Re: Air Program Submittal: Proposed Revision to State Implementation Plan – Request to Approve Various Infrastructure SIP Elements

Dear Ms. Walker,

In accordance with 40 C.F.R. 51.103, the Florida Department of Environmental Protection (Department) requests approval of a State Implementation Plan (SIP) revision to approve various infrastructure SIP elements that had previously been disapproved by EPA. Specifically, the Department is requesting that EPA approve the following elements from the 1997 and 2008 Ozone NAAQS and the 1997 and 2006 Fine Particulate Matter NAAQS as it relates to Florida's regulation of greenhouse gases under the Prevention of Significant Deterioration (PSD) program:

1. Sections 110(a)(2)(C), 110(a)(2)(D)(i)(II) Prong 3, and 110(a)(2)(J) infrastructure elements for Florida's 2008 Ozone Infrastructure SIP;
2. Sections 110(a)(2)(C) and 110(a)(2)(J) infrastructure elements for Florida's 1997 Ozone Infrastructure SIP;
3. Section 110(a)(2)(D)(i)(II) Prong 3 infrastructure elements for Florida's 2006 Fine Particulate Matter Infrastructure SIP; and
4. Section 110(a)(2)(D)(i)(II) Prong 3 infrastructure elements for Florida's 1997 Fine Particulate Matter Infrastructure SIP.

On July 21, 2020, the Department published in the Florida Administrative Register a notice of opportunity to submit comments regarding this proposed SIP revision, request a public hearing, or participate in a public hearing on August 27, 2020, if requested. No

hearing was requested, and no hearing was held. This process met the public participation requirements of 40 C.F.R. 51.102.

The Department has sent the complete SIP submittal package directly to the Air Planning & Implementation Branch via EPA's State Planning Electronic Collaboration System (SPeCS).

If you have any questions about this proposed revision to Florida's SIP, please contact Hastings Read at (850) 717-9017 or by e-mail at Hastings.Read@FloridaDEP.gov.

Sincerely,

Jeffery F. Koerner, Director
Division of Air Resource Management
