

**Annual Summary on Underground Storage Tanks
Federal Fiscal Year Ending September 30, 2020**

General Information

	Total
Number of UST Facilities	9,264
Number of USTs	21,052

Note: Tank, facility and on-site inspection information is based on compliance information found in the Florida Inspection for Storage Tanks (FIRST), and registration data located in the Storage Tank Contamination Monitoring (STCM) databases. These numbers are based on all, UST only and UST/AST co-mingled facilities. Only Annual Compliance Inspections completed during the timeframe noted are included.

Summary Information for On-Site Inspections

	Total
UST Facilities Inspected	3,730
% Significant Compliance	52.20%

Percent of UST facilities in Technical Compliance (UST-9e on STARS Report) and compliant with Chapter 62-761, Florida Administrative Code.

Summary Information for Releases

	Total
Confirmed UST Releases	122*

*Note: 29 of the 151 releases (reported on the STARS and in the Semi-Annual Narrative Report) were later determined to be non-UST related. Initially, all spills are identified within our database, and until the time it is reviewed/inspected, it is not known whether the tank is AST, UST, or tankless.
