GRANT AGREEMENT

FY22-23 RTP Grant Management
Onboarding Webinar

GRANT AGREEMENT

The project grant agreement, or contract, is the device which allows the Grantee and the Department to establish and agree upon the specific responsibilities for the administration of the grant award. The contract incorporates and references the administrative rule and the financial reporting procedures.

The project grant agreement is a basic, standardized contract created for each individual grant project.

RECEIPT OF GRANT AGREEMENT

The Grantee will receive electronic notification when a Grant Agreement is ready for review, approval and signature.

Please read and familiarize yourself with the agreement as this document contains important information concerning your responsibilities as a Grantee. We understand that some recipients depend on consultants to assist with their projects. However, please understand that **the Grantee serves as the legally responsible partner for approved projects and all that they encompass.** The grant agreements are executed between the Grantee and the State of Florida – Department of Environmental Protection. As such, Grantees will ultimately be held accountable for complying with the agreement terms and knowing the status of their approved project.

It is the responsibility of the Grantee to inform the Department of any revisions to the agreement that may be required. All revision requests will be forwarded to the Department's program attorney for further review and approval. **Please keep in mind that certain language contained in the grant agreement cannot be changed as the contract and all its attachments are a template which applies to all RTP grants.**

RECEIPT OF GRANT AGREEMENT

If no revisions are requested, please have the appropriate signatory authority sign the provided draft and return the agreement to our office.

The Department typically requests that the agreement be signed and returned within 45 calendar-days. However, we understand the document must undergo individual proprietary processes. Therefore, if you anticipate it will take longer than 45 days to be signed and returned to the Department, please keep your RTP coordinator updated on the status.

Signed draft grant agreements may be returned via electronic mail. This method is the most secure and ensures that documents are not misplaced.

Electronic and digital signatures are acceptable. DEP no longer executes documents via handwritten signatures, since Department processes have changed due to COVID-19. These signature methods will also apply to Amendments and all applicable project documentation.

4. Deliverables.

The Grantee agrees to render the services or other units of deliverables as set forth in Attachment 3, Grant Work Plan. The services or other units of deliverables shall be delivered in accordance with the schedule and at the pricing outlined in the Grant Work Plan. Deliverables may be comprised of activities that must be completed prior to Department making payment on that deliverable. The Grantee agrees to perform in accordance with the terms and conditions set forth in this Agreement and all attachments and exhibits incorporated by the Standard Grant Agreement.

5. Performance Measures.

The Grantee warrants that: (1) the services will be performed by qualified personnel; (2) the services will be of the kind and quality described in the Grant Work Plan; (3) the services will be performed in a professional and workmanlike manner in accordance with industry standards and practices; (4) the services shall not and do not knowingly infringe upon the intellectual property rights, or any other proprietary rights, of any third party; and (5) its employees, subcontractors, and/or subgrantees shall comply with any security and safety requirements and processes, if provided by Department, for work done at the Project Location(s). The Department reserves the right to investigate or inspect at any time to determine whether the services or qualifications offered by Grantee meet the Agreement requirements. Notwithstanding any provisions herein to the contrary, written acceptance of a particular deliverable does not foreclose Department's remedies in the event deficiencies in the deliverable cannot be readily measured at the time of delivery.

6. Acceptance of Deliverables.

a. Acceptance Process. All deliverables must be received and accepted in writing by Department's Grant Manager before payment. The Grantee shall work diligently to correct all deficiencies in the deliverable that remain outstanding, within a reasonable time at Grantee's expense. If Department's Grant Manager does not accept the deliverables within 30 days of receipt, they will be deemed rejected.

b. Rejection of Deliverables. The Department reserves the right to reject deliverables, as outlined in the Grant Work Plan, as incomplete, inadequate, or unacceptable due, in whole or in part, to Grantee's lack of satisfactory performance under the terms of this Agreement. The Grantee's efforts to correct the rejected deliverables will be at Grantee's sole expense. Failure to fulfill the applicable technical requirements or complete all tasks or activities in accordance with the Grant Work Plan will result in rejection of the deliverable and the associated invoice. Payment for the rejected deliverable will not be issued unless the rejected deliverable is made acceptable to Department in accordance with the Agreement requirements. The Department, at its option, may allow additional time within which Grantee may remedy the objections noted by Department. The Grantee's failure to make adequate or acceptable deliverables after a reasonable opportunity to do so shall constitute an event of default.

7. Financial Consequences for Nonperformance.

a. Withholding Payment. In addition to the specific consequences explained in the Grant Work Plan and/or Special Terms and Conditions, the State of Florida (State) reserves the right to withhold payment when the Grantee has failed to perform/comply with provisions of this Agreement. None of the financial consequences for nonperformance in this Agreement as more fully described in the Grant Work Plan shall be considered penalties.

b. Invoice reduction

If Grantee does not meet a deadline for any deliverable, the Department will reduce the invoice by 1% for each day the deadline is missed, unless an extension is approved in writing by the Department.

c. Corrective Action Plan. If Grantee fails to correct all the deficiencies in a rejected deliverable within the specified timeframe, Department may, in its sole discretion, request that a proposed Corrective Action Plan (CAP) be submitted by Grantee to Department. The Department requests that Grantee specify the outstanding deficiencies in the CAP. All CAPs must be able to be implemented and performed in no more than sixty (60) calendar days.

i. The Grantee shall submit a CAP within ten (10) days of the date of the written request from Department. The CAP shall be sent to the Department's Grant Manager for review and approval. Within ten (10) days of receipt of a CAP, Department shall notify Grantee in writing whether the CAP proposed has been accepted. If the CAP is not accepted, Grantee shall have ten (10) days from receipt of Department letter rejecting the proposal to submit a revised proposed CAP. Failure to obtain Department approval of a CAP as specified above may result in Department's termination of this Agreement for cause as authorized in this Agreement.

ii. Upon Department's notice of acceptance of a proposed CAP, Grantee shall have ten (10) days to commence implementation of the accepted plan. Acceptance of the proposed CAP by Department does not relieve Grantee of any of its obligations under the Agreement. In the event the CAP fails to correct or eliminate performance deficiencies by Grantee, Department shall retain the right to

The Department reserves the right to investigate or inspect at any time to determine whether the services or qualifications offered by the Grantee meet the Agreement requirements.

6.b Rejection of Deliverables

require additional or further remedial steps, or to terminate this Agreement for failure to perform. No actions approved by Department or steps taken by Grantee shall preclude Department from subsequently asserting any deficiencies in performance. The Grantee shall continue to implement the CAP until all deficiencies are corrected. Reports on the progress of the CAP will be made to Department as requested by Department's Grant Manager.

- iii. Failure to respond to a Department request for a CAP or failure to correct a deficiency in the performance of the Agreement as specified by Department may result in termination of the Agreement.

8. Payment.

- a. Payment Process. Subject to the terms and conditions established by the Agreement, the pricing per deliverable established by the Grant Work Plan, and the billing procedures established by Department, Department agrees to pay Grantee for services rendered in accordance with Section 215.422, Florida Statutes (F.S.).

- b. Taxes. The Department is exempted from payment of State sales, use taxes and Federal excise taxes. The Grantee, however, shall not be exempted from paying any taxes that it is subject to, including State sales and use taxes, or for payment by Grantee to suppliers for taxes on materials used to fulfill its contractual obligations with Department. The Grantee shall not use Department's exemption number in securing such materials. The Grantee shall be responsible and liable for the payment of all its FICA/Social Security and other taxes resulting from this Agreement.

- c. Maximum Amount of Agreement. The maximum amount of compensation under this Agreement, without an amendment, is described in the Standard Grant Agreement. Any additional funds necessary for the completion of this Project are the responsibility of Grantee.

<https://www.myfloridacfo.com/Division/AAManuals/documents/ReferenceGuideforStateExpenditures.pdf>

- e. Invoice Detail. All charges for services rendered or for reimbursement of expenses authorized by Department pursuant to the Grant Work Plan shall be submitted to Department in sufficient detail for a proper pre-audit and post-audit to be performed. The Grantee shall only invoice Department for deliverables that are completed in accordance with the Grant Work Plan.

- f. Interim Payments. Interim payments may be made by Department, at its discretion, if the completion of deliverables to date have first been accepted in writing by Department's Grant Manager.

- g. Final Payment Request. A final payment request should be submitted to Department no later than sixty (60) days following the expiration date of the Agreement to ensure the availability of funds for payment. However, all work performed pursuant to the Grant Work Plan must be performed on or before the expiration date of the Agreement.

- h. Annual Appropriation Contingency. The State's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. This Agreement is not a commitment of future appropriations. Authorization for continuation and completion of work and any associated payments may be rescinded, with proper notice, at the discretion of Department if the Legislature reduces or eliminates appropriations.

- i. Interest Rates. All interest rates charged under the Agreement shall be calculated on the prevailing rate used by the State Board of Administration. To obtain the applicable interest rate, please refer to: www.myfloridacfo.com/Division/AA/Vendors/default.htm.

- j. Refund of Payment to the Department. Any balance of unobligated funds that have been advanced or paid must be refunded to Department. Any funds paid in excess of the amount to which Grantee or subgrantee is entitled under the terms of the Agreement must be refunded to Department. If this Agreement is funded with federal funds, and the Department is required to refund the federal government, the Grantee shall refund the Department its share of those funds.

9. Documentation Required for Cost Reimbursement Grant Agreements and Match.

If Cost Reimbursement or Match is authorized in Attachment 2, Special Terms and Conditions, the following conditions apply. Supporting documentation must be provided to substantiate cost reimbursement or match requirements for the following budget categories:

The Grantee shall only invoice the Department for deliverables that are completed in accordance with the Grant Work Plan.

8.g. Final Payment Request

- a. Salary/Wages. Grantee shall list personnel involved, position classification, direct salary rates, and hours spent on the Project in accordance with Attachment 3, Grant Work Plan in their documentation for reimbursement or match requirements.
- b. Overhead/Indirect/General and Administrative Costs. If Grantee is being reimbursed for or claiming match for multipliers, all multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If Department determines that multipliers charged by Grantee exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate.
- c. Contractual Costs (Subcontractors). Match or reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from Grantee. Subcontracts which involve payments for direct salaries shall clearly identify the personnel involved, salary rate per hour, and hours spent on the Project. All eligible multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate. Nonconsumable and/or nonexpendable personal property or equipment costing \$5,000 or more purchased for the Project under a subcontract is subject to the requirements set forth in Chapters 273 and/or 274, F.S., and Chapter 691-72, Florida Administrative Code (F.A.C.) and/or Chapter 691-73, F.A.C., as applicable. The Grantee shall be responsible for maintaining appropriate property records for any subcontracts that include the purchase of equipment as part of the delivery of services. The Grantee shall comply with this requirement and ensure its subcontracts issued under this Agreement, if any, impose this requirement, in writing, on its subcontractors.
 - i. For fixed-price (vendor) subcontracts, the following provisions shall apply: The Grantee may award, on a competitive basis, fixed-price subcontracts to consultants/contractors in performing the work described in Attachment 3, Grant Work Plan. Invoices submitted to Department for fixed-price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (e.g., Invitation to Bid, Request for Proposals, or other similar competitive procurement document) resulting in the fixed-price subcontract. The Grantee may request approval from Department to award a fixed-price subcontract resulting from procurement methods other than those identified above. In this instance, Grantee shall request the advance written approval from Department's Grant Manager of the fixed price negotiated by Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of Department Grant Manager's approval of the fixed-price amount, Grantee may proceed in finalizing the fixed-price subcontract.
 - ii. If the procurement is subject to the Consultant's Competitive Negotiation Act under section 287.055, F.S. or the Brooks Act, Grantee must provide documentation clearly evidencing it has complied with the statutory or federal requirements.
- d. Travel. All requests for match or reimbursement of travel expenses shall be in accordance with Section 112.061, F.S.
- e. Direct Purchase Equipment. For the purposes of this Agreement, Equipment is defined as capital outlay costing \$5,000 or more. Match or reimbursement for Grantee's direct purchase of equipment is subject to specific approval of Department, and does not include any equipment purchased under the delivery of services to be completed by a subcontractor. Include copies of invoices or receipts to document purchases, and a properly completed Exhibit B, Property Reporting Form.
- f. Rental/Lease of Equipment. Match or reimbursement requests for rental/lease of equipment must include copies of invoices or receipts to document charges.
- g. Miscellaneous/Other Expenses. If miscellaneous or other expenses, such as materials, supplies, non-excluded phone expenses, reproduction, or mailing, are reimbursable or available for match or reimbursement under the terms of this Agreement, the documentation supporting these expenses must be itemized and include copies of receipts or invoices. Additionally, independent of Grantee's contract obligations to its subcontractor, Department shall not reimburse any of the following types of charges: cell phone usage; attorney's fees or court costs; civil or administrative penalties; or handling fees, such as set percent overages associated with purchasing supplies or equipment.
- h. Land Acquisition. Reimbursement for the costs associated with acquiring interest and/or rights to real property (including access rights through ingress/egress easements, leases, license agreements, or other site access agreements; and/or obtaining record title ownership of real property through purchase) must be supported by the following, as applicable: Copies of Property Appraisals, Environmental Site Assessments, Surveys and Legal

Descriptions, Boundary Maps, Acreage Certification, Title Search Reports, Title Insurance, Closing Statements/Documents, Deeds, Leases, Easements, License Agreements, or other legal instrument documenting acquired property interest and/or rights. 10. Status Reports.

The Grantee shall submit status reports quarterly, unless otherwise specified in the Attachments, on Exhibit A, Progress Report Form, to Department's Grant Manager describing the work performed during the reporting period, problems encountered, problem resolutions, scheduled updates, and proposed work for the next reporting period. Quarterly status reports are due no later than twenty (20) days following the completion of the quarterly reporting period. For the purposes of this reporting requirement, the quarterly reporting periods end on March 31, June 30, September 30 and December 31. The Department will review the required reports submitted by Grantee within thirty (30) days.

11. Retainage.

The following provisions apply if Department withholds retainage under this Agreement:

- a. The Department reserves the right to establish the amount and application of retainage on the work performed under this Agreement up to the maximum percentage described in Attachment 2, Special Terms and Conditions. Retainage may be withheld from each payment to Grantee pending satisfactory completion of work and approval of all deliverables.
- b. If Grantee fails to perform the requested work, or fails to perform the work in a satisfactory manner, Grantee shall forfeit its right to payment of the retainage associated with the work. Failure to perform includes, but is not limited to, failure to submit the required deliverables or failure to provide adequate documentation that the work was actually performed. The Department shall provide written notification to Grantee of the failure to perform that shall result in retainage forfeiture. If the Grantee does not correct the failure to perform within the timeframe stated in Department's notice, the retainage will be forfeited to Department.
- c. No retainage shall be released or paid for incomplete work while this Agreement is suspended.
- d. Except as otherwise provided above, Grantee shall be paid the retainage associated with the work, provided Grantee has completed the work and submits an invoice for retainage held in accordance with the invoicing procedures under this Agreement.

- b. Termination for Cause. If, after termination, it is determined that Grantee was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Department. The rights and remedies of Department in this clause are in addition to any other rights and remedies provided by law or under this Agreement.
- c. Grantee Obligations upon Notice of Termination. After receipt of a notice of termination or partial termination unless as otherwise directed by Department, Grantee shall not furnish any service or deliverable on the date, and to the extent specified, in the notice. However, Grantee shall continue work on any portion of the Agreement not terminated. The Grantee shall not perform any services after Agreement expiration or termination, except as necessary to complete the transition or continued portion of the Agreement, if any.

14. Notice of Default.

This notice shall state the nature of the failure to perform and provide a time certain for correcting the failure. The notice will also provide that, should the Grantee fail to perform within the time provided, Grantee will be found in default, and Department may terminate the Agreement effective as of the date of receipt of the default notice.

