This application package must include copies of documentation sufficient to demonstrate that the tax credit applicant, which must be the signatory to a Voluntary Cleanup Agreement or BSRA, incurred and paid the costs that were either integral to site rehabilitation or that were for solid waste removal (applies to BSRAs only). Costs for **site rehabilitation** must have been incurred between January 1 and December 31 of the year for which the application is being submitted and paid prior to submittal of the tax credit application; costs for **solid waste removal** must have been incurred and paid since July 1, 2006. Any required cost summary table must be submitted with this application.

The documentation must clearly describe the goods or services and associated costs that are being claimed in the application. Copies of documents for goods or services that are being claimed must be sufficient to demonstrate a link between the contractual records, the payment requests associated with the contractual records, and the payment records for the claimed portions of the payment requests, as required by each of the following three paragraphs:
