of the Florida Greenways and Trails System upon compliance with the requirements of Section 62S-1.450, F.A.C.

#### **CONSENT OF LANDOWNER REQUIRED**

Section 260.014, Florida Statutes, provides that “no lands or waterways may be designated as a part of the statewide system of greenways and trails without the specific written consent of the landowner.” Furthermore, if public access is contemplated for any portion of the project, both the owner(s) and the proposed managing entity must provide the Department with written authorization detailing the public access permitted on the project. Accordingly, the sponsor of each project proposed for designation is strongly encouraged to communicate and collaborate with all potentially affected landowners and land managers throughout all stages of the designation process.

#### **GENERAL INSTRUCTIONS**

1. All responses on the Application must be typed or legibly printed. If a particular item does not apply to the project, the proper response is “Not Applicable.” Do not leave a response area blank.
2. If additional space is needed for a response, check the box on the Application form to indicate that additional sheets(s) are attached, and identify the information contained within each additional sheet by noting the Application item number to which it relates.

4. Applicants must submit an original Application, one (1) original of each Required Attachment and any other supporting documentation.

The location map must state the length of trails and total project acreage, and should indicate points of interest or special features.