15. Events of Default.
Provided such failure is not the fault of Department or outside the reasonable control of Grantee, the following non-exclusive list of events, acts, or omissions, shall constitute events of default:

16. Suspension of Work.

The Department may, in its sole discretion, suspend any or all activities under the Agreement, at any time, when it is in the best interest of the State to do so. The Department shall provide Grantee written notice outlining the particulars of suspension. Examples of reasons for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, Grantee shall comply with the notice. Within 90 days, or any longer period agreed to by the parties, Department shall either: (1) issue a notice authorizing resumption of work, at which time activity shall resume; or (2) terminate the Agreement. If the Agreement is terminated after 30 days of suspension, the notice of suspension shall be deemed to satisfy the thirty (30) days' notice required for a notice of termination for convenience. Suspension of work shall not entitle Grantee to any additional compensation.

17. Force Majeure.

The Grantee shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of Grantee or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond Grantee's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to Grantee. In case of any delay Grantee believes is excusable, Grantee shall notify Department in writing of the delay or potential delay and describe the cause of the delay either (1) within ten days after the cause that creates or will create the delay first arose, if Grantee could reasonably foresee that a delay could occur as a result; or (2) if delay is not reasonably foreseeable, within five days after the date Grantee first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE GRANTEE'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against Department. The Grantee shall not be entitled to an increase in the Agreement price or payment of any kind from Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist Grantee shall perform at no increased cost, unless Department determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to Department, in which case Department may: (1) accept allocated performance or deliveries from Grantee, provided that Grantee grants preferential treatment to Department with respect to products subjected to allocation; (2) contract with other sources (without recourse to and by Grantee for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Agreement quantity; or (3) terminate Agreement in whole or in part.

18. Indemnification.

- a. The Grantee shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless Department and its officers, agents, and employees, from suits, actions, damages, and costs of every name and description arising from or relating to:
- personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Grantee, its agents, employees, partners, or subcontractors; provided, however, that Grantee shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of Department;
 - the Grantee's breach of this Agreement or the negligent acts or omissions of Grantee.
- b. The Grantee's obligations under the preceding paragraph with respect to any legal action are contingent upon Department giving Grantee: (1) written notice of any action or threatened action; (2) the opportunity to take over and settle or defend any such action at Grantee's sole expense; and (3) assistance in defending the action at Grantee's sole expense. The Grantee shall not be liable for any cost, expense, or compromise incurred or made by Department in any legal action without Grantee's prior written consent, which shall not be unreasonably withheld.
- c. Notwithstanding sections a. and b. above, the following is the sole indemnification provision that applies to Grantees that are governmental entities: Each party hereto agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity or the provisions of Section 768.28, F.S. Further, nothing herein shall be construed as consent by a state agency or subdivision of the State to be sued by third parties in any matter arising out of any contract or this Agreement.

17. Force Majeure

The Grantee shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of Grantee or its employees or agents contributed to delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond Grantee's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to Grantee.

In case of any delay the Grantee believes is excusable, the Grantee shall notify the Department in writing of the delay or potential delay and describe the delay either (1) within 10 days after the cause that creates or will create the delay first arose, if the Grantee could reasonably foresee that a delay could occur as a result; or (2) if delay is not reasonably foreseeable, within 5 days after the date the Grantee first has reason to believe that a delay could result.

The foregoing shall constitute the Grantee's sole remedy or excuse with respect to delay.

Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against the Department.

18. Indemnification

The Grantee shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless the Department and its officers, agents, and employees, from suits, actions, damages, and costs of every name and description.

- c. All construction materials are manufactured in the United States--this means that all manufacturing processes for the construction material occurred in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. Upon request of Department's Inspector General, or other authorized State official, Grantee shall provide any type of information the Inspector General deems relevant to Grantee's integrity or responsibility. This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes.

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017, and thereafter), the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, F.S.; Rule Chapter 69I-5, F.A.C., State Financial Assistance; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT I to this form lists the state financial assistance awarded through the Department of Environmental Protection by this agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If the recipient expends less than \$750,000 in state financial assistance in its fiscal year (for fiscal year ending June 30, 2017, and thereafter), an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than \$750,000 in state financial assistance in its fiscal year, and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).
4. For information regarding the Florida Catalog of State Financial Assistance (CSFA), a recipient should access the Florida Single Audit Act website located at <https://apps.fldfs.com/fsaa> for assistance. (NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)

11. Procurement Requirements for Grantee.

The Grantee must secure all goods and services for accomplishment of this Project according to its adopted procurement procedures and applicable federal requirements identified in the FHWA Recreational Trails Guidance Manual.

12. Project Completion Certification.

The sign must be installed on the Project site and approved by the Department before the final Project reimbursement request is processed.

9. Site Dedication Continued

The dedication must be recorded in the county's public property records (Clerk of Court) by the Grantee, or in the case of a nonprofit, by the landowner.

16. Conversion.

This Project Site acquired and/or developed with RTP assistance must be retained and used for public outdoor recreation. Should the Grantee, within the periods set forth in subsections 62S-2.076(1) and (2), F.A.C., convert all or part of the Project Site to other than public outdoor recreational uses, the Grantee must replace the area, facilities, resource, or Project Site at its own expense with an acceptable project of comparable, scope, and quality.

17. Monitoring.

The Grantee further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Florida Department of Transportation (FDOT) and FHWA. The Grantee also grants the FDOT and FHWA the same monitoring rights it has agreed to provide the Department.

18. Compliance with FDOT Disadvantaged Business Enterprise (DBE) Program.

The Department and the Grantee adhere to FDOT's DBE program on all FHWA-assisted contracts in accordance with 49 CFR Part 26.21 and the FDOT DBE Program Plan. DBE participation on FHWA-assisted contracts in Florida must be achieved through race-neutral methods. 'Race neutral' means that the DEP can likely achieve the overall state DBE goal of 10.65% through ordinary procurement methods. Therefore, no specific DBE contract goal may be applied to this project. Nevertheless, the Department is committed to supporting the identification and use of DBEs and other small businesses and encourages all reasonable efforts to do so. Furthermore, the Transportation Planning Organization recommends the use of certified DBE's listed in the Florida Unified Certification Program (UCP) DBE Directory, who by reason of their certification are ready, willing, and able to provide and assist with the services identified in the scope of work. Assistance with locating DBEs and other special services are available at no cost through FDOT's Equal Opportunity Office DBE Supportive Services suppliers. More information is available by visiting <http://www.fdot.gov/equalopportunity/serviceproviders.shtm> or by calling 850-414-4750.

16. Conversion

The project site developed with RTP assistance must be retained and used for public outdoor recreation.

CONTRACT PROVISIONS FOR FHWA

PAGES 2 - 4

this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR 35 and 29 CFR 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract.

b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. **EEO Officer:** The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. **Dissemination of Policy:** All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. **Recruitment:** When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. **Personnel Actions:** Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. **Training and Promotion:**

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are

applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs, i.e., apprenticeship, and on-the-job training programs for the geographical area of contract performance. In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor shall advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. **Unions:** If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age or disability, making full efforts to obtain qualified and/or qualified minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. **Reasonable Accommodation for Applicants / Employees with Disabilities:** The contractor must be familiar

with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established there under. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. **Selection of Subcontractors, Procurement of Materials and Leasing of Equipment:** The contractor shall not discriminate on the grounds of race, color, religion, sex, national origin, age or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors and suppliers and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. **Assurance Required by 49 CFR 26.13(b):**

a. The requirements of 49 CFR Part 26 and the State DOT's U.S. DOT-approved DBE program are incorporated by reference.

b. The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the contracting agency deems appropriate.

11. **Records and Reports:** The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women;

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project, indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract. This information is to be reported on EEO Form 2840-A-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor

will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. **NONSEGREGATED FACILITIES**

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more.

The contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location, under the contractor's control, where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. **DAVIS-BACON AND RELATED ACT PROVISIONS**

This section is applicable to all Federal-aid construction projects exceeding \$2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size). The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. Contracting agencies may elect to apply these requirements to other projects.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. **Minimum wages**

a. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions

of paragraph 1.d. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph 1.b. of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. (1) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in accordance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is utilized in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(3) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Wage and Hour Administrator for determination. The Wage and Hour Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or

ATTACHMENT 9 CONTRACT PROVISIONS FOR FHWA

PAGES 5-7

will notify the contracting officer within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs 1.b.(2) or 1.b.(3) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

c. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

d. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program. Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. Withholding

The contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract, or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the contracting agency may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. Payrolls and basic records

a. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(v) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-

Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

b. (1) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the contracting agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347nstr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the contracting agency for transmission to the State DOT, the FHWA or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the contracting agency.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(i) That the payroll for the payroll period contains the information required to be provided under § 5.5(a)(3)(i) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5(a)(3)(j) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(2) of this section.

(4) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 201 of title 31 of the United States Code.

c. The contractor or subcontractor shall make the records required under paragraph 3.a. of this section available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the FHWA may, after written notice to the contractor, the contracting agency or the State DOT, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and trainees

a. Apprentices (programs of the USDOL)

Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentage of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed.

Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly

rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

b. Trainees (programs of the USDOL)

Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration.

The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration.

Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

c. Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

d. Apprentices and Trainees (programs of the U.S. DOT)

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeymen shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

6. Subcontracts. The contractor or subcontractor shall insert Form FHWA-1273 in any subcontract and also require the subcontractors to include Form FHWA-1273 in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

7. Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility.

a. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

c. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

The following clauses apply to any Federal-aid construction contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1.) of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1.) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1.) of this section.

3. Withholding for unpaid wages and liquidated damages. The FHWA or the contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2.) of this section.

4. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1.) through (4.) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1.) through (4.) of this section.

ATTACHMENT 9 CONTRACT PROVISIONS FOR FHWA

PAGES 8 - 10

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System.

1. The contractor shall perform with its own organization contract work amounting to not less than 50 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term "perform work with its own organization" refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions:

- (1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;
- (2) the prime contractor remains responsible for the quality of the work of the leased employees;
- (3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and
- (4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract.

2. The contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. The contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is

evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract.

5. The 30% self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements.

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR 635) in one or more places where it is readily available to all persons concerned with the project.

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 1, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

By submission of this bid/proposal or the execution of this contract, or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, or subcontractor, as appropriate, will be deemed to have stipulated as follows:

1. That any person who is or will be utilized in the performance of this contract is not prohibited from receiving an award due to a violation of Section 506 of the Clean Water Act or Section 306 of the Clean Air Act.
2. That the contractor agrees to include or cause to be included the requirements of paragraph (1) of this Section X in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost \$25,000 or more – as defined in 2 CFR Parts 180 and 1200.

1. Instructions for Certification – First Tier Participants:

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this

covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if at any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contractor). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers to any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.epls.gov/>), which is compiled by the General Services Administration.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

2. Instructions for Certification – Lower Tier Participants:

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more – 2 CFR Parts 180 and 1200)

a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which

this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contractor). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers to any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.epls.gov/>), which is compiled by the General Services Administration.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the

department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed \$100,000 (49 CFR 20).

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

3. The prospective participant also agrees by submitting this bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such recipients shall certify and disclose accordingly.

ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS

This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

- (2.) **Nondiscrimination:** The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3.) **Solicitations for Subcontractors, including Procurements of Materials and Equipment:** In all solicitations made by the Contractor, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.
- (4.) **Information and Reports:** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the *Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5.) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the *Florida Department of Transportation* shall impose such contract sanctions as it or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* may determine to be appropriate, including, but not limited to:

- (6.) **Incorporation of Provisions:** The Contractor shall include the provisions of paragraphs (1) through (7) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the

Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. In the event a Contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the Contractor may request the *Florida Department of Transportation* to enter into such litigation to protect the interests of the *Florida Department of Transportation*, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (7.) **Compliance with Nondiscrimination Statutes and Authorities:** Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age); Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 -- 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). 1. GOVERNING REGULATIONS

Performance under this Agreement will be governed by and in compliance with the following regulations:

2 CFR Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards."

2 CFR Part 200 will be applicable to all non-federal entities as a default position, and that any determination not to apply 2 CFR Part 200 subparts A through E to for-profit entities, foreign public entities, or foreign organizations will be made in writing and identify the basis for that determination.

Cost Principles For-profit Organizations: 48 CFR 31 (Federal Acquisition Regulations) Subpart 31.2

2. SECTION 508 OF THE REHABILITATION ACT OF 1973

While the requirements of Section 508 of the Rehabilitation Act of 1973, as amended, do not apply to assistance agreements, the FHWA is subject to the Act's requirements that all documents posted on an FHWA or FHWA-hosted website comply with the accessibility standards of the Act. Accordingly, final deliverable reports prepared under this Agreement and submitted in electronic format must be submitted in a format whereby FHWA can easily meet the requirements of Section 508 of the Rehabilitation Act of 1973, as amended.

NOTE: Quarterly Progress Reports and financial reports are not considered final deliverables and therefore the following requirements do not apply.

Accessibility Requirements: Section 508 of the Rehabilitation Act of 1973

All electronic documents prepared under this Agreement must meet the requirements of Section 508 of the Rehabilitation Act of 1973, as amended. The act requires that all electronic products prepared for the Federal Government be accessible to persons with disabilities, including those with vision, hearing, cognitive, and mobility impairments. View Section 508 of the Rehabilitation Act (<http://www.access-board.gov/508/508standards.htm>) - PART 1194 and the Federal IT Accessibility Initiative Home Page (<http://section508.gov>) for detailed information.

The following paragraphs summarize the requirements for preparing FHWA reports in conformance with Section 508 for eventual posting by FHWA to an FHWA-sponsored website.

a. Electronic documents with images

Provide a text equivalent for every non-text element (including photographs, charts and equations) in all publications prepared in electronic format. Use descriptions such as "alt" and "longdesc" for all non-text images or place them in element content. For all documents prepared, vendors must prepare one standard HTML format as described in this statement of work AND one text format that includes descriptions for all non-text images. "Text equivalent" means text sufficient to reasonably describe the image. Images that are merely decorative require only a very brief "text equivalent" description. However, images that

Contractors & Recipients General Terms and Conditions for Assistance Awards | Federal ... Page 3 of 14

convey information that is important to the content of the report require text sufficient to reasonably describe that image and its purpose within the context of the report.

b. Electronic documents with complex charts or data tables

When preparing tables that are heavily designed, prepare adequate alternate information so that assistive technologies can read them out. Identify row and column headers for data tables. Provide the information in a non-linear form. Markups will be used to associate data cells and header cells for data tables that have two or more logical levels of row and column headers.

c. Electronic documents with forms

When electronic forms are designed to be completed on-line, the form will allow people using assistive technology to access the information, field elements, and functionality required for completion and submission of the form, including all directions and cues.

Draft documents developed under this Agreement will be delivered as electronic files compatible with Microsoft Word 2000, or verified to be error free when read using Microsoft Word 2000 and Adobe PDF formats. Any other electronic format will receive prior approval from the AOR. With prior approval of the AOR, artwork or graphics not embedded in the electronic (MS Word) document may be submitted in camera ready format. Deliverables must follow the Turner Fairbanks Highway Research Center (TFHRC) Communications Reference Guide (<https://www.fhwa.dot.gov/publications/research/general/03074/index.cfm>) unless otherwise indicate in this scope of work.

The final deliverables under this Agreement must comply with Section 508 of the Rehabilitation Act and the Access Board Standards available online at: <http://www.section508.gov/>. Unless otherwise indicated, the Recipient represents by signature on this Agreement that all deliverables will comply with the Access Board Standards. Final documents will be delivered in Microsoft Word 2000, PDF, and HTML formats. These documents will be prepared in electronic GPO-required format and will meet the Section 508 requirements to allow them to be posted and viewed on the Internet. Files should be organized so that they are readable without requiring an associated style sheet. The html versions will include a text equivalent description (e.g., via "alt", "longdesc", or in element content) for every non-text (e.g., graph, table, photo, diagram, etc.) element in the document. The best location for information on regulations for 36 CFR 1194, which implements Section 508 of the Rehabilitation Act of 1973, as amended, is at <http://www.access-board.gov/sec508/guide/index.htm>.

