

## ACRONYMS

### A

ADaPT	Automated Data Processing Tool
AS	Air Sparging
ASCTL	Alternative Soil Cleanup Target Levels
AST	Above Ground Storage Tank
ASW	Air Sparge Well
ATC	Agency Term Contract
ATP	Ability to Pay
ATRP	Abandoned Tank Restoration Program

### B

BaP	Benzo (a) Pyrene
BC	Bureau Chief
BDL	Below Detection Limits
BER	Bureau of Emergency Response
BF&A	Bureau of Finance & Accounting
BPSS	Bureau of Petroleum Storage Systems
BS	Bio Sparge
BTEX	Benzene, Toluene, Ethylbenzene, Xylene

### C

CA	Contamination Assessment (synonymous with SA)
CADD	Computer Aided Drafting and Design
CAP	The limit of State Funds that can be used on a site.
CAR	Contamination Assessment Report (synonymous with SAR)
CATOX	Catalytic Oxidation Unit
CDF	Contractor Designation Form
CFM	Cubic Feet per Minute
CFR	Code of Federal Regulations
CID #	Contractor Identification Number
CLM	Contamination Locator Map
CO	Change Order
CO	Consent Order
COC	Contaminants of Concern
CCA	Conditional Closure Agreement
CCA	Cost Center Administrator
CPA	Certified Public Accountant
CPE	Contractor Performance Evaluation
CSF	Contractor Selection Formula
CSR	Contaminated Soil Removal
CTL's	Cleanup Target Levels

### D

DBPR	Florida Department of Business & Professional Regulation
DEP	Department of Environmental Protection

DLES	Department of Labor and Employment Security
DRF	Discharge Report Form
DWM	Division of Waste Management
DOH	Department of Health
DOT	Department of Transportation
DPE/DPX	Dual-Phase Extraction
DPT	Direct Push Technology
DPRC	Discharge Prevention Response Certificate

## **E**

EDB	1,2 Dibromoethane, Ethylene Dibromide
EDD	Electronic Data Deliverable
EDI	Early Detection Incentive Program
EDMS	Electronic Data Management System
EPA	Environmental Protection Agency
ESFCE	Eligible but State Funding Cap is Exhausted

## **F**

FAQ	Frequently Asked Questions
F&A	Bureau of Finance & Accounting
F.A.C.	Florida Administrative Code
FCO	Fixed Capital Outlay
F.S.	Florida Statutes
FAC ID#	DEP Facility Identification Number
FBPA	Florida Board of Professional Engineers
FCFS	First Come First Serve reimbursement database
FDEP	Florida Department of Environmental Protection
FDOT	Florida Department of Transportation
FID	Flame Ionization Detector
FP	Free Product
FPC	Florida Petroleum Council
FPMA	Florida Petroleum Marketers & Convenience Store Association
FPR	Free Product Recovery
FPRI	Free Product Recovery Initiative
FR	Financial Responsibility
FY	Fiscal Year

## **G**

G&A	General and Administrative
GAC	Granular Activated Carbon
GAG	Gasoline Analytical Group
GC/MS	Gas Chromatograph/Mass Spectroanalysis
GPM	Gallons Per Minute
GW	Ground Water

## **H**

HP	Horse Power
HW	Horizontal Wells

**I**

IAS	In-situ Air Sparging
IC	Institutional Control
ICPG	Institutional Controls Procedures Guidance
ICR	Institutional Controls Registry
IDW	Investigation Derived Waste
IPFC	Inland Protection Finance Corporation
IPTF	Inland Protection Trust Fund
IRA	Initial Remedial Action
ISA	Initial Site Assessment
ITB	Invitation to Bid
ITN	Invitation to Negotiate
IVPSSRP	Innocent Victim Petroleum Storage System Restoration Program
IW	Injection Well

**K**

K	Hydraulic Conductivity
KAG	Kerosene Analytical Group

**L**

L.O.F.	Laws Of Florida
LCAR	Limited Contamination Assessment Report (synonymous with LSAR)
LNFA	LSSI No Further Action
LOE	Level Of Effort
LP	Local Program
LPCM	Local Program Contract Manager
LSA	Low-Scored Assessment
LSAR	Limited Site Assessment Report
LSRA	Limited Scope Remedial Action
LSRI	Limited Scope Source Removal Initiative
LSRAP	Limited Scope Remedial Action Plan
LSSI	Low Scored Site Initiative
LTNAM	Long Term Natural Attenuation Monitoring
LUST	Leaking Underground Storage Tank

**M**

MDL	Method Detection Limit
MFMP	MyFloridaMarketPlace
MO	Monitoring Only (synonymous with NAM)
MOD	Remedial Action Modification Plan
MOP	Monitoring Only Plan (synonymous with NAMP)
MOU	Memorandum of Understanding
MPX/MPE	Multi-Phase Extraction
MTBE	Methyl Tert-Butyl Ether
MW	Monitoring Well

**N**

NA	Natural Attenuation
----	---------------------

NA or N/A	Not Applicable
NAM	Natural Attenuation Monitoring
NAMP	Natural Attenuation Monitoring Plan
NFA	No Further Action
NFAC	No Further Action With Conditions
NFAP	No Further Action Proposal
NOV	Notice of Violation
NP	Non-Program
NPDES	National Pollution Discharge Elimination System
NREQ	Cleanup Not Required

## O

O&M	Operation And Maintenance
OCULUS	Electronic Document Management System used by PRP
ODC's	Other Direct Costs
OGC	Office of General Counsel
OSHA	Occupational Safety and Health Administration
OVA	Organic Vapor Analyzer

## P

PA	Program Administrator
PAC	Preapproved Advanced Cleanup
PAH's	Polycyclic Aromatic Hydrocarbons
PARM	Post Active Remediation Monitoring
PBC	Performance Based Cleanup (formerly Pay for Performance)
PCP	Petroleum Cleanup Program
PCPP	Petroleum Cleanup Participation Program
PCS	Petroleum Cleanup Section (1, 2, 3, 4, 5 or 6)
PCT	Petroleum Cleanup Tracking System
PCU	Petroleum Cleanup Unit
PE	Professional Engineer
PEA	Professional Engineer Administrator
Per Diem	An allowance for daily expenses during field work.
PFP	Pay For Performance (now called PBC)
PG	Professional Geologist
PGA	Professional Geologist Administrator
PID	Photo Ionization Detector
PLRIP	Petroleum Liability and Restoration Insurance Program
PLS	Professional Land Survey
PM	Project Management
PO	Purchase Order
PPA	Preapproval Work Order Performance Agreement
PPB	Parts Per Billion
PPM	Parts Per Million
PRP	Petroleum Restoration Program
PRSR	Person Responsible for Site Rehabilitation

PT Pilot Test

## Q

QA Quality Assurance

QA/QC Quality Assurance/Quality Control

## R

R Reimbursement

RA Remedial Action

RAC Remedial Action Construction

RAI Remedial Action Initiative

RAMP Remedial Action Modification Plan (synonymous with RAPMOD)

RAP Remedial Action Plan

RAPA Remedial Action Plan Addendum

RAPMOD Remedial Action Plan Modification

RBCA Risk Based Corrective Action

RBCAP Risk Based Corrective Action Plan

RCI Relative Capacity Index

RCRA Resource Conservation and Recovery Act

RFC Request for Change

RNA Remedial Action by Natural Attenuation

RP Responsible Party

RSC Risk-based Soil Concentration

RW Recovery Well

## S

SA Site Assessment (synonymous with CA)

SAA Site Access Agreement

SAR Site Assessment Report (synonymous with CAR)

SC Site Closure

SC State Cleanup

SCS Site Characterization Screening

SCTL Soil Cleanup Target Level

SM Site Manager

SNC-A Significant Non-Compliance (bad)

SNC-B Significant Non-Compliance (not so bad)

SOP Standard Operating Procedures

SOW Scope of Work

SPI Schedule of Pay Items

SPLP Synthetic Precipitate Leaching Procedure

SR Source Removal

SRA Site Rehabilitation Agreement

SRC Site Rehabilitation Complete

SRCO Site Rehabilitation Completion Order

SRCOOC Site Rehabilitation Completion Order with Conditions

SRCCR Site Rehabilitation Completion Report

SRFA Site Rehabilitation Funding Allocation Agreement

SSA	Supplemental Site Assessment
STA	Streamlined Site Assessment
STCM	Storage Tank and Contamination Monitoring Database
SVE	Soil Vapor Extraction
SUPER Act	State Underground Petroleum Environmental Response Act

## **T**

T&D	Transport and Disposal
T&M	Time and Materials
TOC	Top of Casing
TA	Task Assignment
THERMOX	Thermal Oxidation Unit
TPOC	Temporary Point of Compliance
TRPH's	Total Recoverable Petroleum Hydrocarbons
TSAR	Template Site Assessment Report
TVOA	Total Volatile Organic Aromatics

## **U**

UG/L	Microgram per Liter
UIC	Underground Injection Control
UST	Underground Storage Tank

## **V**

VCO	Verbal Change Order (from Preapproval Program)
VES	Vacuum Extraction System
VEW	Vacuum Extraction Well
VOA	Volatile Organic Aromatics
VOC	Volatile Organic Compounds
VOL	Voluntary Cleanup
VS	Verification Sampling
VW	Vertical Wells

## **W**

WA	Well Abandonment
WACS	Well Abandonment for Site Closure
WMD	Water Management District
WO	Work Order
WP	Well Point

## **X**

## **Y**

## **Z**
