PART I

ADMINISTRATION OF AGREEMENT

SECTION 1 - INTRODUCTION

(a) Pursuant to Section 403.182 of the Florida Statutes (F.S.), the Florida Department of Environmental Regulation, which has since been renamed the Florida Department of Environmental Protection (Department or DEP), entered into a General Agreement with the Palm Beach County Public Health Unit (Local Program) on November 30, 1988. The General Agreement specifies the general working relationship between the Department and the Local Program, and provides that the details of authority delegated by the Department to the Local Program for administering any of the Department's specific programs be set forth in a Specific Operating Agreement (SOA) subject to periodic review. The Local Program referred to in this SOA is the Palm Beach County Public Health Unit, located in Palm Beach County, Florida.

(b) The Department and the Local Program originally entered into the domestic wastewater (DOM) SOA on January 8, 1991 to delineate each agency's responsibility for developing and implementing the program defined here under appropriate state and local statutes, ordinances, and regulations. The Department and the Local Program hereby enter into this modified SOA to revise the details of DOM program delegation. This modified SOA and all Exhibits and Attachments shall, upon approval, supersede the previously executed version of this SOA and provisions of other agreements between the Department and the Local Program applicable to DOM delegation.
(c) Nothing here or in the General Agreement is intended to limit the Department's or the Local Program's independent authority established by law.

SECTION 2 - PARTIES
Notwithstanding provisions in the General Agreement, parties to this SOA are the Department and the Local Program. The Department's Division of Water Facilities (Division) will be responsible for transferring information needed by the Local Program as described in this SOA [while copying the Department's Southeast District Office (District)], except as otherwise required for efficiency or specified by this SOA.

SECTION 3 - MODIFICATION OF AGREEMENT AND CONFLICT BETWEEN AGREEMENTS
This SOA and any Appendices or Exhibits may be modified in writing at any time as necessary by mutual consent of the Department and the Local Program. Attachments may be revised without formal SOA modification. Modifications may be made in whole, by part, or by section, and upon approval shall supersede previous versions of this SOA. Any proposed changes shall be identified and delineated in writing by the party proposing the change. Approvals of modifications to the text of this SOA shall be signed by the DEP Secretary and the Local Program Director. The execution of this SOA shall automatically void conflicting provisions of other agreements between the Department and the Local Program applicable to the program defined here.
SECTION 4 - PERIODIC REVIEW OF AGREEMENT

This SOA shall be jointly reviewed by the Department and the Local Program at least every three years for the purpose of determining its adequacy and the need for any modifications.

SECTION 5 - TERMINATION OF AGREEMENT

This SOA may be terminated with or without cause by either the Department or the Local Program upon written notice to the other party of at least ninety (90) days. Such notice from the Local Program shall be signed by the Local Program Director. Such notice from the Department shall be signed by the DEP Secretary. Upon termination, the Local Program shall provide to the Department all files applicable to this SOA.

SECTION 6 - SEVERABILITY

If any part of this SOA is found invalid or unenforceable by any Court, the remaining parts of this SOA will not be affected if the Department and the Local Program agree that their respective rights are not materially prejudiced, and if the intentions of the parties can continue to be effective.
PART II
PROGRAM MANAGEMENT

SECTION 7 - BUDGET
The Local Program shall annually provide a summary of its approved budget outlining funding and staffing. The Division shall make its Division-related budget summary available upon request. The Local Program shall maintain an adequate level of DOM program funding, staffing, and equipment to comply with all statutes, rules, and policies pertaining to delegated DOM program activities. Minimum DOM program activities include the level of service (e.g., required number of inspections per facility per year) and compliance rate goals described in Part III of this SOA, to the extent delegated.

SECTION 8 - PROGRAM ORGANIZATION
8.01 RULES, REGULATIONS, AND ORDERS
The Local Program hereby certifies that it does not have any Local Program DOM laws, ordinances, rules, regulations, or orders (or portions thereof) more extensive, or stricter or more stringent than the requirements of Chapter 403, F.S., and the Department’s rules applicable to the DOM program, to the extent of delegation. The Department hereby determines that the Local Program laws and ordinance listed in Exhibits 1 and 2 affixed to this SOA are compatible with the requirements of Chapter 403, F.S., and the Department’s DOM rules, to the extent of delegation. The Local Program shall implement subsequent revisions of applicable Department rules at the time the Department rule becomes effective. Pursuant to Section 2 of Palm Beach County Ordinance No. 78-5, such Department rule revisions are automatically adopted and incorporated by reference as part of local ordinance.
Subsequent new or amended Local Program DOM laws, ordinances, rules, regulations, or orders which the Local Program contends are more extensive, or stricter or more stringent than the provisions of Chap 403, F.S., or the Department’s DOM rules shall be submitted by the Local Program for consideration by the Department as proposed modifications to this SOA, and shall not be enforceable under state authority by either party unless and until such modifications are approved. New or amended Local Program DOM laws, ordinances, rules, regulations, or orders which are less stringent or conflict with the provisions of Chapter 403, F.S., or the Department’s DOM rules shall considered sufficient reason for revocation of this SOA.

8.02 PERSONNEL AND EQUIPMENT
The Local Program shall procure necessary equipment and maintain a staff capable of performing the duties specified in this SOA, as modified from time to time. Attached are organizational charts of the Division and Local Program. Such charts shall be updated at least annually or more frequently as appropriate.

8.03 COMPUTERS
The Local Program shall maintain adequate computer terminal(s) and communications hardware and software at its end necessary to perform all data entry requirements of this SOA, as modified from time to time. Central operation and maintenance of the Department’s computerized database management systems shall be provided by the Department.

8.04 NOTIFICATION OF FACILITY OWNERS
Within 30 days after approval of this modified SOA and future modifications to this SOA, as appropriate, the Local Program will
notify each owner of a facility affected by any procedural changes brought about by the modification, and will make available appropriate permit application information needed by potential applicants in the Local Program’s geographical jurisdiction. The District and Local Program shall finish processing applications they received before the modification date according to prior agreement.

SECTION 9 - PROGRAM PLANNING AND MANAGEMENT

9.01 PLANS
The Local Program shall prepare an annual work plan describing staff (Full Time Equivalents) and equipment committed to the delegated DOM program. The work plan must include updated lists of delegated and non-delegated facilities, and the types and frequencies of activities to be performed to meet the minimum DOM level of service (e.g., required number of inspections per facility per year) and compliance rate goals described in Part III of this SOA. (Updates to the list of non-delegated facilities will be provided to the Local Program by the District as needed.) The Local Program shall submit its annual work plan for the upcoming fiscal year to the Division, with a copy provided to the District Office, by June 30 of the preceding fiscal year.

9.02 TRAINING
(a) All parties to this SOA will ensure that their respective personnel have requisite training needed to allow each employee to accomplish the work assigned. Specific training requirements for the Local Program include the following:

(1) Attendance of appropriate Local Program staff at DEP domestic wastewater training sessions. The Division will provide advance
notice (at least three weeks for out-of-town travel) to the Local Program of such training sessions;

(2) Program specific training and information from other appropriate sources such as the United States Environmental Protection Agency (EPA) and professional organizations; and

(3) Participation in on-the-job training conducted by the Department for an appropriate period of time following delegation, including basic inspector training courses for facility inspection, sampling, and enforcement, and training and assistance with the collection of spatial information (latitude/longitude data for facilities) and the operation of the Department's computerized data management systems.

(b) The Department may also provide training to the Local Program in preparation for modifications to this SOA to expand the scope of delegation.

9.03 MEETINGS AND CONFERENCES
(a) In addition to fulfilling the provisions of the General Agreement, the Local Program will be appropriately represented at the following specific meetings:

(1) DEP Annual Domestic Wastewater Workshop;

(2) DEP Wastewater Compliance Training Workshops;

(3) DEP Annual Enforcement Workshop;
(4) DEP Data Management Training Workshops; and

(5) Periodic meetings, at least quarterly, with District DOM staff to coordinate activities. Such meetings shall be separate and distinct from audits and performance evaluations of the Local Program.

(b) The Local Program is also encouraged to participate in meetings for revising the GUIDELINES FOR CHARACTERIZING DOMESTIC WASTEWATER VIOLATIONS and other DEP procedures manuals. The Division will provide advance notice to the Local Program of such meetings.

9.04 REPORTING REQUIREMENTS

(a) LOCAL PROGRAM COMPUTER DATA ENTRY
Permitting, compliance, and enforcement data for facilities delegated under Part III of this SOA shall be entered by the Local Program into the following Department computerized data management systems according to the schedule shown:

<table>

9.05 AUDITS AND PERFORMANCE EVALUATIONS

(a) The Department will periodically conduct financial audits and program performance evaluations of the Local Program's implementation of the delegated program. The Local Program will have adequate time (at least 20 working days) to complete pre-audit surveys and to comment on draft audit findings.

(b) The purpose of the financial audits is to determine if all fees for Department permits, monies for enforcement actions, and other state funds received by the Local Program for delegated activities have been properly accounted for and distributed. For the purposes of this SOA, appropriate records of all monetary transactions must be on file for at least the previous three years, or the period of delegation, whichever is less.

(c) The purpose of the performance evaluations is to determine if permit applications, monitoring programs, compliance efforts, and enforcement actions are being managed in accordance with applicable requirements and policies, and that appropriate files are being maintained for all delegated Department permitting actions taken, monitoring programs, enforcement actions, and other responsibilities assumed by the Local Program. Permitting files shall be retained permanently. Other files shall be maintained for the previous ten years, or the period of delegation, whichever is less. The Department will have a goal of performing a Local Program performance evaluation annually, and more frequently if warranted. Oversight of reports and data entry will be performed on a continuous basis.
PART III
PROGRAM RESPONSIBILITIES

SUB-PART A - PERMITTING

SECTION 10 - DELEGATED PERMITTING ACTIVITIES

(a) Beginning on the approval date of this modified SOA, the Department delegates to the Local Program the authority to issue and deny, under applicable statutes, regulations, orders, and guidelines, state permits for domestic wastewater facilities (for sewage collection and transmission, and wastewater and residuals treatment, disposal, reuse) in the Local Program's geographical jurisdiction, except for the following facilities:

(1) County owned or operated domestic wastewater and residuals treatment, disposal, and reuse facilities and sites;

(2) Plants designed for a capacity in excess of 500,000 gallons per day;

(3) Facilities subject to National Pollutant Discharge Elimination System (NPDES) permitting [Section 403.0885, F.S.], Underground Injection Control permitted facilities [Chapter 17-28, Florida Administrative Code (F.A.C.)], and other facilities permitted under programs federally delegated to the Department; and

(4) Sewage collection and transmission facilities larger than 12 inches in diameter (and appurtenant pump stations) for which the county is the owner or permit applicant.
(b) After a complete program performance evaluation following a period of at least six months after the modification date, this SOA may be further modified to expand the scope of delegation to include plants excess of 500,000 gallons per day design capacity. Relief mechanisms (including variances, exemptions, and mixing zones) and WQBELs determined by the Level II process in accordance with Rule 17-650.500 F.A.C., shall not be delegated with permitting activities.

(c) Attached are lists of delegated and non-delegated facilities. Updated lists consistent with the types of delegated facilities described above shall be provided by the Local Program (delegated facilities) and District (non-delegated facilities) at least annually, and as revisions occur.

(d) As described in Part III, Sub-Part B of this SOA, the Local Program also accepts the lead role for compliance and enforcement activities for all facilities delegated for permitting activities.

SECTION 11 - PERMITTING PROCEDURES

11.01 APPLICATION REVIEW PROCEDURES FOR DELEGATED FACILITIES

(a) DEPARTMENT PROCEDURES

When the District receives a permit application, or notice requesting the use of a general permit, for a delegated facility on or after the modification date of this SOA, the District shall retain one copy and shall, within three working days, forward all other copies and any enclosed application fees to the Local Program for processing, and issuance or denial. The District and Local Program shall finish processing applications they received before the modification date according to prior agreement.
(b) LOCAL PROGRAM PROCEDURES

(1) The Local Program shall ensure that a legible stamped date of receipt is promptly applied to each permit application received for delegated facilities. The Local Program will provide the District one copy of each delegated facility permit application submitted directly to the Local Program office within three working days of receipt. Completeness comments will be provided (at the District’s discretion) to the Local Program within 15 days of receipt. A copy all applicable correspondence will be kept on file at the Local Program office.

(2) The Local Program, considering any completeness comments provided by the District, will review each application for completeness within 30 days of receipt. If the application is determined to be incomplete, a letter of incompleteness will be sent to the applicant and District within the 30 day period, by the Local Program, identifying and requesting the needed additional information.

(3) When the application is determined to be complete, the Local Program will process the application as expeditiously as possible, and take final agency action on the complete application in accordance with the procedures and time frames that would apply to the District if the Department were taking final action on the application. Review of engineering features of plans and specifications and preliminary design reports shall be performed by or under the supervision of a licensed professional engineer registered in the State of Florida in accordance with Chapter 471, F.S. The Local Program will provide the District with a draft copy of any intent to deny notice at least ten working days before the Local Program mails the notice to the applicant. Th
Local Program will provide the District with a draft copy, at the District’s discretion, of other agency action related to each permit application, other than general permits, at least ten working days before the Local Program mails the permit, or its intent to issue, to the applicant. Permits, notices of intent, and denial letters shall be signed by the Local Program Environmental Science and Engineering Director. The Local Program will provide the District with copies of all issued permits (other than general permits), at the District’s discretion, and Final Orders denying permits.

(4) The Local Program shall provide administrative review of its permitting decisions pursuant to the appeal procedures of Chapter 120, F.S., as if these decisions were being made by the Department, and the Local Program Environmental Science and Engineering Director shall take appropriate final agency action. The Local Program will provide legal counsel and technical support as needed to defend its permit issuance decisions. The Department will assist the Local Program to the extent that the Department’s permitting policy or rule interpretation is at issue. At the time of referral of a petition to the Division of Administrative Hearings (DOAH), the Local Program shall mail a copy of the notice of referral, the petition, and the challenged permitting decision to the Department’s Office of General Counsel at Twin Towers Office Building, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. The Department shall have the right, if it so chooses, to intervene in the DOAH proceeding. The Local Program shall mail a copy of all recommended orders resulting from such DOAH proceedings to the Department’s Office of General Counsel.

(5) The Local Program will provide the District with one copy
(excluding supporting documentation) of each delegated facility not requesting the use of a general permit submitted directly to the Local Program within three working days of receipt. The Local Program will review and process each general permit notice within 30 days of receipt. If a notice does not qualify, the Local Program will provide the applicant with a denial of general permit use. The Local Program will not require a regular permit when a general permit can be used, unless required by a local law, ordinance, rule, regulation, or order more stringent than Department rule.

(6) Facility permitting shall be done according to procedures established by applicable statutes, rules, and policies. The Local Program shall have the same requirements for timeliness to issue or deny permits as the Department. Default permits are considered unacceptable, and a pattern of such defaults shall be considered sufficient reason for revocation of this SOA. The following statute rules, procedures, and guidelines are specifically referenced with respect to the permitting programs included in this SOA:

a. CHAPTER 120, F.S.;

b. CHAPTER 403, F.S.;

c. TITLE 17, F.A.C., or its successor;

d. DEP DOMESTIC WASTEWATER PROGRAM MANUAL;

e. DEP DIVISION OF WATER FACILITIES POLICY MANUAL;
f. DEP GUIDELINES FOR PREPARATION OF REUSE FEASIBILITY STUDIES FOR APPLICANTS HAVING RESPONSIBILITY FOR WASTEWATER MANAGEMENT;

g. DEP GUIDELINES FOR PREPARATION OF CAPACITY ANALYSIS REPORTS;

h. DEP GUIDELINES FOR PREPARATION OF OPERATION AND MAINTENANCE PERFORMANCE REPORTS;

i. DEP PERMIT APPLICATION TRACKING SYSTEM (PATS) USER MANUAL; and

j. DEP GROUNDWATER MANAGEMENT SYSTEM (GMS) USERS GUIDE.

(7) The Local Program shall enter the appropriate permit activities data into the Department's computerized data management systems [Permit Application Tracking System (PATS) or its successor, and Groundwater Management System (GMS) or its successor] for all delegated facility permits in accordance with the schedule specified in Part II of this SOA. Only state permit fee amounts shall be entered into PATS (i.e., local permit fee amounts shall be omitted). Data entry shall otherwise be complete and accurate.

11.02 CONFLICT RESOLUTION

Although the Local Program has the primary responsibility for decisions on final agency action for delegated Department permit applications, the Department retains the power to make such a decision whenever an irreconcilable conflict arises between the Local Program and the Department with respect to permit issuance or denial. If a conflict arises between the Local Program and the Department, the two agencies shall promptly attempt to reach an agreement to resolve the conflict.
If an agreement is not reached, the Department shall declare in writing that an irreconcilable conflict exists, and the Local Program shall take no further action on the subject permit. The Department shall have ultimate authority in deciding the final agency action on the state permit.

11.03 PERMIT FEES

(a) The Local Program’s state fees for Department permits shall be amounts established in Chapter 17-4, F.A.C., or its successor. The Local Program may assess additional or separate local fees in addition to state fees. Pursuant to Section 2 of Palm Beach County Ordinance No. 78-5, the state permit fee schedule established in Chapter 17-4, F.A.C., as amended from time to time, is adopted and incorporated by reference as part of local ordinance.

(b) The required state permit fees for delegated facilities have been and shall continue to be split between the Department and the Local Program with the Department receiving 30 percent and the Local Program receiving 70 percent of the fees, as of February 6, 1992. The Department’s Bureau of Finance and Accounting will continue to periodically invoice the Local Program for the Department’s 30 percent share. The frequency of invoicing is determined by the Department’s Bureau of Finance and Accounting.

(c) When an application for a delegated facility is received by the Local Program without the required state fees (or with incorrect fees) the Local Program shall follow procedures consistent with Section 17-4.050(5), F.A.C., or its successor. All permit application fees and refunds of fees shall be processed in accordance with
generally accepted accounting principles.

11.04 NON-DELEGATED PERMIT APPLICATIONS

When the Local Program receives a permit application, or notice requesting the use of a general permit, for a non-delegated facility defined by Section 10 and the modification date of this SOA, the Local Program shall, within three working days, forward the application and any enclosed state fees to the District for processing.
SUB-PART B - COMPLIANCE AND ENFORCEMENT

SECTION 12 - LEAD AND SUPPORT ROLES

(a) The Local Program accepts the lead role for compliance and enforcement activities for domestic wastewater facilities (for sewage collection and transmission, and wastewater and residuals treatment, disposal, and reuse) in the Local Program's geographical jurisdiction except for the following facilities:

(1) County owned or operated domestic wastewater and residuals treatment, disposal, and reuse facilities and sites;

(2) Plants designed for a capacity in excess of 500,000 gallons per day;

(3) Facilities subject to National Pollutant Discharge Elimination System (NPDES) permitting [Section 403.0885, F.S.], Underground Injection Control permitted facilities [Chapter 17-28, Florida Administrative Code (F.A.C.)], and other facilities permitted under programs federally delegated to the Department; and

(4) Sewage collection and transmission facilities larger than 12 inches in diameter (and appurtenant pump stations) for which the county is the owner or permit applicant.

(b) For delegated facilities, the Department accepts the support role for compliance and enforcement activities by providing legal, technical, and training assistance.
(c) For non-delegated facilities, the Department retains the lead role for compliance and enforcement activities. The Local Program may, at its discretion, serve a support role by providing technical and legal assistance as appropriate. Incorporation of Local Program compliance activities for non-delegated facilities (e.g., complaint investigation and facility inspections) into the Department's compliance and enforcement program is encouraged. When violations are found at residuals sites receiving residuals from non-delegated facilities, the Local Program shall promptly notify the District so that the Department can pursue enforcement with regard to the non-delegated facilities. The Department shall fully recognize, in the media and elsewhere as occasions arise, the compliance and enforcement activities accomplished by the Local Program.

(d) Information on actions taken by the lead agency shall be available to the support agency upon request. Whenever either party requests information concerning a specific discharger and the requested information is available from files, but not from the Department's computerized data management systems, the information will be provided. If the required information is not available, the agency making the request shall be promptly notified.

(e) The Local Program shall ensure that the requirements of applicable rules and permits are specifically identified and addressed in each case. Department compliance and enforcement guidelines, and guidelines which may be the product of agreements between the Department and other agencies, will be provided to the Local Program.

(f) Nothing in this SOA shall prohibit either agency from taking
enforcement action for violation of their respective rules. The Local Program, however, shall not initiate action under state authority without prior coordination unless they are the lead agency. Similarly, the Department shall not initiate enforcement action on facilities for which the Local Program is designated lead agency without prior coordination. When the Department and the Local Program institute separate lawsuits against the same party for violation of the same requirements, the suits shall be consolidated when possible. The lead agency for consolidated lawsuits shall be as indicated above.

SECTION 13 - COMPLIANCE

13.01 COMPLIANCE INSPECTION PROCEDURES

(a) For delegated facilities, the Local Program shall operate a timely and effective compliance monitoring program. The Local Program shall use the Department's computerized data management systems, where applicable, to track compliance with permit conditions. For the purposes of this SOA, the term "compliance monitoring" includes all activities undertaken by the Local Program to assure full compliance with applicable wastewater permitting program requirements, and shall include the following activities:

1) Compliance Review of Self-Monitoring Reports - The Local Program shall conduct timely and substantive reviews and keep complete records of all written material relating to the compliance status of delegated facilities. These records will include reports as a result of compliance schedules incorporated in permits or enforcement orders, Monthly Operating Reports, Compliance Inspection Reports, and any other reports that permittees must submit under the terms and conditions of a permit.
enforcement order. The Local Program shall determine if require self-monitoring reports are submitted on time, the submitted reports are complete and accurate, and the permit conditions are met.

(2) Compliance Inspections - The Local Program shall conduct site inspections to determine the status of compliance with permit requirements, including sampling and nonsampling inspections. Inspection procedures will be in accordance with the DEP Wastewater Compliance Procedures Manual. For purposes of this SOA, the term "compliance inspection" includes compliance evaluation inspections (CEI), performance audit inspections (PAI) compliance sampling inspections (CSI), reconnaissance inspections (RI), and other inspection types defined in the Compliance Procedures Manual.

(3) Sampling and Analysis of Effluent - All sampling and analysis activities, whether provided by the Local Program or by contracted services, shall comply with applicable requirements of Chapter 17-160, F.A.C., or its successor.

(4) Monitoring to Determine a Facility's Impact on Surface Waters - Reports for biological sampling bracketing a permitted outfall to determine biological effects shall be submitted to the District, the Division's Wastewater Facilities Regulation Section (two copies), and the Local Program compliance officer for any necessary action. These reports, where applicable, shall include a one-page descriptive summary of the biological health of the site comparing the upstream sample to the downstream. The reports
shall include copies of the sampling data and calculations.

(5) Computer Tracking of Compliance Activities using the Department's Computerized Data Management Systems - The Local Program shall enter the appropriate facility Monthly Operating Report data, compliance schedules, and compliance activities data into the Department's computerized data management systems [Groundwater Management System (GMS) or its successor, and Compliance Enforcement Tracking system (COMET) or its successor] in accordance with the schedule specified in Part II of this SOA. Data changes, such as facility name changes or address changes shall be entered on a monthly basis. Data entry shall be complete and accurate.

(b) Where applicable, the Local Program will perform sample collection and analysis for the scheduled impact assessment inspections and/or other sampling inspections identified in each year's annual work plan in accordance with standard operating procedures adopted by the Department. Such procedures include collection and analysis protocols, equipment, quality assurance and quality control, and reporting. Facility compliance monitoring shall be done according to procedure established by applicable statutes, rules, and policies at frequencies required therein or as specified in the appropriate facility permit. Associated quality assurance and quality control techniques shall be followed. The following statutes, rules, procedures, and guidelines are specifically referenced with respect to the compliance monitoring programs included in this SOA:
(1) CHAPTER 403, F.S.;

(2) TITLE 17, F.A.C., or its successor;

(3) DEP WASTEWATER COMPLIANCE PROCEDURES MANUAL and INSPECTORS' TOOL CHEST;

(4) DEP DIVISION OF WATER FACILITIES POLICY MANUAL;

(5) DEP MANUAL FOR PREPARING QUALITY ASSURANCE PLANS;

(6) DEP STANDARD OPERATING PROCEDURES FOR LABORATORY OPERATIONS AND SAMPLE COLLECTION ACTIVITIES;

(7) BIOLOGICAL FIELD AND LABORATORY METHODS FOR MEASURING THE QUALITY OF SURFACE WATER AND EFFLUENTS (Environmental Monitoring Series, EPA);

(8) METHODS FOR MEASURING THE ACUTE TOXICITY OF EFFLUENTS AND RECEIVING WATERS TO FRESHWATER AND MARINE ORGANISMS (Environmental Monitoring Series, EPA);

(9) SHORT-TERM METHODS FOR ESTIMATING THE CHRONIC TOXICITY OF EFFLUENTS AND RECEIVING WATERS TO MARINE AND ESTUARINE ORGANISMS (Environmental Monitoring Series, EPA);

(10) METHODS FOR CHEMICAL ANALYSIS OF WATER AND WASTES (Environmental Monitoring Series, EPA);
(11) DEP GEOGRAPHIC INFORMATION SYSTEM DATA COLLECTION AND CLEANUP PLAN;

(12) DEP GROUNDWATER MANAGEMENT SYSTEM (GMS) USERS GUIDE; and

(13) DEP COMET PRODUCTION MANUAL.

(c) Where the Local Program has demonstrated to the Department that its compliance policies, procedures, and guidelines are compatible with and at least as strict as the Department's, the Local Program's policies, procedures, and guidelines may be used in place of the Department's.

13.02 INSPECTION SCHEDULES
The Local Program, District, and Division will annually develop tentative inspection schedules for all DOM facilities in the Local Program's geographical jurisdiction, reflecting Local Program inspections of delegated facilities and District inspections of non-delegated facilities. Activities will be coordinated to allow each party to this SOA the opportunity to comment on and participate in the other party's inspection schedule. The schedules may be modified if the parties concur.

13.03 COMPLIANCE INSPECTION LEVEL OF SERVICE
(a) The minimum level of service for compliance inspections by the Local Program is at least two unannounced inspections per delegated treatment, disposal, and reuse facility per year, which shall include at least one sampling and analysis of effluent per delegated treatment disposal, and reuse facility per year.
(b) The Department or the Local Program may determine that additional compliance inspections are necessary to assess permit compliance. If the Department determines additional compliance inspections are necessary it shall notify the Local Program and request it conduct the inspections. The Department retains the right to perform compliance inspections of any permittee at any time.

SECTION 14 - ENFORCEMENT

14.01 ENFORCEMENT PROCEDURES AND REMEDIES

(a) Reports on the compliance status of domestic wastewater facilities shall be available to the Department or the Local Program, as appropriate, by the third Monday of the month following the date of inspection or review of self-monitoring reports. The Local Program shall thoroughly review each delegated facility to determine what, if any, enforcement action shall be initiated. If a violation is noted, the Local Program shall initiate enforcement or noncompliance action under state authority, or make a decision in writing (to file) to exercise enforcement discretion not to take any action. Procedures and priorities for the review of delegated facilities and for initiating enforcement action will be specified in procedures developed by the Local Program and are to be consistent with and at least as stringent as the following state statutes, and Department rules, policies, procedures, and guidelines:

(1) CHAPTER 120, F.S.;

(2) CHAPTER 403, F.S.;
(3) TITLE 17, F.A.C., or its successor;

(4) DEP DIVISION OF WATER FACILITIES POLICY MANUAL; and

(5) DEP ENFORCEMENT MANUAL.

(b) Where the Local Program has demonstrated to the Department that its enforcement policies, procedures, and guidelines are compatible with and at least as stringent as those of the Department, the Local Program's enforcement policies, procedures, and guidelines may be used in place of the Department's. However, the Local Program shall always use the following specific procedures at a minimum:

(1) Section 2.3 of the DEP ENFORCEMENT MANUAL concerning inspection and entry upon land. Routine inspections shall be unannounced conducted at reasonable times;

(2) Appendices in the DEP ENFORCEMENT MANUAL entitled SETTLEMENT GUIDELINES FOR CIVIL PENALTIES, and GUIDELINES FOR CHARACTERIZ DOMESTIC WASTEWATER VIOLATIONS. Penalties shall be pursued consistent with the most current versions of these guidelines they indicate a penalty should be pursued, even when the responsible party corrects the violation after notice; and

(3) Appendices in the DEP ENFORCEMENT MANUAL outlining ENFORCEMENT PRIORITIES and TIME SCHEDULES FOR PROCESSING ENFORCEMENT PRIORI CASES.

(c) The Local Program shall provide an appropriate administrative
judicial process for the enforcement of delegated Department activities. Pursuant to Section 403.182, F.S., all remedies of the Department under Chapter 403, F.S., are available as an alternative to local enforcement provisions.

(d) The Local Program shall enter the appropriate enforcement activities data into the Department's computerized data management system (COMET or its successor) and submit enforcement reports in accordance with the schedule specified in Part II of this SOA. Data entry shall be complete and accurate.

(e) The Local Program shall deposit all monies recovered in any Local Program enforcement action in its local Pollution Recovery Trust Fund pursuant to Local Program Resolution No. R-89-576 affixed to this SOA as Exhibit J{91}. In the absence of a local Pollution Recovery Trust Fund, all monies recovered in any Local Program enforcement action conducted under state authority shall be deposited into the state's Pollution Recovery Fund, unless another specified use authorized by Section 403.165, F.S., is mutually agreed on by the Local Program and the Department. If the Department and the Local Program cooperatively undertake an enforcement action where a local Pollution Recovery Trust Fund is established, any monies recovered shall be divided equally between the Department and the Local Program. Monies in the local Pollution Recovery Trust Fund, after being divided with the Department where applicable, shall be used exclusively to restore polluted areas in the Local Program's geographical jurisdiction to the condition which existed before pollution occurred or to otherwise enhance the environment.
14.02 CITIZEN COMPLAINTS

(a) The Local Program shall receive, respond to, and promptly investigate complaints from citizens relating to domestic wastewater facilities and systems within its jurisdiction and to the extent of delegation. Accurate records will be kept of all complaints. Where possible, reports will be made through the Department’s computerized data management systems. The District will refer any complaints that it receives within the Local Program jurisdiction to the Local Program for investigation. However, the District will reserve the right to investigate complaints involving sources for which the Department has retained jurisdiction or for which it has a special interest, upon notice to the Local Program. Citizen complaints will be investigated in a timely fashion, and the Local Program will initiate such action is deemed appropriate to resolve any problems. If a violation is determined to exist, the Local Program will notify the responsible person, attempt to bring about compliance, and inform the complainant of the action taken. For delegated facilities, the Local Program shall take enforcement action as appropriate. For non-delegated facilities, the Local Program shall promptly notify the District so that the Department can pursue enforcement as appropriate.

(b) The Local Program will take necessary and appropriate enforcement action to bring about compliance under appropriate state or local authority, or in special cases will coordinate enforcement action with the Department. Special cases for coordination shall include, but be limited to, sources for which the Department has retained jurisdiction, or for which the Department has a special interest.
14.03 EMERGENCY SITUATIONS AND ABNORMAL EVENTS

(a) The District and the Local Program agree to coordinate and cooperate fully with each other and with other agencies as appropriate during emergencies relating to DOM pollution. "Emergency" is defined by s. 252.34(2), F.S., as any occurrence, or threat thereof, whether accidental, natural, or caused by man, in war or in peace, which results or may result in substantial injury or harm to the population or substantial damage to or loss of property. Pursuant to s. 252.35(2), F.S., the Division of Emergency Management of the Florida Department of Community Affairs is authorized and empowered to coordinate federal, state, and local emergency management activities and to review periodically political subdivision emergency management plans. Pursuant to s. 252.38(2), F.S., each political subdivision in Florida is authorized and directed to establish and maintain an emergency management agency, having jurisdiction over and serving an entire county, in support of the state comprehensive emergency management plan and program. Pursuant to s. 403.1655(2), F.S., DEP shall be the lead agency for interdepartmental coordination relating to water pollution and other environmental and health emergencies not specifically designated within other statutes, and pursuant to s. 403.061(17), F.S., DEP has the power and duty to encourage local units of government to handle pollution problems within their respective jurisdictions on a cooperative basis and provide technical and consultative assistance therefor. Pursuant to s. 386.02, F.S., the Florida Department of Health and Rehabilitative Services (HRS) shall, whenever it may seem necessary to HRS, investigate the sanitary condition of any place, and pursuant to s. 381.031(3)(b)3., F.S., HRS has the authority to commence and maintain all proper and necessary actions and proceedings to enjoin and abate nuisances dangerous to the
health of persons, fish, and livestock. In consideration of the foregoing and the fact that the Local Program is a branch of HRS, th Department and the Local Program agree to adhere to the following guidelines for coordination and cooperation in emergency situations:

(1) INITIAL RESPONSE - DURING THE TIME SPAN OF ANY DOM EMERGENCY IN PALM BEACH COUNTY, i.e., THE PERIOD DURING WHICH A DOM OCCURRENCE RESULTS OR MAY RESULT IN SUBSTANTIAL INJURY OR HARM TO THE POPULATION OR SUBSTANTIAL DAMAGE TO OR LOSS OF PROPERTY, ALL ACTIVITIES OF THE DEPARTMENT AND THE LOCAL PROGRAM SHALL BE ACCORDING TO PROCEDURES ESTABLISHED IN THE MOST RECENT EDITION OF THE "PALM BEACH COUNTY PEACETIME EMERGENCY PLAN" MAINTAINED BY THE EMERGENCY MANAGEMENT SECTION OF THE PALM BEACH COUNTY DEPARTMENT OF PUBLIC SAFETY (TELEPH NUMBER 407/233-3500). That plan outlines coordinated emergency response by pertinent entities, including local utilities, HRS, DEP, EPA, other law enforcement agencies, etc., and authorizes the Palm Beach County Health Department, in consultation with DEP, to determine if the public should be advised and to notify the public as necessary to inform and to safeguard health. Key sections of DEP for DOM emergencies include the Southeast District Office, the Division of Water Facilities, and the Emergency Response Section. Key sections the Local Program for DOM emergencies include the Division of Environmental Science and Engineering. The Local Program shall fully recognize, in the media and elsewhere as occasions arise, the technical, consultative, and enforcement activities accomplished by Department.
(2) POLLUTION ABATEMENT - After a DOM emergency, i.e., when HRS determines that a DOM occurrence no longer threatens substantial injury or harm to the population or substantial damage to or loss of property, the lead agency for regulating pollution abatement activities shall be the Department for non-delegated facilities and the Local Program for delegated facilities.

(3) ENFORCEMENT - Before, during, and after any DOM emergency, the lead agency for enforcement activities shall be the Department for non-delegated facilities and the Local Program for delegated facilities. The Department and the Local Program shall coordinate investigative activities with other law enforcement agencies as appropriate.

(b) For abnormal events which are not emergencies, the lead agency for regulatory activities shall be the Department for non-delegated facilities and the Local Program for delegated facilities. The Department and the Local Program agree to coordinate and cooperate fully with each other and with other agencies as appropriate, such as the Florida Public Service Commission for DOM plant abandonments.
PART IV

MISCELLANEOUS PROVISIONS

SECTION 15 - INQUIRIES

Inquiries from the Governor's Office, Cabinet, and members of the Legislature will be forwarded, as applicable, to the Local Program Director. The Local Program shall respond to any inquiries from the Governor's Office, Cabinet, and members of the Legislature within 30 days, and shall provide copies of the responses to the District and Division. Copies of responses to such inquiries handled by the Department, such as those pertaining to non-delegated facilities, shall be provided to the Local Program upon request.

SECTION 16 - EFFECTIVE DATE AND MODIFICATION DATES

(a) The effective date of this SOA is January 8, 1991. Subsequent approvals of modifications to this SOA shall not change the effective date.

(b) The first modification date of this SOA shall be the date of approval by the DEP Secretary.

SEQUENCE OF EVENTS FOR SOA APPROVAL AND IMPLEMENTATION

to Delegate Domestic and/or Industrial Wastewater Program Authority to Local Programs under Section 403.182, Florida Statutes

1. GENERAL AGREEMENT

Handled by the Secretary’s Office of Intergovernmental Coordination. When a new Specific Operating Agreement (SOA) is negotiated, the General Agreement should be replaced with the revised Model General Agreement as needed. The new General Agreement should contain language where appropriate keep in place those portions of the existing General Agreement that are not being addressed by the SOA.

2. LOCAL PROGRAM REQUESTS SPECIFIC PROGRAM DELEGATION FROM
DER SECRETARY OR WATER FACILITIES DIVISION DIRECTOR

SOA coordinator in the Division’s Tallahassee office contact the local program to clarify the scope of delegation being requested (e.g., types of facilities).

3. ACKNOWLEDGEMENT LETTER FROM SECRETARY OR DIVISION DIRECTOR
LOCAL PROGRAM

a. Letter indicates that the applicable DER District Office will be asked to determine the local program’s ability take on the requested delegation.

b. A copy of the Model SOA is provided to the local program.

4. MEMO FROM DIVISION DIRECTOR TO DISTRICT WATER FACILITIES
ADMINISTRATOR REQUESTING DETERMINATION OF LOCAL PROGRAM’S
CAPABILITY

a. District, with Division’s assistance, assesses the local program’s existing staff, budget, equipment, permitting/compliance/enforcement activities and procedures, and judicial process to determine what the local program needs to take on the proposed delegation. Coordinate with Office of General Counsel.

b. Based on the scope of delegation requested by the local program and the District’s judgement, the District prepares lists of applicable facilities to be DELEGATED and facilities to be NON-DELEGATED (e.g., county-owned, UIC, plants over .5 mgd). Collection/transmission systems are addressed, and NPDES permitted facilities are also identified.

c. District assigns a point person for overview of delegation, if not already assigned and if the local program is determined capable of taking on the delega...
5. **LETTER FROM DIVISION DIRECTOR TO LOCAL PROGRAM COORDINATING EXCHANGE OF PREREQUISITE ITEMS**

   a. Exchange updated organizational charts.

   b. Provide the local program with the lists of facilities prepared by the District. (Note that, upon delegation, updated lists will be a necessary part of the annual work plan prepared by the local program.)

   c. Request the local program's work plan for the upcoming fiscal year, detailing specific budget, staff, and equipment for the program to be delegated.

   d. Provide the local program with copies of applicable DER rules. Advise the local program it must either adopt the DER rules by reference or submit a matrix demonstrating complete compatibility of local rules with DER rules. If the local program chooses the compatibility matrix option, it must prepare the matrix for DER review prior to SOA approval. (Provide matrix format to local program.) Forward local program's matrix to the Office of General Counsel and Domestic/Industrial Wastewater sections for review and determination of compatibility.

   e. Request the local program to specifically identify local program's stricter rules. Forward to the Office of General Counsel and Domestic/Industrial Wastewater Sections for review and approval.

   f. Request the local program laboratory's approved QA Plan.

   g. Request local program forms.

   h. Provide the local program with phone numbers of DER contact persons for various topics (training, computer systems, DER rules, District point person, etc.).

   i. Provide the local program with basic DER permitting, compliance, and enforcement manuals.

6. **DIVISION OFFICE DRAFTS SOA TAILORED TO LOCAL PROGRAM**

   The SOA coordinator distributes an initial draft SOA tailored to the local program for the appropriate scope of delegation, with minimal variation from the Model SOA within the scope, for review by the local program, District and Division staff, Secretary's Office of Intergovernmental Coordination, Office of General Counsel, DER Office of Inspector General, Bureau of Information Systems, Bureau of Finance & Accounting, and other interested persons. Attachments and Exhibits, such as the approved stricter local program standards which would become enforceable by DER for all facilities within the local program's geographical jurisdiction, are included. The SOA is recommended for approval only when all prerequisite items from the local program are satisfactory to DER.
7. INITIAL APPROVAL OF SOA, TOLLING 90-DAY CLOCK TO EFFECTIVE DATE; IF REQUIREMENTS ARE NOT MET WITHIN 90 DAYS, SOA BECOME NULL & VOID

   a. Two originals, signed first by the local program then the DER Secretary. Initial approval date as of the Secretary's signature. One original to the local program, the other to OGC files. Copies to Division and District files, and other appropriate parties.

   b. Request rulemaking by Office of General Counsel to rev. Chapter 17-113 (which includes public notice).

   c. Provide remaining DER manuals needed by local program. (Local program obtains other manuals on its own.)

   d. Begin training and transfer of duties from District.

   e. Begin incorporating the local program into inspection schedules.

   f. Local program hires staff and purchases equipment as needed.

   g. Establish computer links.

   h. Receive and review the local resolution adopting DER rules, or other proof of local rulemaking required.

   i. District and local program notify permittees.

   j. District prepares finding for the District Manager's signature when all requirements of Section 8 of the SOA have been met. Two originals, one to the local program, the other to OGC. Copies to Division and District file and other appropriate parties. The affirmative finding attached to the SOA as an exhibit.

8. SOA TAKES EFFECT

   a. District incorporates approved local program stricter standards into permitting of non-delegated facilities.

   b. District and Division begin monitoring the local program data entry and reports.

   c. Division adds the local program to mailing lists for EXMIS, NPDES review, rulemaking workshops, etc.

   d. Division and Bureau of Finance & Accounting begin invoicing the local program for splitting of permit fees.

   e. Local program establishes its local Pollution Recovery Trust Fund.
f. The SOA coordinator provides the list of delegated facilities that have NPDES permits to the appropriate staff for inclusion of the local program in review of NPDES permit applications.

g. Continued training.

9. ROUTINE PERFORMANCE EVALUATION OF LOCAL PROGRAM BY DIVISION AND DISTRICT AFTER ONE YEAR, AND ANNUALLY THEREAFTER

10. MEMO TO INSPECTOR GENERAL FROM DIVISION DIRECTOR REQUESTING ROUTINE FINANCIAL AUDIT AFTER ONE YEAR, AND PERIODICALLY AS NEEDED

11. MODIFICATIONS OF SOA

Handled in the same general fashion outlined above, as applicable. Previous version of SOA is superseded on the date of modification approval. (But SOA "effective date" remains unchanged. Modification is discussed in the SOA itself.) Add history notes in the "Effective Date" section of the SOA to track modifications.

Re: Domestic Waste Program

Dear Mr. Harvey:

The specific operating agreement requires the submittal of an annual work plan by June 30. Accordingly, the following information is enclosed:

- An updated list of delegated and non-delegated facilities -
  - Hypoluxo Harbor Club was deleted because of connection to central sewer system.
  - Gail's Restaurant was deleted because of a variance granted to the permittee under Section 10D-6.041(9) and the facility was transferred to HRS jurisdiction.
  - Osceola Farms was added as a new delegated facility.

- Revised list of staff involved with the program -
  - There are a few new employees as a result of turnover or reassignment, but the total number of FTE's allocated to the program remain the same.

- A table listing the types and frequencies of activities to be performed -
  - The level of activities will be in compliance with the agreement.

There is no change in our commitment to the program in terms of equipment and other resources. Also, the budget for fiscal year 1995-96 is proposed to be the same as this year.
Should you have any questions please feel free to contact me or Mr. Umesh Asrani.

Sincerely,

Frank J. Gargiulo, P.E., Director
Environmental Science & Engineering

9.08 Legal Support

The Local Program will provide legal support for all routine
activities for which the Local Program is responsible under the SOA.
When requested by the Local Program, the Department's Office of
General Counsel will provide legal support, advice, and assistance
to the extent allowed by Department resources and priorities.

9.05 Enforcement

The Department and the Local Program will copy each other on all enforcement actions if requested by the other party. The SOA will delineate the respective lead and support roles for enforcement actions in each area of delegation. The Department will provide assistance in compliance assurance and enforcement cases within the Local Program jurisdiction, if practicable, upon the request of the Local Program. The Department may intervene or take the lead in enforcement actions when requested by the Local Program or deemed necessary by the Department in accordance with Chapter 403.182, Florida Statutes. The Local Program will be notified prior to such intervention.

9.06 Citizen Complaints.

Any citizen complaints concerning matters within the Local Program's jurisdiction as delegated to the Local Program by the Department will be promptly reviewed and acted upon by the Local Program. The Department and the Local Program will each maintain logs and records showing the disposition of complaints. Any complaints filed with the Local Program pursuant to Section 403.412, Florida Statutes, will immediately be forwarded to the Department. The SOA will specify the means of coordinating the investigation and transmission of complaints.

9.07 Forms

When acting in the Department's behalf on permitting matters, the
9.01 General Requirements of Specific Operating Agreements

All delegations of Department programs or duties to the Local Program will be by Specific Agreements. A Specific Operating Agreement (SOA) will be entered into by the Department District Manager and the Local Program. The SOA will specify the Department programs or duties being delegated and will include such specific terms as are necessary to clearly delineate each party's rights and obligations. This General Agreement will control in all cases of conflict between the General Agreement and any SOA, except where the Secretary authorizes deviation from the terms of this agreement in writing.

9.02 Conflict With Local Program Regulations

The Local Program will not establish regulatory requirements that conflict with or modify the requirements of an Operating Agreement. The Department recognizes that elected or appointed governing officials from time to time adopt ordinances that might conflict with or change such delegations or Operating Agreements. In such an event, the Local Program will notify the Department and the Department will determine whether to terminate or modify the SOA.

9.03 Minimum Reporting Requirements

Each SOA will establish mutual reporting requirements. Such reporting will inform each party of important changes in organization, budget, rules and other matters affecting the party's ability to perform its duties while minimizing unnecessary paperwork.
8.03 State

The Department shall notify the Local Program of any proposed rule changes that might impact Local Program responsibilities so that the Local Program will have a sufficient amount of time to participate in the Department's rule development process. The Department shall also respond to all Local Program rule development proposals or suggested changes.

8.04 Rule Interpretation and Policies

The Party promulgating a rule shall be the primary interpretative authority for the rule except for provisions adopting or incorporating rules of another agency. The Local Program shall adhere to Department interpretation of the statutes and Department rules which apply to any delegated program. Requests for interpretation or explanation will be answered as expeditiously as possible.

8.05 Rules, Procedures and Policies

Upon execution of a Specific Operating Agreement, the Department will promptly provide the Local Program with all applicable policy statements, procedures or rule interpretation affecting or addressing programs delegated to Local Programs.

PART VII
RECORDS MANAGEMENT

7.01 General Requirements

The Local Program will comply with Chapter 119, Florida Statutes, in regard to inspection, copying, maintenance, and disposition of public records. The Local Program will maintain organized files of all public records and material (as defined by Chapter 119) prepared or received in connection with official agency business which is intended to perpetuate, communicate or formalize knowledge.

7.02 Confidential Document Control

The Local Program will implement, maintain, and enforce a confidential records protocol in accordance with Sections 403.111 and 403.73, Florida Statutes. The Local Program will technically support their actions under these sections of the Florida Statutes. As allowed by the Department's legal resources and commitments, the Department will provide legal assistance for cases involving these sections of the Florida Statutes when requested to do so by the Local Program.

PART VIII
LEGISLATION AND RULE DEVELOPMENT

8.01 Review of Proposed Legislation

The Local Program will participate in the review of any pertinent proposed legislation that may affect pollution control activities within the county or which may alter the duties and responsibilities of the Department or the Local Program. Either party will notify the other when made aware of such proposed legislation.
training sessions and workshops as necessary to maintain and improve their knowledge and competence in their areas of responsibility. The Department will invite Local Program representatives to training sessions held by the Department and vice versa.

5.02 Conferences and Workshops

The Department will provide to the local program notices of conferences and workshops that relate to Local Program responsibilities and duties. Appropriate representatives of the Local Program will attend such conferences and workshops where practicable. The Department will attempt to provide funding for Local Program participation at key Department workshops, such as the Department's annual enforcement workshop, etc. When so requested by the Local Programs, appropriate Department staff will attend Local Program workshops and conferences as commitments and resources allow.

PART VI

PUBLIC INFORMATION

6.01 Public Information Activities

The Local Program will respond to any information requests from the public, industry, or governmental entities within a reasonable time and will expeditiously respond to information request referrals from the Department. The Department will expeditiously respond to information request referrals from the Local Programs. The Local Program and the Department will coordinate public relations information activities whenever possible (e.g., permitting procedures pamphlets, public service announcements, etc.)

6.02 Public Participation

The Local Program will provide for public participation and notice consistent with the requirements of due process and applicable
Pollution Recovery Fund. All monies recovered in any enforcement action by a Local Program or the Department within the jurisdiction of a Local Program not having a Pollution Recovery Fund will be used by the Department in accordance with Section 403.165, Florida Statutes, to enhance pollution control activities in the Local Program's geographical area. If the Department and the Local Program cooperatively undertake an enforcement action, any monies recovered may be divided between the Department and the Local Program.

4.02 Capital Assets

The Local Program and the Department will maintain sufficient capital assets (such as laboratory equipment, sampling and monitoring devices, vehicles etc.) to carry out the duties and provisions of this agreement. Where necessary and practical, the Department and the Local Program may make use of each other's capital facilities in order to maximize pollution control activities in the Local Program's geographic areas of jurisdiction.

4.03 Application Fees

The Specific Operating Agreement will provide a methodology for the apportionment of all application fee revenues generated by delegated programs between the Local Program and the Department. The basis for the apportionment will be the respective workloads required to process the applications required under the delegated programs.

PART V

TRAINING

5.01 Training Requirements

Local Programs and Department staff will regularly attend
2.02 Severability

If any part of this General Agreement is judicially determined to be invalid or unenforceable, the other provisions of this agreement will remain in full force and effect.

PART III

PROGRAM MANAGEMENT

3.01 Structure and Organization

The structure of the Local Program is depicted on the organization chart attached as Appendix B. The title of the administrative head of the Local Program is Director, Palm Beach County Public Health Unit. The name, address and phone number of this person is listed in Appendix A. A Department District Office Organizational Chart is attached as Appendix C. Each party hereby agrees to periodically review and, if necessary, update all information provided in these appendices.

3.02 Local Program Authority

The local program exercises jurisdiction over activities in Palm Beach County pursuant to ordinances, regulations or rules set forth in Palm Beach County Environmental Control Act, Chapter 77-616, Special Acts, Laws of Florida, as amended, the Palm Beach County Ordinance 78-5, as amended, and Palm Beach County Environmental Control Rule II. The requirements of these ordinances, regulations or rules are compatible with, or stricter or more extensive than, the requirements of Chapter 403, Florida Statutes, and Department rules. The Local Program will review its ordinances, regulations or rules from time to time as necessary to assure compatibility with the provisions of Chapter 403 and Department rules. Should changes be required, the amended ordinances, regulations or rules will be
2.05 Implementation of Agreement

This General Agreement will be implemented by and through the District Manager of the Southeast District and the Local Program Administrator, or such other persons as the Secretary of the Department or the Local Administrator designate in writing. Appendix A to this General Agreement lists key administrative personnel in the District and Local Program Offices, along with their titles, mailing addresses and business phone numbers. This list will be periodically updated or supplemented as necessary to keep each party informed of key personnel or organizational changes.

2.06 Review of Agreement

This General Agreement will be jointly reviewed by the parties at least every three years. Review will be for the purposes of determining the adequacy of this agreement and the need for any modifications, and will include discussion of goals, objectives, and resources.

2.07 Termination of Agreement

This General Agreement may be terminated by either party without cause upon written notice to the other party at least ninety days prior to the effective date of such termination.
in ambient monitoring, compliance monitoring, permitting, enforcement operations, and other Department responsibilities to the fullest extent practicable in accordance with such Specific Operating Agreements as are entered into between the Department and Local Program.

1.04 Pursuant to Section 403.182, Florida Statutes, nothing in this agreement or any Specific Operating Agreement will be construed to limit the authority and responsibility of either party under the laws or rules they administer.

1.05 Upon request, the Department and the Local Program will assist each other in defining programs, writing ordinances, regulations or rules, or in any other manner which will help the parties maximize the use of their resources.

PART II
ADMINISTRATION OF AGREEMENT

2.01 Parties

The parties to this General Agreement are the Department of Environmental Regulation and the Palm Beach County Public Health Unit, a local pollution control program established and approved in accordance with Section 403.182, Florida Statutes. The Secretary of the Department and the undersigned Local Program representative are each empowered to enter into this agreement and perform any act which is required.

2.02 Effective Date

This General Agreement will be effective upon execution by both
responsibility and authority concerning environmental programs and activities in Palm Beach County.

PART I - INTENT

1.01 It is the intent of the parties to this Agreement to form a partnership to maximize environmental protection and quality and minimize duplication of effort, with mutual respect for each other’s policies and within the limitations imposed by state and local law and available resources.

1.02 It is the intent of the Department to support, coordinate and assist local pollution control program efforts to the extent practicable to provide a more effective, efficient and consistent state-wide program for pollution prevention, abatement, and control for the attainment and maintenance of the highest levels of natural resources conservation, public health and environmental quality. Furthermore, it is the intent of the Department to delegate authority for certain Department activities to the Local Program to the extent practicable. Any delegation will be specifically authorized and coordinated by the Department in accordance with a Specific Operating Agreement formed in accordance with Part IX of this General Agreement.

1.03 It is the intent of the Department and the Local Program to commit sufficient resources to accomplish the environmental goals and objectives of both the State and local government. Further, it is the intent of the Local Program to support and assist the Department

Palm Beach County, Florida by its Board of County Commissioners

John B. Dunkle, Clerk

Approved as to form and legal sufficiency

Assistant County Attorney

R89 576
WHEREAS, it is desirable that monies collected in instances of environmental violation be deposited into a Palm Beach County Pollution Recovery Trust Fund; and

WHEREAS, it is desirable that monies collected in instances of environmental violation be applied to the enhancement of Palm Beach County's environmental resources and pollution control activities; and

WHEREAS, it is beneficial to establish a method for resolving enforcement matters in a manner required by the Florida Department of Environmental Regulation, with consideration of future delegation from the state.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF PALM BEACH COUNTY, FLORIDA, THAT:

There is hereby established a Palm Beach County Pollution Recovery Trust Fund, the monies of which shall be disbursed only for enhancement of Palm Beach County's environmental resources and pollution control activities and not for operations and maintenance. Said trust fund shall be kept and maintained in trust by the Board of County Commissioners and shall be disbursed in accordance with the following procedures:

(1) The Board of County Commissioners shall receive and consider the

County Public Health Unit pertaining to the proposed disbursement for a project.

IN CODE; PROVIDING FOR EFFECTIVE DATE.

WHEREAS, the Palm Beach County Environmental Control Act,
Chapter 77-616, Special Acts, Laws of Florida, authorizes the Palm
Beach County Board of County Commissioners, acting as the Palm Beach
County Environmental Control Board, to adopt, revise and amend appro-
priate ordinances and rules necessary to insure sanitary practices and
to provide for an environment free of contaminants or harmful agents;
and

WHEREAS, in order to monitor and control practices which
impact upon sanitation and the environment, the Board recognizes that
certain activities must be permitted, licensed, inspected and
regulated; and

WHEREAS, Chapter 77-616 authorizes the Board to establish a
schedule of fees to cover the cost of issuing permits, conducting
inspections and performing other similar services; and

WHEREAS, pursuant to Chapter 77-616, Palm Beach County
currently has in effect an Environmental Control Ordinance, Ordinance
78-5, as amended by Ordinances 79-15, 85-25 and 85-43, which provides
for a schedule of fees to cover the costs of issuing permits and
approvals, performing inspections, reviewing plans and sites and
performing other services in order to insure sanitary practices and to
protect the environment; and

WHEREAS, certain fees must be increased to reflect the Health
Department’s increased costs in performing these services; and

WHEREAS, certain fees must be established to pay for the
costs of increased demands for services which were previously performed
without a fee; and

WHEREAS, in order to better allocate such costs to the actual
users of the permits, licenses, approvals, inspections, plan and site
reviews, and other services, rather than to tax the general public, the
Board of County Commissioners has determined it equitable and in the
public interest to establish the following fees for said services; and

WHEREAS, in order to insure payment of fees for said
services, the Board of County Commissioners deems it appropriate to
require permits, licenses or written approval for certain activities.

      application
      per 1. 3 - 25 lots $ 50.00
      per 2. 26 - 50 lots $100.00

WHEREAS, Palm Beach County currently has in effect an Environmental Control Ordinance, Ordinance 78-5, which provides for the adoption by reference of certain specific environmental-related State statutes and a schedule of fees for Health Department permit application review, and;

WHEREAS, for the effective local enforcement of shoreline and mangrove protection laws in cooperation with the Florida Department of Natural Resources, the Board of County Commissioners deems it appropriate to adopt by reference Chapters 161 and 253, Florida Statutes, and all future amendments thereto, as part of Ordinance 78-5, and;

WHEREAS, to reflect the Health Department's costs of permit application review, the Board of County Commissioners deems it appropriate to authorize the collection of fees for individual septic tank applications and to revise the fee schedule for swimming pools to make such schedule based on pool volume.

NOW THEREFORE BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS, PALM BEACH COUNTY, FLORIDA, SITTING AS THE PALM BEACH COUNTY ENVIRONMENTAL CONTROL BOARD:

SECTION 1, AMENDMENT TO ADOPTION BY REFERENCE.

Section 2 of Ordinance 78-5 is amended to read as follows:

Section 2. ADOPTION BY REFERENCE.

decision has been rendered, exhibits may be withdrawn at
the request of the party which submitted them, or his
counsel, after due notice to all parties, and upon order
of the Hearing Board.

(j) Judicial Notice. In reaching a decision, judicial
notice may be taken, either before or after submission of
the case for decisions of any fact which may be judicially
noticed by the Courts of Florida.

(k) Decision. The decision of the Hearing Board shall
be in writing and shall contain a brief statement of facts
found to be true, the determination of the issues presented
and the Order of the Hearing Board. A copy of the decision
shall be mailed or delivered to the Control Officer, Petitioner
Respondent, and to every person who filed an answer or who
appeared as a party at the hearing.

Section 6. JUDICIAL REVIEW.

Any person aggrieved by any action or decision of the
Hearing Board may seek appropriate judicial review.

or activities are conducted shall make timely payment of the
following fees when billed:
Ordinance No. 78-5

(g) Conduct of Hearings before Hearing Board.

1. All hearings of the Hearing Board shall be open to the public.

2. Oral evidence shall be taken only on oath or affirmation.

3. The Hearing Board shall give probative effect to evidence which would be admissible in civil proceedings in the courts of this State, but in receiving evidence, due regard shall be given to the technical and highly complicated subject matter the Control Officer must handle and the exclusionary rules of evidence shall not be used to prevent the receipt of evidence having substantial probative effect. Otherwise, effect shall be given to the rules of evidence recognized in the State of Florida.

(h) Rules of Order. Hearings shall begin with the presentation of Petitioner's case by the Environmental Control Officer with the right of Respondent to cross examine witnesses followed by presentation of Respondent's case, with the Environmental Control Officer's right to cross examine witnesses. Opening and closing arguments shall be allowed unless waived.

(i) Record of Hearing. All proceedings of the Hearing Board shall be recorded by a court reporter. Proceedings will not be transcribed unless a request for transcription is made to the Clerk by a party to the proceedings or a member of the Hearing Board. In the event a copy of a transcript is desired by a party to the proceedings, other than the Control Officer, County Attorney, or a member of the Hearing Board, the cost of transcription shall be paid by said party. The Hearing Board shall not permit withdrawal of
(b) **Service of Notice.** Service of initial notice of hearing shall be made in the same way as the Florida Rules of Civil Procedure provide for Service of Process of initial pleadings. Subsequent notices of hearing may be mailed.

(d) **Interrogatories and Requests for Admissions.** Either party may serve written Interrogatories and Requests for Admissions upon the other party. The Petitioner may serve Interrogatories or Requests for Admissions on Respondent at any time after service of the initial Notice of Hearing. The Respondent may serve Interrogatories or Requests for Admission on Petitioner any time after receiving a Notice to Correct Violation. Answers and objections to Interrogatories or Requests for Admissions shall be served within twenty (20) days after service of the Interrogatories or Requests for Admissions. The Chairman of the Hearing Board may grant a shorter or longer time. Admissions shall have the effect set out in Rule 1.370 (b) RCP. A matter is admitted unless the party to whom a Request for Admissions is directed serves upon the party requesting the admission a timely answer or objection. In the event a party fails to make discovery, the opposing party may motion the Hearing Board for an Order Compelling Discovery.

(e) **Depositions.** The testimony of any witness may be taken by deposition in the manner and for the purposes provided by the Florida Rules of Civil Procedure.

(f) **Preliminary Matters - Continuances.** Upon approval
Special Acts, Laws of Florida, and all rules of the Child Care Facilities Board adopted pursuant to Chapters 59-1698, 74-113 and 77-620, Special Acts, Laws of Florida, are hereby adopted and incorporated by reference as part of this Ordinance to the same extent and to the same effect as if the provisions of each such statute or rule had been set out in full; provided, however, that Chapter 17-22, Florida Administrative Code, as promulgated January 1, 1975, a copy of which is attached hereto, is hereby adopted.

Section 3. DEFINITIONS.

invalid provision or application, and to this end the
provisions of this act are declared severable.

Section 24. This act shall take effect thirty (30) days after becoming a law.

Became a law without the Governor's approval.

Filed in Office Secretary of State ——— JUN 20 1977 ———
(a) It is the purpose of this act to provide additional cumulative remedies to control the environment of this County. Nothing contained herein shall be construed to abridge or alter rights of action or remedies in equity under the common law or statutory law, criminal or civil, nor shall any provisions of this act, or any act done by virtue thereof, be construed as estopping the state or any municipality or person affected by environmental pollution, in the exercise of its or his rights in equity or under common law or statutory law to suppress nuisances or to abate environmental pollution. 

(b) The provisions of this act do not prohibit the enactment or enforcement by any municipality of any local ordinance stricter than or identical to this act and the ordinances and rules adopted pursuant to this act, which local ordinance prohibits, regulates or controls environmental pollution.

Section 21. Powers of Health Department.—Nothing in this act shall limit or reduce the powers of the Palm Beach County Health Department pursuant to interlocal agreement, general or special law or any other source of authority.

Section 22. Chapter 70-862, Laws of Florida; chapter 74-563, Laws of Florida; chapter 75-466, Laws of Florida, and chapter 76-458, Laws of Florida, are hereby repealed. All actions brought pursuant to chapter 70-862, Laws of Florida, as amended, pending on the effective date of this act, shall continue under the authority of this act.

Section 23. If any provisions of this act or the application thereof to any persons or circumstances, is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the
All civil penalties collected under this section shall be paid into the general fund of Palm Beach County.

Section 18. Civil Fines to be Liens.--Any fine imposed by order of the Hearing Board shall, upon expiration of the time for appeal and the filing of said order with the Clerk of the Circuit Court, become a statutory lien against any and all property of the respondent.

Section 19. Refusal to Obey Subpoena Issued by the Hearing Board.--

(a) Whenever any person duly subpoenaed to appear and give evidence or to produce any books and papers before the Hearing Board neglects or refuses to appear, or to produce any books or papers, as required by the subpoena, or refuses to testify or to answer any question which the Hearing Board decides is proper and pertinent, he shall be deemed in contempt, and the Hearing Board shall report the fact to the judge of the circuit court of the district in which the person resides.

(b) Upon receipt of the report, the judge of the circuit court shall issue an order directed to the sheriff of Palm Beach County commanding the sheriff to forthwith bring such person before the judge who entered the order.

(c) On the return of the order and the production of the body of the defendant, the judge has jurisdiction of the matter. The person charged may purge himself of contempt in the same way and the same proceedings shall be had, and the same penalties may be imposed, and the same punishment inflicted as in the case of a witness subpoenaed to appear and give evidence on the trial of a civil cause before a circuit court of the state.
or to prevent irreparable environmental damage, the
Environmental Control Officer may institute proceedings in the
circuit court for Palm Beach County to abate and prosecute
violations of this act or enforce orders of the Hearing Board.
Such relief may include both temporary and permanent
injunctions. Any proceedings initiated under this section
shall be brought for and in the name of Palm Beach County.

Section 16. Violations; Criminal Penalties.—

(a) It is unlawful to violate this act or the
ordinances or rules duly adopted pursuant to it. Such
violation of any provision of this act is declared to be a
criminal offense and misdemeanor within the meaning of s.
775.08, Florida Statutes, and shall be punishable as provided
by law. Each day during any portion of which such violation
occurs constitutes a separate offense.

(b) It is unlawful to violate any duly constituted
order of the Hearing Board. Such violation is declared to be
a criminal offense and misdemeanor within the meaning of
Section 775.08, Florida Statutes, and shall be punishable as
provided by law. Each day during any portion of which
violation occurs constitutes a separate offense.

Section 17. Violations; Civil Penalties.—Any person
found by the Hearing Board to be or have been in violation of
this act may have imposed against him a civil penalty not to
exceed five hundred dollars ($500.00) for each day of
violation. In determining the amount of such civil penalty,
the Hearing Board shall consider the nature, duration, and
environmental impact of such violation. The Hearing Board
shall incorporate the amount of the penalty imposed on its
final decision and order finding such person in violation.
failure to correct the violation. If any person has been in violation of this act for conducting an activity without benefit of or in violation of the terms of a required permit or has been in violation of this act for conducting an activity which resulted in environmental damage or a public health threat, the County Health Director in lieu of or in addition to the above procedure for formal notice may notify the Environmental Control Officer in writing of the violation.

(c) Upon the County Health Director's notice of a failure to correct violation or notice of an activity conducted without or in violation of a required permit or an unlawful activity which resulted in environmental damage or a public health threat, the Environmental Control Officer shall notify the Hearing Board which shall, within forty-five (45) days of such notice order the violator to appear before it to show cause why he should not be required to correct the violation and pay civil penalties. Any hearing shall be conducted in accordance with Section 10 of this act.

(d) If after due process hearing, the Hearing Board upholds the violation, the Hearing Board shall reach a decision setting forth findings of fact and such conclusions of law as are required in view of the issues submitted. Such decisions shall be rendered in accordance with Sections 10 and 17 of this act.

Section 15. Enforcement of Hearing Board Orders and Injunctive Relief.—If preventive or corrective measures are not taken or any civil penalty imposed is not forfeited in accordance with any order of the Hearing Board, or if the Environmental Control Officer finds that a violation of the
cause notice thereof to be served upon the appellant and the Environmental Control Office.

Section 12. Judicial review.--The Environmental Control Office or any person aggrieved by any action or decision of the Hearing Board may seek judicial review as provided by s. 120.68, Florida Statutes. No action shall be taken to collect fines imposed for violation of this act until judgment becomes final.

Section 13. Criminal Enforcement; procedure.--

(a) Whenever the Environmental Control Officer has received or obtained evidence that a specific violation of this act or any rules or regulations adopted pursuant to this act has been committed, the Environmental Control Officer may notify the state attorney of Palm Beach County of such violation. Such notice shall contain a description of the violation, the date of the violation, the location of the violation and the name and address of the violator.

(b) Upon receipt of such notice, the state attorney shall institute proceedings in the criminal court of record for prosecution of the violation.

Section 14. Civil Enforcement; Procedure.--

(a) It shall be the duty of the County Health Director, with the advice and assistance of the Environmental Control Officer to determine compliance with the terms of this act.

(b) If any person is in violation of the provisions of this act, the County Health Director may give the violator reasonable time by formal notice, within which to correct such violation. Should the violation continue beyond the time specified for correction, the County Health Director shall notify the...
framed in the manner of a writ of injunction requiring the
violator to conform with either or both of the following
requirements:

(1) To refrain from committing, creating, maintaining,
or permitting the violations.

(2) To take such affirmative action as the Hearing
Board deems necessary and reasonable under the circumstances
to correct such violation.

(e) To issue orders imposing civil penalties of up to
$500.00 for each day of violation against persons found to
have violated this act.

(f) To issue subpoenas to command the appearance of
any person before a hearing at a specified time and place to
be examined as a witness. Such subpoenas may require such
person to produce all books, papers and documents in his
possession or under his control, material to such hearings.

(g) To administer oaths to any or all persons who are
to testify before the Hearing Board.

(h) To adopt rules for the conduct of its hearings not
inconsistent with the provisions of this act.

Section 11. Appeals from actions or decisions of
Environmental Control Officer; procedure.—Any persons
aggrieved by an action or decision of the Environmental
Control Officer not already referred to the State Attorney for
criminal prosecution may appeal to the Hearing Board by filing
within ten (10) days after the date of the action or decision
complained of, a written notice of appeal which shall set
forth concisely the action or decision appealed from and the
reasons of grounds for the appeal. The Hearing Board shall
set such appeal for hearing at the earliest
authorized by the Board. The chairman may call hearings by
the Hearing Board and hearings may be called by written notice
signed by at least three (3) members of the Hearing Board and
the Hearing Board at any hearing may fix and call a hearing on
a future date. The Hearing Board shall convene no less
frequently than every forty-five (45) days. Minutes shall be
kept of all hearings by the Hearing Board. All hearings shall
be public. The Board of County Commissioners shall provide
adequate and competent clerical and administrative personnel
as may be reasonably required by the Hearing Board for the
proper performance of its duties.