If the information center website existed before the effective date of this Agreement, information presented prior to the date of execution of this Agreement does not need to be modified to comply with Federal accessibility requirements. However, if a web page is modified or updated during this Agreement's period of performance, the modified or updated page must be presented in accessible format.

3. RESPONSIBILITIES OF THE RECIPIENT

The Recipient will provide overall program management. Specifically, the Recipient will be responsible for the following, as a minimum:

EXHIBIT H, GENERAL TERMS AND CONDITIONS FOR CONTRACTORS/RECIPIENTS

PAGES 4 - 6

Contractors & Recipients General Terms and Conditions for Assistance Awards | Federal ... Page 4 of 14

- Meeting with the AOR as necessary.
- Participating in a kick-off meeting with the AO and/or the AOR to discuss agreement expectations and procedures.
- Participating in meetings via teleconference or web conference with the AOR.
- Performing the Statement of Work as described in Section I, Funding Opportunity Description.
- Coordinating and managing work, including issuing and managing subcontracts/sub awards and consulting arrangements, as necessary.
- Submitting all required reports including Quarterly Progress Reports. (See Part B of this Section, entitled Reporting.)
- During the period of performance, the FHWA and the Recipient will meet periodically, at a minimum annually, to discuss project activities. The location of the meeting will be established by the AOR. Note: for application process, assume the meeting will be in Washington, DC and will last 1 full day.

4. NON-DOMESTIC TRAVEL

All non-domestic travel must be approved in writing by the AO prior to incurring costs. Travel requirements under this Agreement will be met using the most economical form of transportation available. If economy class transportation is not available, the request for payment vouchers must be submitted with justification for use of higher class travel indicating dates, times, and flight numbers.

5. AMENDMENTS

This Agreement and any amendments executed by the AO constitute the entire agreement between the parties. Discussions and understandings concerning such scope and subject matter are superseded by this Agreement and any executed amendments. All changes to the terms and conditions of this Agreement will be in writing, issued as an Amendment and signed by the AO pursuant to 2 CFR 200.308.

- Unilateral.* A unilateral amendment is signed only by the AO. Unilateral amendments are used, for example, to make administrative changes; i.e. funding, accounting data changes, change in Government personnel.
- Bilateral.* A bilateral amendment is a change that is signed by the Recipient and the AO. Bilateral amendments are used to reflect other agreements of the parties amending the terms of the Agreement.

6. AGREEMENT OFFICER'S REPRESENTATIVE (AOR)

The AO may designate an AOR to assist in monitoring the work under this Agreement. The AOR will oversee the technical administration of this Agreement and act as technical liaison with the performing organization. The AOR is not authorized to change the scope of work or specifications as stated in the Agreement, to make any commitments or otherwise obligate the FHWA or authorize any changes which affect the Agreement funding, delivery schedule, period of performance or other terms or conditions.

Contractors & Recipients General Terms and Conditions for Assistance Awards | Federal ... Page 5 of 14

The AO is the only individual who can legally commit or obligate the FHWA for the expenditure of public funds. The technical administration of this Agreement will not be construed to authorize the revision of the terms and conditions of performance. The AO will authorize any such revision in writing.

7. PAYMENT

The Recipient may request advances or reimbursement of costs incurred in the performance hereof as are allowable under the applicable cost provisions not to exceed the funds currently available as stated herein. Requests should be made no more frequently than monthly and must include the certification as required by 2 CFR 200.415.

Payments by Reimbursement

Requests for payments by reimbursement will be submitted to the payment office via DELPHI eInvoicing System. When requesting reimbursement of costs incurred and credit for cost share incurred, the Recipient will submit supporting cost detail electronically with the SF 270, Request for Advance or Reimbursement or, if construction, the SF 271, Outlay Report and Request for Reimbursement for Construction to clearly document all costs incurred. Cost detail includes a detailed breakout of all costs incurred including direct labor, indirect costs, other direct costs, travel, etc. Identify the Federal share and the Recipient's cost share portions as applicable. The cost detail should show all the project costs for the period covered by the reimbursement request, and also show all the cumulative-to-date costs.

The AO or Agreement Specialist reserve the right to withhold processing requests for reimbursement until sufficient detail is received. In addition, reimbursement will not be made without AOR review and approval to ensure that progress on the Agreement is sufficient to substantiate payment. After AOR approval, the AO will certify and forward the request for reimbursement to the payment office via DELPHI eInvoicing System.

Advance Payments

Recipients may be paid in advance, provided they maintain or demonstrate the willingness to maintain the following in accordance with 2 CFR 200.305 as applicable: (1) written procedures that minimize the time elapsing between the transfer of funds and disbursement by the Recipient, and (2) financial management systems that meet the standards for fund control and accountability. When these items are not met, reimbursement will be the method for payment.

DELPHI eInvoicing System Registration and Information

The Recipient must have Internet access to register and use the DELPHI eInvoicing System. Prompt registration for DELPHI eInvoicing System is important in order to reduce the possibility of delayed payments.

All persons accessing the DELPHI eInvoicing System will be required to have their own unique user ID and password. It is not possible to have a generic ID and password for a Recipient.

Contractors & Recipients General Terms and Conditions for Assistance Awards | Federal ... Page 6 of 14

To register for DELPHI eInvoicing System, Recipients must eAuthenticate and activate an account by contacting their AO and providing the full name, title, phone number and e-mail address for the appropriate point(s) of contact (POC) who will submit payment requests. Within two weeks the POC should receive an invite to sign up for the system. The POC will also receive a form to verify their identity. The POC must complete the form, and present it to a Notary Public for verification. The POC will return the notarized form to:

DOT Enterprise Service Center
FAA Accounts Payable, AMZ-100
PO Box 25710
Oklahoma City, OK 73125

When the form is received and validated, the Recipient POC will receive a unique user ID and password via e-mail. POCs should contact their AO with any changes to their system information.

Applicants registered with other DOT Agencies, such as Federal Aviation Administration or Federal Railroad Administration, must also apply for access with FHWA in order to request payment from FHWA.

To facilitate your use of the DELPHI eInvoicing system, comprehensive user's information is available at <http://www.dot.gov/policy-initiatives/delphi-einvoicing-system-training-materials>.

Account Management

The Applicant should contact their AO when POCs have left their organization or are no longer will be submitting invoices, with the full name, title, phone number, e-mail address, and user ID of the POC. The user ID will then be removed. If a user ID becomes inactive/times out due to no activity, the Recipient should contact their AO with the full name, title, phone number, e-mail address, and user ID of the POC to be reactivated. To prevent being timed out due to no-activity, users should login once within 45 days of their last login.

Waivers

The Department of Transportation Financial Management officials may, on a case by case basis, waive the requirement to register and use the DELPHI eInvoicing System. Waiver request forms can be obtained on the DELPHI eInvoicing website (<http://www.dot.gov/cfo/delphi-einvoicing-system.html>) or by contacting the AO. Applicants must explain why they are unable to use or access the Internet to register and enter payment requests.

NATIONAL ENVIRONMENTAL POLICY ACT (NEPA)

FY22-23 RTP Grant Management
Onboarding Webinar

NATIONAL ENVIRONMENTAL POLICY ACT (NEPA)

What is the National Environmental Policy Act (NEPA)?

NEPA is the National Environmental Policy Act that established a national policy for protection of the environment and to raise awareness of the importance of natural resources to the nation.

NEPA requires federal agencies, in cooperation with state and local governments, to address the environmental impacts of a federal action prior to making decisions or funding.

NATIONAL ENVIRONMENTAL POLICY ACT (NEPA)

Who is responsible for enforcing NEPA?

All federal agencies are required to enforce and comply with NEPA.

The Florida Department of Transportation (FDOT) is awarded Recreational Trails Program (RTP) funds from the Federal Highway Administration, and serves as a pass-through entity for the program.

As such, FHWA is responsible for reviewing all environmental regulations and NEPA compliance for RTP projects which are managed by the Florida Department of Environmental Protection (DEP). FHWA, FDOT and DEP serve as collaborative entities responsible for enforcing NEPA for RTP projects.

PROJECT DEVELOPMENT & ENVIRONMENTAL (PD&E) MANUAL

The **Project Development & Environment (PD&E) Manual** provides procedures on how to comply with NEPA, other laws, executive orders, and regulations.

It provides guidance on how to determine a projects class of action and how to conduct appropriate analysis to demonstrate environmental compliance.

The manual comes in two parts:

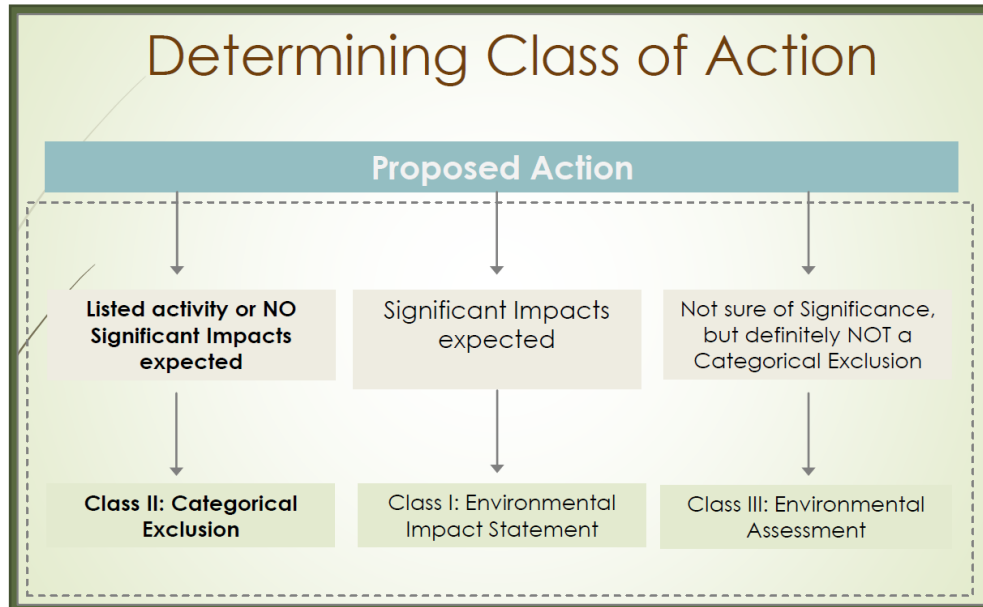

- Part 1: Process and Documentation
- Part 2: Topics and Analysis

CLASS OF ACTION DETERMINATION

Part 1, Chapter 2 of PD&E Manual

This section provides information on how to determine the level of environmental documentation you will need to satisfy NEPA.

There are three classes of action for federal projects. The class of action is dependent on whether the project will have significant impacts.

Class I

Projects with significant impacts require the development of Environmental Impact Statement (EIS).

Class III

Projects with a question of significance requires the development of an Environmental Assessment (EA).

Class II

Projects with no significant impact are Categorically Excluded from the development of an EA or EIS.

CATEGORICAL EXCLUSION (CE)

A Categorical Exclusion (CE) is a project which, based upon past experience with similar actions, does not individually or cumulatively have a significant environmental effect, and is excluded from the requirements to prepare an EA or EIS.

The definition of CE in **40 CFR § 1508.4** and **23 CFR § 771.117** provides further guidance for projects where FDOT has assumed responsibilities from FHWA.

RTP projects must meet the Type I Categorical Exclusion (CE) criteria listed for (c) or (d) in [23 CFR § 771.117](#) and must not have any significant impacts.

DEP Recreational Trail projects will typically meet the (c)(3) criteria.

CATEGORICAL EXCLUSION (CE)

Pursuant to **23 CFR § 771.117(b)**, it must be sufficiently evident that projects:

- Do not involve significant environmental impacts;
- Do not induce significant impacts to planned growth or land use for the area;
- Do not require the relocation of significant numbers of people;
- Do not have a significant impact on any natural, cultural, recreational, historic, or other resource;
- Do not involve significant air, noise, or water quality impacts;
- Do not have significant impacts on travel patterns; or
- Do not otherwise, either individually or cumulatively, have any significant environmental impacts.

TYPE I CE CHECKLIST

A Type I CE determination is made using a Type I Categorical Exclusion Checklist in the StateWide Environmental Project Tracker (SWEPT).

The checklist is completed to determine if the project meets the criteria **23 CFR § 771.117 (c) or (d)**.

- If the project meets the criteria, the project is a Type I CE and the checklist, along with all supporting documentation, will be the NEPA document.
- If the project does not meet the checklist criteria, coordination with DEP and FDOT's Office of Environmental Management (OEM) must occur. This may require screening in the Environmental Screening Tool (EST), completing a technical study to assess the impact to a particular resource, coordination with resource agency or the public, and the preparation of a higher document level, particularly a Type II Categorical Exclusion.

The Type 1 CE Checklist and all supporting documentation are due within 180 days or 6 months of the Agreement Execution Date and must be reviewed and approved by FHWA in order to move forward with commencement. If at any point you anticipate that you will not meet the Task 1, commencement deadline, please notify your RTP coordinator immediately.

TYPE I CE CHECKLIST TOPICS

The topics that are analyzed during the PD&E (NEPA) process include:

- Right of Way
- Wetlands
- USCG Projects & Navigation
- Floodplains
- Wild and Scenic Rivers
- Protected Species and Habitat
- Essential Fish Habitat
- Section 4(f)
- Archaeological and Historical Resources
- Noise
- Contamination

With the transmission of your executed grant agreement, you will be provided your SWEPT login information in order to complete and submit the Type 1 CE Checklist.

At the top of the checklist, you will find several fields already pre-populated by FDOT.

PROJECT VERIFICATION

Verification that the project meets the constraints of 23 CFR § 771.117

Verification specifically states that the project will not induce significant impacts to planned growth or land use for the area, travel patterns, involve significant air or water quality impacts, or cause substantial controversy on environmental grounds.

To verify your project meets these constraints, select the box next to “Verified.”

The rest of the checklist questions (11) will be accessible once this box is checked.

Note: The items below consider the requirements described in 23 CFR § 771.117 (c) and (d) for listed Categorical Exclusions (CEs). The constraints of 23 CFR § 771.117(e) are addressed in this form for CEs identified as 23 CFR § 771.117 (c) (26), (27) and (28) or (d) list projects.

Directions for bulleted verifications below: District should consider if the project has any of the significant impacts described. 1. RIGHT OF WAY (ROW)

Part 2, Chapter 4 – PD&E Manual

Submit a conceptual boundary map with legal description of the project area which demonstrates the project's ROW.

Typically, only minor ROW acquisitions are allowable for a Type 1 CE. Any ROW acquisitions without relocation that are required will need to be detailed in the comment box provided.

If relocations are anticipated for a project, information regarding residences, businesses, and institutional or public facilities that may be relocated need to be summarized. FHWA coordination required.

If state-owned conservation lands are being acquired, FHWA coordination is required. Please advise of your involvement.

1. Right of Way (ROW)

- ☐ Within existing ROW
- ☐ Minor acquisition without relocation and/or displacement
- ☐ Any acquisitions with relocations and/or displacements [Contact the Office of Environmental Management (OEM)]
- ☐ State-owned conservation lands being acquired in the project area subject to review and approval by the Acquisition and Restoration Council

General Comments

General Comments and attachments are **optional**.

Example

- The project requires minor right of way acquisition to accommodate _____. This project will not require any relocations or displacements.
- The right of way needed from parcel X resulted in one potential residential relocation. However, the owner did not live in the house that was impacted and there was no displaced owner or tenant. Personal property was moved as coordinated with the District Right of Way Office.
- The project is located entirely within existing right of way.

2. WETLAND IMPACTS

[Part 1, Chapter 12 – PD&E Manual](#)

[Part 2, Chapter 9 – PD&E Manual](#)

Submit a wetlands mapper from the U.S. Fish and Wildlife Service [National Wetlands Inventory \(NWI\)](#).

If wetlands are present, they should be delineated and overlaying on the project design plans. And if impacts are to occur, they should be quantified.

Nationwide permits are issued by the USACOE on a national basis, and they are designated to streamline the Dept. of Army Authorization of projects that produce minimal impact to the nation's aquatic environment. Detail wetland impacts in the space provided and include permit authorization that will be required. Trail projects will typically qualify under Nationwide permit type #3 (Maintenance), #23 (Approved CEs), and #42 (Recreational Facilities).

An individual or standard permit is issued by the USACOE when projects have more than a minimal, individual, or cumulative impact. FHWA coordination is required.

2. Wetland impacts that would require a permit from the U.S. Army Corps of Engineers (USACE) under the Clean Water Act, Section 404, 33 U.S.C. § 1344 and/or section 10 of the Rivers and Harbors Act:

- ☐ No Wetland(s) Present/ No Impacts
- ☐ Nationwide permit
- ☐ Standard Permit [Contact the Office of Environmental Management (OEM)]

General Comments and attachments are **optional**.

Rich text editor toolbar with icons for Bold (B), Italic (I), Underline (U), Bulleted List, Numbered List, Link, and Unlink. Below the toolbar is a large empty text area for entering general comments.

Example

- The National Wetland Inventory and ground verification indicates there are wetlands and surface waters in the project area. The project plans indicate impacts to X acres of wetlands at one location. The wetland impact location is a low-quality wetland directly adjacent to the roadway and was recently impacted by the construction of a multi-use path bridge. It is anticipated that the project qualifies for a Nationwide Permit #14 - Linear Transportation Projects from the USACE.
- The project includes X acres of permanent wetland impacts. The project qualifies for a Nationwide Permit #3 Maintenance.
- National Wetland Inventory and field verification indicates there are wetlands in the project area associated with Crooked Creek. However, the bridge repair project does not require any wetland impacts. A federal wetland permit is not required.

3. BRIDGE PERMIT

[Part 1, Chapter 16 – PD&E Manual](#)

“Navigable Waters” are those waters that are subject to the ebb and flow of the tide and/or are presently used or have been used in the past or may be susceptible for use to transport interstate or foreign commerce.

Submit a [USGS Topographic Map](#) with the project’s location identified on the map.

If a navigable water is identified, a bridge permit questionnaire may be required or may be requested to determine if a bridge permit is needed. FHWA coordination required if a navigable water is identified, and a bridge permit is not required.

If a bridge permit is required, FHWA coordination is required.

3. Bridge permits required from the United States Coast Guard (USCG):

- ☐ No Waterway Crossing
- ☐ No USCG Bridge permit required
- ☐ USCG Bridge permit [Contact the Office of Environmental Management (OEM)]

General Comments

General Comments and attachments are **optional**.

Example

- The project does not include any bridges or waterways.
- Creek is not navigable at the project location or susceptible to use in its natural condition or with reasonable improvements as a means for interstate or foreign commerce. The creek is not tidally influenced.
- Creek is not tidal and is not used or susceptible for use as a means to transport interstate or foreign commerce.

4. FLOODPLAINS

Part 2, Chapter 13 – PD&E Manual

Submit a [Federal Emergency Management Agency \(FEMA\) Flood Map](#) or Flood Insurance Rate Map (FIRM).

“Functionally Dependent Uses” are those for which the project cannot perform its intended purpose unless it’s located or carried out in close proximity to water. Examples include bridges and wetland mitigation projects.

“Facilitate Open Space Use” is intended to capture projects that do not lead to additional base floodplain development and are compatible with the restoration and preservation of natural and beneficial flood plain values. Examples include recreational trails and bicycle and pedestrian paths.

Other floodplain encroachments include any floodplain impact which cannot be classified as Functionally Dependent Use or Facilitate Open Space Use. FHWA coordination required.

4. The project involves a floodplain encroachment other than functionally dependent uses (e.g., bridges, wetlands) or actions that facilitate open space use (e.g., recreational trails, bicycle and pedestrian paths):

- ☐ No Floodplain Present / No Floodplain Impact
- ☐ Functionally Dependent Use or Facilitate Open Space Use
- ☐ Other Encroachment [Contact the Office of Environmental Management (OEM)]

General Comments

Example

- According to 2018 FEMA Flood Data, the project area is within the 100-year floodplain. Per the Bridge Hydraulic Report, the proposed structure will be hydraulically equivalent to or greater than the existing structure, and backwater surface elevations are not expected to increase. Thus, the project will not affect existing flood heights or floodplain limits.
- Portions of the project are located within the 100-year floodplain. However, the project will have no impacts on floodplains.

5a. WILD AND SCENIC RIVER OR RIVER STUDY

Part 2, Chapter 12 – PD&E Manual

Submit a map from the [National Wild and Scenic Rivers System](#) interactive map. Also indicate in the comment box if your project is or isn't located in one of the following counties: Palm Beach, Orange, Nassau, and Sarasota.

- Northwest Fork of the Loxahatchee River, D4
- Wekiva River, D5
- St. Marys River, D2
- Myakka River, D1 (Manatee, Sarasota, and Charlotte County)

5a. Does the project involve a Wild and Scenic River or Study River ? There is involvement with a Wild and Scenic River or Study River if project activities are located within the river corridor (within one-quarter mile of the banks), across, or adjacent to (upstream, downstream, or on a tributary) the designated river segment.

☐ No, the project does not involve a river designated as a Wild and Scenic, or Study River

5b. NATIONWIDE RIVERS INVENTORY (NRI)

Part 2, Chapter 12 – PD&E Manual

Submit a map from the [Nationwide Rivers Inventory \(NRI\)](#) interactive map.

If your project will involve but will not affect a river segment on the NRI, coordination with OEM not required. Upload NPS correspondence, if applicable.

If your project will affect a river segment on the NRI but will not have an adverse effect on the NRI river segment, the following steps are required:

1. Determine if there will be an adverse effect on the natural, cultural, or recreational values of the NRI river segment. Coordinate with NPS.
2. If an NRI river segment will be affected but the project will **not have an adverse effect**, in the comment box include the name of the river and details to support this.
3. If there **is an adverse effect** on NRI river segment, coordination with the NPS is required. The project will not be processed as a Type 1 CE.

5b. Will the action involve a river on the Nationwide Rivers Inventory (NRI)? This information can be found in the Environmental Screening Tool or the [NRI interactive map](#)

- ☐ No, the project will not involve a river on the NRI
- ☐ Yes, the project will involve, but will not affect a river segment on the NRI [Include details to support this determination. Any correspondence with NPS should be added to the project file in SWEPT]
- ☐ Yes, the project will affect a river segment on the NRI, but will not have an adverse effect on the natural, cultural, or recreational values of the NRI River segment [See [Part 2, Chapter 12 of the PD&E manual](#) to determine if there is an adverse effect] [Include details to support this determination. Step 2: Determine the likelihood of presence of protected species and the impact determination.

A qualified professional engineer or natural scientist (biologist) should determine the likelihood of presence of protected species and the impact determination. Species Keys, Programmatic Approach, Technical Memorandum, and a Natural Resource Evaluation (NRE) may be used to support the determination.

“No Affect” or Species Key Used

7. SECTION 4(f)

Part 2, Chapter 7 – PD&E Manual

No additional action is necessary for this question. RTP projects qualify for an exception to the requirement for Section 4(f) approval in accordance with 23 CFR § 774.13(f)(1).

7. Will the action impact any properties protected by Section 4(f) pursuant to 23 CFR § 774?

i Standard Statement (automatically included in the PDF): This project qualifies for an exception to the requirement for Section 4(f) approval in accordance with 23 CFR § 774.13 (f)(1).

