<b>KIT</b>	<b>TOTAL</b>	<b>CONTENTS</b>	<b>USAGE</b>	<b>RATE</b>
<b>10.A. Oversight Kit (with equip.) (up to 2 people)</b>	<b>373.23</b>	FID Soil Sampling Devices <sup>1</sup> Hand auger Modified level D for 2 people Vehicle (w/fuel) Expendables		131.75 36.76 11.04 28.20 91.93 73.55
<b>10.B. Oversight Allowance (no equip.) (up to 2 people)</b>	<b>120.13</b>	Modified level D for 2 people Vehicle (w/fuel)		28.20 91.93

<sup>1</sup> Soil Sampling Devices in kits 1.A, 1.B and 10.A represent a credit for soil samples taken but not sent to lab and does not duplicate devices that may be provided by the lab for actual samples analyzed per section 5.8.25 of the SOP.

**Expendables**

The items listed below are all included under the heading of “expendables” in the equipment kits. Although many of these items are not expendable in the sense that you use them once and then throw them away, these items are indicative of the numerous small and inexpensive items that are included in the kits as expendables. This list is provided as guidance as to the sorts of items that should be considered as covered by the expendable charge in the kit. Questions regarding specific items that are not listed should be directed to your site manager.

The list of frequently used expendables includes the following:

Absorbent pads	Galvanized wash tubs	Rake
Alconox	Garbage cans and bags	Sample labels
Aluminum foil	High pressure air line	Sample preservatives
Asphalt/concrete patching material	Ice and vermiculite packing	Shovel
Bailer twine	LEL filters	Soil sample jars
Calibration gases & standards	Liquid hand soap	Spray paint
Camera and film	Liquinox soap	Sprayer bottles
Cleaning brushes	Nitrogen gas	Step ladder
DI water	Nitril gloves	Stainless steel buckets/bowls
Drop cloths	Paper towels	Survey tape
Dry ice	Particulate filter	Tedlar bags
Duct tape	pH paper	Thermometer
Electrical engineers tool kit	Pick axe	Tool kit
Extension cords	Plastic buckets	Traffic cones
Fire extinguishers	Plastic sheeting	Transfer pipette
First aid kits	Post hole digger	Tubing - plastic/Tygon/garden hose
Flashlight	Pry bar	Well caps/locks/ties (replacement)
Fuel for light duty tools/equipment	PVC fittings	

**<sup>2</sup>MOBILE SHOP/TRAILER**

Below are the general contents of the Mobile Shop (Truck or Trailer). The items listed are not all inclusive, but do represent the minimum items included in the Mobile Shop category. When the In-House RAC Kit is used, the items listed below are not to be billed separately.

**Low-Scored Site Initiative Template Equipment Kit Rate Schedule**

<b>Small Tools</b>		<b>Large Tools</b>
Aux. Fuel Tank & Transfer Pump	Fuel for Light Duty Tools/Equip	Air Compressor – Electric (w/hoses)
Bull Float	Grinder	Cement Finisher
Cement Finishing Kit	Hammer Drill - Electric 1"	Cement Mixer
Chainsaw - Gas Powered	Heat Gun	Compactor
Chop Saw - Electric	LEL/Explosimeter	Concrete/Metal Saw - Gas Powered (w/blades)
Circular Saw - Electric	Reciprocating Saw - Electric	Generator – Small (5-10 KW)
Drill – Electric or 18V - 1/2"	Right Angle Drill - Electric 1/2"	Jackhammer
Electric Power Inverter - 3KW	Ropes/Cables/Straps	Pressure Washer - Gas Powered (w/hoses)
Extension Ladder	Step Ladder	Trash Pump - Gas Powered (w/hoses)
Extension Cords - Heavy Duty	Survey Equipment	
Framing Nailer	Wet/Dry Vac - Industrial
