PUBLIC RECORDS

FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

In Florida, most written and recorded communications relating to official state business, are available to the public. Most DEP records are available online and may be accessed at any time and at no cost to you.

- [Oculus](#) - Search for records related to permitting, permitted facilities and other regulated activities.
- [Information Portal](#) - Search for records by facility, site names, street addresses or document type.
- [DEP Business Portal](#) - Apply for commonly issued authorizations, permits or certifications, pay fees and renewals, submit annual reports, subscribe to agency newsletters or search for records.

Records Retention

All state of Florida government records are subject to retention schedules. When a record reaches or exceeds its established schedule it may be permanently disposed. DEP no longer retains and is unable to provide copies of records that have been disposed.

Many questions are best answered at the district-level as they are most familiar with local issues and regulations. View our [district map](#) to determine the right office to contact. If you have additional questions or concerns, contact the Office of the Ombudsman and Public Services at Public.Services@FloridaDEP.gov or 850-245-2118.

FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

How do I submit a Public Records Request?

For faster processing and lower cost (if applicable), please include the following:

- Your preferred contact information.
- Clear description of desired record(s).
- Specific date(s) of desired record(s).