8. HISTORIC AND/OR ARCHAEOLOGICAL RESOURCES

Part 2, Chapter 8 – PD&E Manual

Section 106 of the National Historic Preservation Act requires federal agencies to consider impacts to historic and archaeological resources.

Step 1: Determine if there are any previously recorded historic or archaeological resources in your area of potential effect (APE).

Submit a *Database Search Report* from the [Florida Master Site File \(FMSF\)](#). To obtain a database search of your project area, please email your request, including the project location description, to sitefile@dos.myflorida.com.

The FMSF is the State of Florida's official inventory of historical and cultural resources. Site File staff is available to assist citizens, government agencies and historic preservation professionals in performing searches and obtaining information from inventory. These record searches are for informational purposes only and **DO NOT** constitute a project review or provide project approval from the Division of Historical Resources (DHR) State Historic Preservation Officer (SHPO).

Example

- Due to the limited nature of the proposed improvements, the project will have no adverse effects on the National Register eligible resources. The SHPO concurred with this finding on date.
- FDOT prepared and submitted a technical memorandum to the SHPO in accordance with the 2016 Section 106 Programmatic Agreement. Examination of FMSF records and results of pedestrian survey and archaeological testing indicate no resources present. The SHPO concurred that the proposed project will have no effect on NRHP-listed or eligible.

8. HISTORIC AND/OR ARCHAEOLOGICAL RESOURCES

[Part 2, Chapter 8 – PD&E Manual](#)

Step 2: Request the Compliance and Review Section of SHPO to conduct a review of your project area (if not already done so during the application process).

Please send the Compliance and Review Section an email at CompliancePermits@DOS.MyFlorida.com and be sure to inform them your request is in regards to a Recreational Trails Program federally funded project and include the project number. Utilize the [Minimum Review Documentation Requirements](#) .pdf provided on DHR's website for guidance on submission package details.

Submit all materials provided to the SHPO office on which the review was conducted and submit the subsequent SHPO Compliance and Review Section review letter.

The [SHPO Compliance and Review Section](#) reviews development projects of all types and provides technical assistance to ensure compliance with state and federal preservation laws mandating consideration of a project's impact on historic and archaeological properties.

The SHPO Compliance and Review Section review letter will provide one of two responses:

- **Response A:** Request that a new Cultural Resource Assessment Survey (CRAS) or other survey be conducted in the project area, or
- **Response B:** Conclude that the proposed project is unlikely to affect cultural resources and provide an unexpected discoveries protocol.

8. HISTORIC AND/OR ARCHAEOLOGICAL RESOURCES

Part 2, Chapter 8 – PD&E Manual

Step 3: Complete the Section 106 process by coordinating with your RTP coordinator.

If you received **Response A** where SHPO determined that your project requires a CRAS or other survey:

- Please have a qualified cultural resource management firm conduct a new survey and produce a CRAS Report (and associated SHPO forms). Provide these materials to your RTP coordinator and submit to SHPO for review. Stipulation VII of the Section 106 PA provides guidance on this process and Part 2, Chapter 8 of the PD&E Manual provides additional support. The SHPO will evaluate the survey efforts, results, and the proposed determination of project efforts during their review and provide a Concurrence Letter on the project.

If you received **Response B** where SHPO determined that the proposed project is unlikely to affect cultural resources:

- A Section 106 PA Stipulation V/VI Form must be completed by FHWA and submitted to SHPO for review. Notify your RTP coordinator and collaborate with them to get this form completed and submitted to SHPO.
 - If SHPO does not object to the submission within 30 days from receipt, FHWA assumes concurrence with the presented determination of “No Effect.” Attach the Stipulation V/VI Form to the checklist as justification for a Determination of “No Effect.”
 - If SHPO objects to the submission within 30 days from receipt, the project will be processed according the appropriate guidance in Response A.

9. NOISE CONSIDERATIONS

[Part 2, Chapter 18 – PD&E Manual](#)

If your project is **Non-Motorized**, a noise analysis is not required.

If your project is **Motorized**, coordination with FHWA is required to determine if a noise analysis is required.

10. CONTAMINATION CONSIDERATIONS

[Part 2, Chapter 20 – PD&E Manual](#)

Submit a [DEP Brownsfield Map](#) to determine the level of contamination involvement. Field visit reports or environmental surveys are also acceptable.

Documentation of contamination screening evaluation is required to demonstrate that contamination involvement in the project is considered and addressed as appropriate. If contamination involvement is identified, documentation should include a Level 1 evaluation report, a technical memorandum, and/or coordination letters. A Technical Memorandum is prepared for those projects with no contamination impact or with minimal contamination involvement.

Also provide a summary of findings in the comment box in the checklist and upload the required documentation as appropriate in SWEPT.

Example

- No significant involvement with hazardous materials or petroleum contamination is expected. See the tech memo in the project file.
- Review of appropriate databases was conducted, and no recorded contamination sites were found in the project area. A survey for asbestos was conducted and no asbestos was found. Therefore, it is determined that there will be no contamination issues.

11. PLANNING CONSISTENCY

Planning Consistency for Type 1 CE's is met when the project is in the State Transportation Improvement Program (STIP).

Documentation of planning consistency is required. If you have not obtained the documentation yet, go to the [TIP/STIP](#) online report. Make a PDF of that page, save it, and upload it.

The TIP/STIP report is NOT project-specific but instead list allocations for all projects. Uploading the entire report will satisfy the documentation requirement for this checklist item.

To finalize this segment, upload a copy of the [2022-2023 Recreational Trails Program Priority List](#) to demonstrate that the project, and its approved scope of work, have been awarded funding.

11. Planning Consistency

This Project was reviewed for fiscal constraint and determined to have committed, available or reasonably available funds for the implementation of all the phase(s) of the Project within the time period anticipated for completion of the Project. [23 CFR Part 450]

Documentation of planning consistency is required. Use the **Upload** button below to attach one or more TIP or STIP pages. The project-specific page within the adopted or amended STIP fulfills the documentation requirement. If you have not obtained the documentation yet, go to the project-specific page on the [TIP/STIP](#) online report. Make a PDF of that page, save it, and upload it below. It will be attached to the form and saved in the SWEPT project file.

SCHEDULE OF VALUES

A schedule of values or bid tabulation is usually obtained when a project is bid competitively for vendor services (contractual).

The schedule of values must only include the costs which are allowable, reasonable and necessary for the construction of all RTP elements outlined in the scope of work. All line items will require approval by Department staff.

If your RTP project is part of a much larger project being bid together, you must ensure that the RTP line items are clearly identified or separated in the schedule of values. This is to ensure there is no commingling of funds.

The manner in which a project is constructed will determine the amount of supporting documentation required for finalizing the completion process and receiving reimbursement.

Knowing what costs or line items are necessary for the construction of each element are required for completing the List of Facilities and Budget Cost Analysis at both time of commencement and project completion.

SCHEDULE OF VALUES

GREAT EXAMPLE

- Project was bid out only for the RTP construction and all line items were approved for cost reimbursement.
- Schedule of Values broke the line items out by cost of each project element which is how it will be reflected in the pay apps.
 - General Conditions
 - Boardwalk
 - Mulched Trails
 - Paver Path
 - Kayak/Canoe Landing
 - Parking Area

- Project was procured as a multi-million-dollar project with RTP as just a small portion. While this is not prohibited, the Grantee did **NOT** separate the RTP items from the rest of the construction work.
- For this project to receive cost reimbursement, the line items that pertained only to RTP had to be clearly identified and color coded by project element.
- If you bid your project in this manner, please anticipate additional processes at Reimbursement to ensure that no commingling of funds has occurred. The Reimbursement will not be approved until all line items are identified and approved by Department staff. Expenses for the project must be justifiable in the event of an audit.

During design, the contracted engineer determined the original concept plan has significant wetlands impacts and will require an ACOE standard permit. Engineer is revising the concept plan to redirect the path so that the proposed boardwalk will have less of an impact on wetlands.
