## **Notification and Agreement**

It is understood that the state of Florida Department of Environmental Protection (FDEP) and Orange County have entered into an interlocal agreement pursuant to Section 403.707(10), Florida Statutes, that allows an owner/operator to provide a single financial mechanism when demonstrating proof of financial assurance if the financial mechanism provided adequately covers the largest closure cost estimate approved by either the FDEP or Orange County.

Permittee/applicant has elected to participate in this joint financial assurance program and understands that only the following instruments have been approved for use:

- Letter of Credit (LC) with Standby Trust Fund Agreement (SBTF)
- Performance Bond (PB) with Standby Trust Fund Agreement (SBTF)
- Financial Guarantee Bond (GB) with Standby Trust Fund Agreement (SBTF)
- Insurance (IN)
- Trust Fund Agreement (TF)

Permittee/applicant agrees to include a completed signed copy of this agreement as part of any application package to any institution they solicit in the process of obtaining a financial assurance instrument. Only the FDEP may be listed on the instrument as beneficiary or payee. This completed agreement (with an original signature by the Surety or Trustee representative), by attachment, amendment or rider, becomes an integral part of the financial assurance instrument submitted.

## For purposes of this instrument, the terms "required action," "permit," "rule," "regulation," "statute," or related terms shall include regulations, orders, and permit conditions established by the local government having jurisdiction over the facility.

Participants in this program agree that the FDEP Solid Waste Financial Coordinator will act in accordance with all applicable federal, state, and county solid waste rules and ordinances when determining actions to take involving the financial assurance mechanism.