Section 10. Hearing Board; Duties and Powers.--The
Hearing Board shall have the following duties, functions,
powers and responsibilities:

(a) To hear appeals by persons aggrieved by actions or
decisions of the Environmental Control Officer not already
referred to the State Attorney for criminal prosecution.
Consider the facts material to such appeals, and render a
decision promptly. Such decision may affirm, reverse or
modify the action or decision appealed from, provided that
such decision shall not be in conflict with the provisions of
this act.

(b) To conduct due process hearings into the merits of
alleged violations of this act.

(c) To issue, after due process hearing, injunctive
orders, including orders providing for affirmative relief,
against persons found in violation of this act.

(d) After due public hearing upholding a violation, to
reach a decision setting forth such findings of fact and
conclusions of law as are required in view of the issues
which shall have the following qualifications and terms of office:

(a) Members of the Hearing Board shall be residents of the County. Members of the Hearing Board, while serving, shall not become candidates for the election to any public office, nor hold any other appointive office or position under federal, state, county or municipal government, except for an office or position on a governmental board having advisory powers only. Appointments shall be made by the Board on the basis of experience of interest in the field of environmental control. The composition and representative membership of the Hearing Board shall be as follows:

(1) One (1) member shall be a lawyer, recommended to the Board by a representative of the County Bar Association.

(2) One (1) member shall be a medical doctor, recommended to the Board by the County Medical Society.

(3) One (1) member shall be an engineer, recommended to the Board by the local chapter of the Florida Engineering Society.

(4) Two (2) members shall be citizens not holding elective office.

(b) Members appointed to the Palm Beach County Environmental Control Hearing Board under Chapter 70-862, as amended, shall continue to serve on the Hearing Board but all Hearing Board members shall serve at the pleasure of the Board.

(c) The members of the Hearing Board shall elect a chairman. The presence of three (3) or more shall constitute a quorum of the Hearing Board. Members shall serve without
Section 8. Exemptions.--The provisions of this act do not apply to:

(a) Agricultural operations in the growing, harvesting or processing of crops and the raising of fowls or animals.

(b) Use of equipment in the performance of such agricultural operations.

(c) Barbecue equipment or outdoor fireplaces used for noncommercial purpose.

(d) Agricultural land clearing operations or agricultural land grading.

(e) Incinerators and heating equipment in or used in connection with residences used exclusively as dwellings for not more than four (4) families.

(f) Fires set or permitted by any public officer, board, council or commission when such fire is set or permission given in the performance of such duty of the officer for the purpose of weed abatement, the prevention or elimination of the fire hazard, or the instruction of employees in the methods of fire fighting which is in the opinion of such officer necessary, or from fires set pursuant to permit for purpose of instruction of employees of private industrial concerns in methods of fire fighting, or for civil defense instruction.

(g) The use of an orchard or citrus grove heater which does not produce unconsumed solid carbonaceous matter at a rate in excess of one (1) gram per minute.

(h) Odors emanating from agricultural operations in the growing, harvesting or processing of crops or raising of fowls or animals.

Section 9. Hearing board; organization.--The Board
and the Department of Health and Rehabilitative Services, pertaining to environmental control.

(b) Providing for legal assistance and representation to the Board and the County Health Director in matters pertaining to this law, or rules adopted pursuant hereto, or County Ordinances enforceable hereunder.

(c) Conducting investigations and instituting legal proceedings to abate violations of this act and all rules promulgated hereunder in accordance with the law of the State of Florida and the provisions of this act.

(d) Cooperating with industry, business, institutions, governmental agencies and other interested parties in accomplishing effective environmental control.

(e) Publicizing and disseminating information to the public concerning the environment and recommending methods for its control.

(f) Enlisting and encouraging public support, and the assistance of civic, technical, scientific and educational organizations, and the cooperation of industrial and business enterprises and organizations.

(g) Making periodic reports concerning the status of the environment in Palm Beach County and the enforcement of the provisions of this act and recommendations concerning the improvement of environmental control. Such reports shall be filed with the Board and be made available to other governmental agencies which may be interested.

(h) Performing such other administrative duties as may be assigned by the Board.

(i) Exercising additional powers to be described.
(c) The Board shall make continuing studies and periodic reports and recommendations for the improvements of environmental control in the County, establish air, water and environmental quality standards in the County, and work in cooperation with the appropriate State and Federal agencies interested in the field of environmental control.

(d) The Board may adopt a seal and alter it.

(e) The Board shall perform such other duties, functions and responsibilities as may become necessary to contribute to improvement in the control of the environment in Palm Beach County.

Section 6. Environmental Control Officer; Appointment.--The Board shall appoint an Environmental Control Officer. In so doing the Board shall consider the recommendation of the County Health Director. The Board shall select said Environmental Control Officer from among those applicants who are either lawyers or engineers duly licensed to practice in the state. The Board shall give due consideration to the qualifications and experience of said applicant in the field of environmental control. The Environmental Control Officer, following appointment by the Board, shall be an employee of Palm Beach County.

Section 7. Environmental Control Officer; Duties and Powers.--The duties, functions, powers and responsibilities of the Environmental Control Officer shall include the following:

(a) In cooperation with the County Health Director, enforcing the provisions of this act and county ordinances; adopting enforcement procedures provided herein, and rules promulgated, and all laws of the State and rules of State agencies including the Department of Environmental Regulation.
(8) The proposed ordinance or rule shall be adopted on being filed with the Clerk and become effective 20 days after being filed or on a later date specified in the ordinance or rule. After the notice required in Section 5(a)(1) of this act and prior to adoption, the Board may withdraw the ordinance or rule by publishing a notice in a newspaper of general circulation, and may make such changes in the ordinance or rule as are supported by the record of public hearings held on the ordinance or rule and technical changes which do not affect the substance of the ordinance or rule. Changes supported by the record of a hearing may include withdrawal of the ordinance or rule in whole or in part. After an ordinance or rule has been adopted, it may be repealed or amended only through regular rulemaking procedures; provided, however, that the Palm Beach County Environmental Control Ordinance, Ordinance No. 76-1, as amended, and the Palm Beach County Environmental Control Rule I-1976 shall remain in full force and effect without readoption, but any amendment or reenactment to Palm Beach County Environmental Control Rule I-1976 shall be made in compliance with this act.

(b) The Board shall adopt a budget and shall accept County or State appropriations, loans and grants from the Federal government and from other sources, public or private, and monetary gifts, all of which shall be expended for the purposes of this act. The Board shall establish a schedule of fees and special budget category to cover the costs of issuing permits, performing inspections, issuing variances and similar services. Moneys accumulated from such fees shall be expended for the purposes of this act and for no other purpose.
materials so recognized and any evidence presented shall be incorporated into the record of the proceeding. The Board, in rulemaking proceedings, shall not be bound by strict rules of evidence and procedure; however, minimal due process shall be observed and met. All interested persons shall upon request be provided a list of any materials upon which the Board intends to rely in any rulemaking proceeding or which has been presented to the Board in conjunction with any rulemaking proceeding and given a reasonable opportunity to examine them and offer written comments thereon or written rebuttal thereto.

(5) Each ordinance or rule adopted shall contain only one subject and shall be preceded by a concise statement of the purpose of the ordinance or rule and reference to the ordinances or rules repealed or amended. No ordinance or rule shall be amended by reference only. Amendments shall set out the amended ordinance or rule in full in the same manner as required by the constitution for laws.

(6) The Board shall comply with the rules of procedure of the County Commission unless other rules are adopted to govern proceedings.

(7) Not less than 21 days or more than 45 days after the notice required by Section 5(a)(1) hereof, or not more than 10 days after the conclusion of the final public hearing, if the hearing extends beyond the 45 days, the Board shall file one copy of the proposed ordinance or rule, a summary of the ordinance or rule, a complete record of the rulemaking proceeding, and a detailed written statement of the facts and circumstances justifying the ordinance or rule with the Clerk of the Board of County Commissioners, all of which shall be
the location where the text of the proposed ordinance or rule can be obtained if such text is not included in the notice. The notice shall be mailed to persons who have made requests of the Board for advance notice of its proceedings at least 14 days prior to such mailing. Notice shall be given by publication at least once in a newspaper of general circulation in the County.

(2) If the intended action concerns any ordinance or rule other than one relating exclusively to organization, procedure or practice, the Board shall, on the request of any affected person received within 14 days after the date of publication of the notice, give affected persons an opportunity to present evidence and argument on all issues under consideration appropriate to inform it of their contentions.

(3) Any person regulated by the Board or having a substantial interest in a Board ordinance or rule may petition the Board to adopt, amend or repeal an ordinance or rule. The petition shall specify the proposed ordinance or rule and action requested. Not later than thirty calendar days after the date of filing a petition, the Board shall initiate rulemaking proceedings under this act, otherwise comply with the requested action, or deny the petition with a written statement of its reasons for the denial. In addition, the Board shall require from those proposing a rule or change an estimate of the economic impact of the proposed rule on all persons affected by it.

(4) The Board shall keep a complete record of all rulemaking proceedings. In such proceedings, the Board may
(b) The presence of three (3) members of the Board shall constitute a quorum necessary to hold a meeting and take any action. A majority vote of the quorum present shall be necessary to take any action. The members of the Board shall annually elect a chairman who shall serve at the will of the Board. The chairman may call meetings of the Board, and meetings may be called by written notice signed by three (3) members, and the Board at any meeting may fix and call a meeting on a future date. Meetings will be held no less frequently than every ninety (90) days. Minutes shall be kept of all meetings of the Board. All meetings shall be public.

Section 5. Environmental Control Board; Duties and Powers.—The Board shall have the following duties, functions, powers and responsibilities:

(a) The Board shall adopt, revise and amend from time to time appropriate ordinances and rules necessary for the implementation and effective enforcement, administration and interpretation of the provisions of this act, and shall provide for the effective and continuing control and regulation of the environment in the County within the framework of this act. When approved by the Board and filed with the Clerk of the County Commissioners, and adopted as per the following, such ordinances and rules shall have the force and effect of law:

(1) Prior to the adoption, amendment, or repeal of any such ordinance or rule, the Board shall give public notice of its intended action, setting forth a short and plain explanation of the purpose and effect of the proposed ordinance or rule, a summary of the proposed ordinance or rule and shall cite this act as specific legal authority under...
